BLANK FOR CHIEF'S PREFACE

The Imperial County District Attorney's Office Bureau of Investigation is dedicated to the protection of our communities and serving the victims of crime in Imperial County. Our goal is to create a sense of security for our citizens through vigorous enforcement of criminal and civil laws in a just, honest, efficient, and ethical manner. Without the hard work of all staff members, the Bureau of Investigation could not achieve the professional recognition in the law enforcement community. It is the responsibility of every employee receiving this manual to review and understand its contents. This policy manual will serve all Imperial County District Attorney staff members as a guide to ensure our decisions and actions are consistent with the mission of law enforcement and philosophy of the Imperial County District Attorney's office.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

- (b) When the investigator has probable cause to believe the person has committed a misdemeanor in the presence of the investigator and the investigator reasonably believes there is immediate danger to person or property or of escape.
- (c) When the investigator has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the investigator such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.

AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my agency. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before god to my chosen profession... law enforcement.

- (b) Investigator (Officer In Charge)

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g., K-9, LECC, SIT Team, NTF), any supervisor may temporarily direct any subordinate if an operational necessity exists.

Organizational Structure and Responsibility

200.3.3 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

General Order

201.1 PURPOSE AND SCOPE

General Orders establish an interdepartmental communication that may be used by the Chief of Investigations to make immediate changes to policy and procedure consistent with the current Memorandum of Understanding and as permitted by Government Code § 3500 et seq. General Orders will immediately modify or change and supersede sections of this manual to which they pertain.

201.1.1 GENERAL ORDER PROTOCOL

General Orders will be incorporated into the manual as required upon approval of Staff. General Orders will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

All existing General Orders have now been incorporated in the updated Policy Manual as of the below revision date.

Any General Orders issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number 01. For example, 12-01 signifies the first General Order for the year 2012.

201.2 RESPONSIBILITIES

201.2.1 STAFF

The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by a General Order.

201.2.2 CHIEF OF INVESTIGATIONS

The Chief of Investigations shall issue all General Orders.

201.3 ACCEPTANCE OF GENERAL ORDERS

All employees are required to read and obtain any necessary clarification of all General Orders. All employees are required to acknowledge in writing the receipt and review of any new General Order. Signed acknowledgement forms and/or e-mail receipts showing an employee's acknowledgement will be maintained by the Training Manager (Assistant Chief Investigator).

Emergency Management Plan

202.1 PURPOSE AND SCOPE

The County has prepared an Emergency Management Plan for use by all employees in the event of a major disaster or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event that the plan is activated (Government Code § 8610).

202.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Management Plan can be activated on the order of the official designated by local ordinance.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Management Plan is activated, all employees of the Imperial County District Attorney are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Investigations or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 LOCATION OF THE PLAN

The Emergency Management Plan is available in the Chief Investigator's office. All supervisors should familiarize themselves with the Emergency Management Plan. Supervisors should ensure that department personnel are familiar with the roles investigative personnel will play when the plan is implemented.

202.4 UPDATING OF MANUALS

The Chief of Investigations or designee shall review the Emergency Management Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) and should appropriately address any needed revisions.

Electronic Mail

203.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

203.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

203.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Investigations or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

203.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

204.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief Investigator, Assistant District Attorney or District Attorney.

Staffing Levels

205.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

205.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least one supervisor on duty whenever possible. The Chief Investigator will ensure that at least one supervisor is scheduled during each shift.

205.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, an investigator may be used as a supervisor in place of an Assistant Chief or the Chief Investigator.

With prior authorization from the Chief Investigator, an investigator or Assistant Chief may act as the Chief Investigator for a limited period of time .

License to Carry a Firearm

206.1 PURPOSE AND SCOPE

The Chief of Investigations is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155). This policy will provide a written process for the application and issuance of such licenses. Pursuant to Penal Code § 26160, this policy shall be made accessible to the public.

206.1.1 APPLICATION OF POLICY

Nothing in this policy shall preclude the Chief of Investigations from entering into an agreement with the Sheriff to process applications and licenses for the carrying of concealed weapons (Penal Code § 12050(g)).

206.1.2 APPLICATION OF POLICY

Nothing in this policy shall preclude the Chief or other head of a municipal police agency from entering into an agreement with the Sheriff of the county or preclude the Sheriff of the county from entering into an agreement with the Chief of any municipal police agency to process all applications and license renewals for the carrying of concealed weapons (Penal Code § 26150; Penal Code § 26155).

The decision of the Chief of Investigations is final.

207.7 DENIAL, SUSPENSION, OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement for any investigator retired from this agency may be denied or revoked only upon a showing of good cause.  4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. Commander may request that a law enforcement officer from that agency act as the agent of the Agency to deliver the written notification.

207.8 FIREARM QUALIFICATIONS

The Rangemaster may provide former investigators from this agency an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

Training Policy

208.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

208.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels, and legal mandates. Whenever possible, the Department will use courses certified by the California Commission on Peace Officer Standards and Training (POST).

208.3 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public
- (b) Increase the technical expertise and overall effectiveness of our personnel
- (c) Provide for continued professional development of department personnel

208.4 TRAINING PLAN

A training plan will be developed and maintained by the Training Manager. It is the responsibility of the Training Manager to maintain, review, and update the training plan on an annual basis. The plan will address the following areas:

(Agency-specific training areas)

208.5 TRAINING NEEDS ASSESSMENT

The Training Bureau will conduct an annual training-needs assessment of the Department. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

208.6 TRAINING COMMITTEE

The Training Manager shall establish a Training Committee, which will serve to assist with identifying training needs for the Department.

The Training Committee shall be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Training Manager may remove or replace members of the committee at his/her discretion.

Training Policy

The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Committee should convene on a regular basis as determined by the Training Manager to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Manager. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Training Manager will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

208.7 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:
 - 1. Court appearances
 - 2. First choice vacation
 - 3. Sick leave
 - 4. Physical limitations preventing the employee's participation.
 - 5. Emergency situations
- (b) When an employee is unable to attend mandatory training, that employee shall:
 - 1. Notify his/her supervisor as soon as possible but no later than one hour prior to the start of training.
 - 2. Document his/her absence in a memorandum to his/her supervisor.
 - 3. Make arrangements through his/her supervisor and the Training Manager to attend the required training on an alternate date.

Training Policy

208.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Imperial County District Attorney Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Manager.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Manager. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this agency is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the investigator or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the investigator at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

300.1.2 DUTY TO INTERCEDE

Any investigator present and observing another investigator using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of such excessive force. Such investigators should also promptly report these observations to a supervisor.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Investigators are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Use of Force

Investigators must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Agency recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting investigators with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any investigator present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable investigator under the circumstances, shall, when in a position to do so, intercede to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each investigator should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether or not to apply any level of force and evaluating whether an investigator has used reasonable force, a number of factors should be taken into consideration. These factors include, but are not limited to:

- (a) The conduct of the individual being confronted (as reasonably perceived by the investigator at the time).
- (b) Investigator/subject factors (age, size, relative strength, skill level, injury/exhaustion and number of investigators vs. subjects).
- (c) Influence of drugs/alcohol (mental capacity).
- (d) Proximity of weapons.
- (e) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (f) Time and circumstances permitting, the availability of other options (what resources are reasonably available to the investigator under the circumstances).
- (g) Seriousness of the suspected offense or reason for contact with the individual.
- (h) Training and experience of the investigator.
- (i) Potential for injury to citizens, investigators and suspects.
- (j) Risk of escape.
- (k) Other exigent circumstances.

Use of Force

It is recognized that investigators are expected to make split-second decisions and that the amount of an investigator's time available to evaluate and respond to changing circumstances may impact his/her decision.

While various degrees of force exist, each investigator is expected to use only that degree of force reasonable under the circumstances to successfully accomplish the legitimate law enforcement purpose in accordance with this policy.

It is recognized however, that circumstances may arise in which investigators reasonably believe that it would be impractical or ineffective to use any of the standard tools, weapons or methods provided by the Department. Investigators may find it more effective or practical to improvise their response to rapidly unfolding conditions they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree reasonably necessary to accomplish a legitimate law enforcement purpose.

300.2.3 NON-DEADLY FORCE APPLICATIONS

Any application of force that is not reasonably anticipated and intended to create a substantial likelihood of death or very serious injury shall be considered non-deadly force. Each investigator is provided with equipment, training and skills to assist in the apprehension and control of suspects as well as protection of investigators and the public. Non-deadly force applications may include but are not limited to leg restraints, control devices and [EMDT device] described in Policy Manual §§ 306, 308 and 309 respectively.

300.2.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be very effective in controlling a passive or actively resisting individual. Investigators may only apply those pain compliance techniques for which the investigator has received departmentally approved training and only when the investigator reasonably believes that the use of such a technique appears necessary to further a legitimate law enforcement purpose. Investigators utilizing any pain compliance technique should consider the totality of the circumstance including, but not limited to:

- (a) The potential for injury to the investigator(s) or others if the technique is not used
- (b) The potential risk of serious injury to the individual being controlled
- (c) The degree to which the pain compliance technique may be controlled in application according to the level of resistance
- (d) The nature of the offense involved
- (e) The level of resistance of the individual(s) involved
- (f) The need for prompt resolution of the situation
- (g) If time permits (e.g., passive demonstrators), other reasonable alternatives

The application of any pain compliance technique shall be discontinued once the investigator determines that compliance has been achieved.

Use of Force

300.2.5 CAROTID RESTRAINT

The proper application of the carotid restraint hold by a trained investigator may be effective in restraining a violent individual. Only investigators who have successfully completed department-approved training on the use of the carotid restraint hold and the department Use of Force Policy are authorized to use the technique. After initial training, investigators shall complete training annually on the use of the carotid restraint hold.

The carotid restraint hold may only be used when the investigator reasonably believes that the application of the hold appears necessary to prevent serious injury or death to an investigator or other person(s).

After any application of any carotid restraint hold, the investigator shall ensure the following steps occur:

- (a) Any individual who has had the carotid restraint hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel.
- (b) The investigator shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid restraint hold and whether the subject lost consciousness as a result.
- (c) Any investigator applying the carotid restraint shall promptly notify a supervisor of the use or attempted use of such hold.
- (d) The use or attempted use of the carotid restraint shall be thoroughly documented by the investigator in the related incident report.

300.2.6 FAIR AND UNBIASED USE OF FORCE

Investigators are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.7 DUTY TO REPORT EXCESSIVE FORCE

Any investigator who observes a law enforcement officer or an employee use force that potentially exceeds what the investigator reasonably believes to be necessary shall promptly report these observations to a supervisor as soon as feasible (Government Code § 7286(b)).

300.3 USE OF FORCE

Investigators shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the investigator at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable investigator on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that investigators are often forced to make split-second decisions about the amount of

Use of Force

force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an investigator might encounter, investigators are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Investigators may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which investigators reasonably believe that it would be impractical or ineffective to use any of the approved tools, weapons, or methods provided by the Agency. Investigators may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an investigator to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an investigator be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an investigator has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to investigators or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the investigator at the time (Penal Code § 835a).
- (c) Investigator/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of investigators available vs. subjects).
- (d) The conduct of the involved investigator leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).

Use of Force

- (g) The individual's apparent ability to understand and comply with investigator commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the investigator.
- (m) Potential for injury to investigators, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the investigator.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the investigator or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Investigators may only apply those pain compliance techniques for which they have successfully completed agency-approved training. Investigators utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the investigator.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the investigator determines that compliance has been achieved.

300.3.4 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Investigators of this agency are not authorized to use a carotid restraint hold. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5).

Use of Force

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, investigators may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, investigators are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, investigators should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Investigators are encouraged to use techniques and methods taught by the Imperial County District Attorney for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, investigators should consider actions that may increase investigator safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding investigators before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase investigator jeopardy.

In addition, when reasonable, investigators should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Investigators of this agency are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the investigator shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the investigator has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a).

If an objectively reasonable investigator would consider it safe and feasible to do so under the totality of the circumstances, investigators shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is

Use of Force

reasonably practical, investigators should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the investigator reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An investigator may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the investigator or another person.
- (b) An investigator may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the investigator reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Investigators shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable investigator would believe the person does not pose an imminent threat of death or serious bodily injury to the investigator or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable investigator in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the investigator or another person. An investigator’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, investigators should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An investigator should only discharge a firearm at a moving vehicle or its occupants when the investigator reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the investigator or others (Government Code § 7286(b)).

Investigators should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 MEDICAL ATTENTION FOR INJURIES SUSTAINED USING FORCE

Prior to booking or release, medical assistance shall be obtained for any person who has sustained visible injury, expressed a complaint of injury or continuing pain, or who has been rendered unconscious. Based upon the investigator’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another investigator and/or medical personnel. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Use of Force

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called 'excited delirium'), or who require a protracted physical encounter with multiple investigators to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

300.4.3 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, investigators should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the investigator does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the investigator reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the investigator no longer perceives such threat.

Once it is reasonably safe to do so, investigators should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this agency shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The investigator should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Agency may require the completion of additional report forms, as specified in agency policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Center Policy.

300.5.2 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable investigator to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.

Use of Force

- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a EMDT or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, properly trained investigators should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the investigator's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another investigator and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling investigator shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the investigator reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple investigators to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Investigators who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

Imperial County District Attorney

Policies

Use of Force

- (a) Obtain the basic facts from the involved investigators. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy.

300.8 TRAINING

Investigators, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Subject to available resources, the Training Manager should ensure that investigators receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

Use of Force

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

300.9 USE OF FORCE ANALYSIS

At least annually, the Operations Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Investigations. The report should not contain the names of investigators, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.10 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.11 POLICY REVIEW

The Chief of Investigations or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.12 POLICY AVAILABILITY

The Chief of Investigations or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.13 PUBLIC RECORDS REQUESTS

Requests for public records involving an investigator's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Deadly Force Review

301.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process to review the use of deadly force by employees of this department.

301.2 REVIEW BOARD

The Imperial County District Attorney is charged with the important responsibility of objectively evaluating the use of deadly force. It is the policy of this department to convene a Use of Deadly Force Review Board when the use of deadly force by an employee results in injury or death to a person.

The Use of Deadly Force Review Board will also investigate and review the circumstances surrounding every accidental or intentional discharge of a firearm, whether the employee is on or off duty, excluding range training or recreational use.

The Chief of Investigations may convene the Use of Deadly Force Review Board to investigate the circumstances surrounding any use of force incident.

301.2.1 COMPOSITION OF THE BOARD

The Use of Deadly Force Review Board shall be comprised of the following persons:

- Chief or Assistant Chief Investigator
- Training Manager
- Non-administrative supervisor (DA or Assistant DA)

The senior ranking member not of the same division of the involved employee will serve as chairperson.

The chairperson will convene the Use of Deadly Force Review Board as necessary. It will be the responsibility of the division or unit commander of the involved employee(s) to notify the appropriate bureau commander of any incidents requiring board review. The division or unit commander will also ensure that all relevant reports, documents, and materials are available for consideration and review by the Board.

301.2.2 RESPONSIBILITIES OF THE BOARD

The Use of Deadly Force Review Board is empowered to conduct an administrative investigation into the circumstances of an incident. The board members may request further investigation, call persons to present information, and may request that the involved employee appear before the board. The involved employee will be notified of the meeting of the board and may be represented by legal counsel and/or other representation through all phases of the review process.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303).

Deadly Force Review

The review shall be based upon those facts which were reasonably believed by the investigator at the time of the incident, applying legal requirements, department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the investigator at the time, can neither justify nor call into question an investigator's decision regarding use of force.

If it appears that the actions of the employee may result in criminal charges or disciplinary action by the Department, the board will conduct the interviews in accordance with department disciplinary procedures. The board does not have the authority to recommend discipline. The board shall make a finding and such finding will be limited to one of the following:

- (a) The employee's actions were within department policy and procedures.
- (b) The employee's actions were in violation of department policy and procedures.

A finding will represent the consensus of the board. After the board has concluded, the board chairperson will submit written findings of the board to the Chief Investigator. After review by the Chief Investigator, a copy of the findings will be forwarded to the involved employee's supervisor for review and appropriate action.

At the conclusion of the review process, a copy of all relevant reports and information will be filed with the DA or Assistant DA.

Once the board has reached its specific finding, the Training Manager may convene a separate training committee to address training needs and to make recommendations for this department without specific reference to the facts of the incident considered by the board.

Shooting Policy

302.1 PURPOSE AND SCOPE

The purpose of the shooting policy is to establish procedures for the use and reporting of incidents involving the discharge of firearms. This policy is for internal use only and does not increase the Department's and/or an investigator's civil or criminal liability in any way. Violations of this policy can only form the basis for departmental administrative actions.

302.1.1 POLICY

It is the policy of this department to resort to the use of a firearm, when it reasonably appears to be necessary, and generally:

- (a) An investigator may use deadly force to protect himself/herself or others from what he/she reasonably believe would be an imminent threat of death or serious bodily injury.
- (b) An investigator may use deadly force to effect the arrest or prevent the escape of a suspected felon when the investigator has probable cause to believe that the suspect has committed or intends to commit a felony involving the inflicting or threatened inflicting of serious bodily injury or death and the investigator reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to others if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force where feasible.
- (c) To stop a dangerous animal.
 - 1. Investigators are authorized to use deadly force against an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods to neutralize the threat are not reasonably available or would likely be ineffective.
 - 2. In circumstances in which investigators have sufficient advanced notice that a potentially dangerous domestic animal (e.g. dog) may be encountered, such as in the serving of a search warrant, investigators should develop reasonable contingency plans for dealing with the animal without the use of deadly force (e.g. fire extinguisher, Taser, OC Spray, animal control officer). Nothing in this policy shall prohibit any investigator from resorting to deadly force to control a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.
- (d) With the approval of a supervisor, an investigator may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found

Shooting Policy

without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed .

- (e) For target practice at an approved range.

Where feasible, a warning should be given before an investigator resorts to deadly force as outlined (a) and (b) above. A specific warning that deadly force will be used is not required by this policy; only that a warning be given if feasible.

302.1.2 WARNING SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the investigator reasonably believes that they appear necessary, effective and reasonably safe.

302.1.3 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and are generally discouraged.

- (a) Unless it reasonably appears that it would endanger investigators or the public, investigators are expected to move out of the path of any approaching vehicle.
- (b) This is not intended to restrict an investigator's right to use deadly force directed at the operator of a vehicle when it is reasonably perceived that the vehicle is being used as a weapon against the investigator or others.
- (c) Investigators may use deadly force to stop a fleeing suspect when the investigator has probable cause to believe that the suspect has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death and the investigator reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to others if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force when feasible.

302.1.4 REPORT OF WEAPON DISCHARGE

Except during training or recreational use, any member who discharges a weapon accidentally or intentionally, on or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If on-duty at the time of the incident the member shall file a written report with his/her Chief Investigator prior to the end of shift and if off-duty, as directed by the supervisor but no later than the end of the next regularly scheduled shift.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.1.1 WHEN DEVICES MAY BE USED

When a decision has been made to restrain or arrest a violent or threatening suspect, an approved control device may only be used when its use appears reasonable under the circumstances.

303.1.2 REVIEW, INSPECTION AND APPROVAL

Every control device will be periodically inspected by the department Armorer or Rangemaster, or the designated instructor for a particular control device.

303.1.3 TRAINING FOR CONTROL DEVICES

- (a) Only investigators trained and having shown adequate proficiency in the use of any control device and this agency's Use of Force policy are authorized to carry the device. Proficiency training must be monitored and documented by a certified weapons or tactics instructor.
- (b) Training for all control devices should occur every two years at a minimum.
- (c) All training and proficiency for control devices will be documented in the investigator's training file.
- (d) Investigators failing to demonstrate proficiency with the weapon or knowledge of this agency's Use of Force policy will be provided remedial training. If, after two additional attempts, an investigator still cannot demonstrate proficiency with a weapon or knowledge of this agency's Use of Force policy, the investigator may be subject to discipline.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Imperial County District Attorney authorizes investigators to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 TEAR GAS GUIDELINES

The use of tear gas for crowd control, crowd dispersal or against barricaded suspects shall be based on the circumstances. The Chief Investigator, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary to result in the safe control of the suspect(s). When practical, fire personnel should be alerted or summoned to the scene to control any fires and to assist in providing medical aid or gas evacuation when the

Control Devices and Techniques

scene is safe. Only investigators or supervisors trained in the use of tear gas weapons should discharge such devices at the scene.

303.4 RESPONSIBILITIES

303.4.1 WATCHCOMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.4.4 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been affected by the use of chemical agents should be promptly provided with the proper solution to cleanse the affected areas. Those persons who complain of further severe effects shall be afforded a medical examination by competent medical personnel.

303.4.5 REPORT OF USE

All uses of chemical agents shall be documented in the related arrest/crime report.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the investigator reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the investigator or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

Control Devices and Techniques

303.5.1 DEPLOYMENT

Approved munitions are justified and may be used to compel an individual to cease his/her actions when such munitions present a reasonable option for resolving the situation at hand.

Investigators are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved investigator(s) determine that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and investigators takes priority over the safety of subjects engaged in criminal or suicidal behavior.

303.5.2 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT

Examples include, but are not limited to, the following types of situations where the subject:

- (a) Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions
- (b) Has made credible threats to harm her/himself or others
- (c) Is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at people and/or investigators

303.5.3 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the investigator should consider the following factors:

- (a) Severity of the crime or incident.
- (b) Subject's capability to pose an imminent threat to the safety of investigators or others.
- (c) If the subject is actively resisting arrest or attempting to evade arrest by flight.
- (d) The credibility of the subject's threat as evaluated by the investigators present, and physical capacity/capability.
- (e) The proximity of weapons available to the subject.
- (f) The investigator's versus the subject's physical factors (e.g., age, size relative strength, skill level, injury/exhaustion, the number of investigator(s) versus subject(s).
- (g) The availability of other force options and their possible effectiveness.
- (h) Distance and angle to target.
- (i) Type of munitions employed.
- (j) Type and thickness of subject's clothing.
- (k) The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

303.5.4 DEPLOYMENT DISTANCES

Investigators should keep in mind the manufacturer's recommendations regarding deployment when using control devices, but are not solely restricted to use according to these manufacturer

Control Devices and Techniques

recommendations. Each tactical situation must be evaluated on the totality of circumstances at the time of deployment.

303.5.5 SHOT PLACEMENT

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted when deadly force is not reasonably justified.

Investigators should generally follow the manufacturer's recommendations regarding minimum deployment distances and target areas however any target area or distance may be considered when it reasonably appears necessary to accomplish immediate incapacitation in order to prevent serious injury or death and other reasonable methods have failed or reasonably appear ineffective.

303.5.6 APPROVED MUNITIONS

Only department approved kinetic energy munitions shall be carried and deployed.

303.5.7 USE OF KINETIC ENERGY PROJECTILES BY SUPERVISORS

A specially marked shotgun, designated for the use of 12-gauge projectiles, will normally be carried in the trunk of each supervisor unit.

Supervisors will inspect this shotgun weekly to ensure that it is in proper working order and loaded with approved projectiles only.

303.5.8 TRAINING REQUIRED FOR USE

Personnel who have successfully completed an approved departmental training course shall be authorized to use kinetic energy projectiles. Investigators deploying kinetic energy projectiles will complete an annual recertification course.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.6.1 CHIEF INVESTIGATOR RESPONSIBILITIES

The Chief Investigator shall monitor the use of control devices in the same manner as all other use of force incidents.

- (a) The Chief Investigator may authorize the use of a control device by selected personnel or members of specialized units provided the person(s) authorized has/have the required training. The request for a control device should be made through the Chief Investigator.

Control Devices and Techniques

- (b) The Chief Investigator shall review each use of control devices by any personnel within his or her command.
- (c) The Chief Investigator shall ensure training on the use of control devices is provided as needed.

303.6.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and shall issue all control devices. All damaged, inoperative and/or expended control devices shall be returned to the Rangemaster for disposition, repair or replacement.

303.6.3 MAINTENANCE RESPONSIBILITY

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the investigator reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the investigator or others.

Investigators encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

Control Devices and Techniques

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, investigators should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Investigators are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved investigator determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and investigators takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or investigators.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the investigator should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.

Control Devices and Techniques

- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of investigators or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other investigators and individuals that the device is being deployed.

Investigators should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, investigators are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the investigator reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the investigator or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Investigators will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the investigator shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, investigators who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second investigator watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

Control Devices and Techniques

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the investigator's training file.
- (c) Investigators who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an investigator cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the investigator will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Officer-Involved Shootings and Deaths

304.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an investigator.

In other incidents not covered by this policy, the Chief Investigator may decide that the investigation will follow the process provided in this policy.

304.2 POLICY

The policy of the Imperial County District Attorney is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

304.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved investigators.
- A civil investigation to determine potential liability.

304.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

304.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Imperial County District Attorney would control the investigation if the suspect's crime occurred within the County of Imperial.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief Investigator and with concurrence from the other agency.

Officer-Involved Shootings and Deaths

304.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved investigator's conduct during the incident will be determined by the employing agency's protocol. When an investigator from this agency is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this agency to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Investigations or the authorized designee for approval.

304.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

304.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

304.5.1 UNINVOLVED INVESTIGATOR RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting, the first uninvolved ICDA investigator will be the investigator-in-charge and will assume the responsibilities of a supervisor until properly relieved. This investigator should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Agency or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

304.5.2 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Investigations or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

304.5.3 NOTIFICATIONS

The following person(s) shall be notified as soon as practicable:

- District Attorney/Assistant District Attorney
- Chief/Assistant Chief Investigator
- ICDA Officer Involved Shooting Team
- Outside agency investigator (if appropriate)

Officer-Involved Shootings and Deaths

- Internal Affairs Supervisor
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)

304.5.4 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved ICDA supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any ICDA investigator to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional ICDA members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved ICDA investigator should be given an administrative order not to discuss the incident with other involved officers or ICDA members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other investigators.

304.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.

Imperial County District Attorney

Policies

Officer-Involved Shootings and Deaths

1. Involved ICDA investigators shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-ICDA officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).
- (d) A licensed psychotherapist shall be provided by the Agency to each involved ICDA investigator. A licensed psychotherapist may also be provided to any other affected ICDA members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer (Government Code § 8669.4).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved ICDA investigator shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

304.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this agency may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Officer-Involved Shootings and Deaths

- (a) ICDA supervisors and Internal Affairs Bureau personnel should not participate directly in any voluntary interview of ICDA investigators. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer's statement, involved investigators shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

304.6.1 REPORTS BY INVOLVED ICDA INVESTIGATORS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this agency shall retain the authority to require involved ICDA investigators to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved ICDA investigator may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved ICDA investigator of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

304.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, investigators should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Agency.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

304.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigative Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Agency investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related agency reports, except administrative and/or privileged reports, will be forwarded to the designated Investigative Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

304.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this agency will conduct an internal administrative investigation of ICDA investigators to determine conformance with agency policy. The investigation will be conducted under the supervision of the Internal Affairs Bureau and will be considered a confidential investigator personnel file.

Interviews of members shall be subject to agency policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any investigator involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from

Officer-Involved Shootings and Deaths

the investigator, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

- (b) If any investigator has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved investigator.
 - 1. If a further interview of the investigator is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved investigator shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved investigator has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the investigator's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the investigator shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual investigator's statement, involved investigators shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
 - 3. Administrative interviews should be recorded by the investigator. The investigator may also record the interview (Government Code § 3303(g)).
 - 4. The investigator shall be informed of the nature of the investigation. If an investigator refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The investigator shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Internal Affairs Bureau shall compile all relevant information and reports necessary for the Agency to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

304.8 CIVIL LIABILITY RESPONSE

A member of this agency may be assigned to work exclusively under the direction of the legal counsel for the Agency to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

Officer-Involved Shootings and Deaths

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

304.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Counsel's Office, as appropriate.

304.10 DEBRIEFING

Following an officer-involved shooting or death, the Imperial County District Attorney should conduct both a critical incident/stress debriefing and a tactical debriefing.

304.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administration Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or a valid court order.

Attendance at the debriefing shall only include those members of the Agency directly involved in the incident, which can include support personnel (e.g., [dispatchers, other non-sworn personnel]). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Agency, including supervisory and Internal Affairs Bureau personnel.

304.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Investigations should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

Officer-Involved Shootings and Deaths

304.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and agency representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

The Agency shall not subject any involved ICDA investigator to visits by the media (Government Code § 3303(e)). No involved ICDA investigator shall make any comment to the media unless he/she is authorized by the Chief of Investigations or a Division Commander. Agency members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

304.12 REPORTING

If the death of an individual occurs in the Imperial County District Attorney jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Division Commander will ensure that the Legal Office Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

Firearms

305.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

305.2 POLICY

The Imperial County District Attorney will equip its members with firearms to address the risks posed to the public and agency members by violent and sometimes well-armed persons. The Agency will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

305.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Agency and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized agency range.

All other weapons not provided by the Agency, including but not limited to edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by agency policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

305.3.1 HANDGUNS

The authorized agency-issued handgun is the Glock 19 9mm. The following additional handguns are approved for on-duty use:

MAKE	MODEL	CALIBER

305.3.2 SHOTGUNS

The authorized agency-issued shotgun is the none. The following additional shotguns are approved for on-duty use:

When not deployed, the shotgun shall be properly secured consistent with agency training in a locking weapons rack in the patrol vehicle.

305.3.3 PATROL RIFLES

The authorized agency-issued patrol rifle is the Colt AR-15. The following additional patrol rifles are approved for on-duty use:

MAKE	MODEL	CALIBER

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include but are not limited to:

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at long range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
- (e) When a member reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with agency training in a locking weapons rack in the patrol vehicle.

305.3.4 PERSONALLY OWNED DUTY FIREARMS

Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Chief of Investigations or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

- (a) The firearm shall be in good working order and on the agency list of approved firearms.
- (b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the agency qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.
- (d) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

Firearms

305.3.5 AUTHORIZED SECONDARY HANDGUN

Members desiring to carry agency or personally owned secondary handguns are subject to the following restrictions:

- (a) The handgun shall be in good working order and on the agency list of approved firearms.
- (b) Only one secondary handgun may be carried at a time.
- (c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Agency.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (f) Ammunition shall be the same as agency issue. If the caliber of the handgun is other than agency issue, the Chief of Investigations or the authorized designee shall approve the ammunition.
- (g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the agency qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.
- (h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

305.3.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Chief of Investigations but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

- (a) The member may use his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.
 - 1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
- (b) The firearm shall be carried concealed at all times and in such a manner as to prevent accidental unintentional cocking, discharge or loss of physical control.
- (c) It will be the responsibility of the member to submit the firearm to the Rangemaster for inspection prior to being personally carried. Thereafter the firearm shall be subject to periodic inspection by the Rangemaster.

Firearms

- (d) Prior to carrying any off-duty firearm, the member shall demonstrate to the Rangemaster that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.
- (e) The member will successfully qualify with the firearm prior to it being carried.
- (f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.
- (g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.
- (h) Members shall only carry agency-authorized ammunition.
- (i) When armed, investigators shall carry their badges and Imperial County District Attorney identification cards under circumstances requiring possession of such identification.

305.3.7 AMMUNITION

Members shall carry only agency-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all agency-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Agency shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from agency-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

305.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

305.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Agency or personally owned firearms that are approved for agency use may be repaired or modified only by a person who is agency-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

305.4.2 HOLSTERS

Only agency-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

Firearms

305.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

305.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

305.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Agency, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on agency premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Agency to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Agency or a Rangemaster approved by the Agency for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's

Firearms

primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

305.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Agency-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

305.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit agency-issued firearms to be handled by anyone not authorized by the Agency to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

305.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

305.5.4 STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Investigators are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

305.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least

Firearms

annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

305.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

305.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

Firearms

305.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, agency members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Electro-muscular-disruption-technology-device (EMDT), oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

305.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

305.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

305.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to agency members during hours established by the Agency.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this agency to verify proper operation. The Rangemaster has the authority to deem any agency-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

Firearms

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Agency, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

305.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to investigators who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Investigators wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Agency based on the law and published TSA rules.
- (b) Investigators must carry their Imperial County District Attorney identification card, bearing the investigator's name, a full-face photograph, identification number, the investigator's signature and the signature of the Chief of Investigations or the official seal of the Agency and must present this identification to airline officials when requested. The investigator should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Imperial County District Attorney must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the investigator's travel. If approved, TSA will send the Imperial County District Attorney an NLETS message containing a unique alphanumeric identifier. The investigator must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Investigations authorizing armed travel may also accompany the investigator. The letter should outline the investigator's need to fly armed, detail his/her itinerary, and include that the investigator has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Investigators must have completed the mandated TSA security training covering investigators flying while armed. The training shall be given by the agency-appointed instructor.
- (f) It is the investigator's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

Firearms

- (g) Any investigator flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The investigator must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Investigators should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Investigators shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

305.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time investigators of this agency are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The investigator shall carry his/her Imperial County District Attorney identification card whenever carrying such firearm.
- (b) The investigator is not the subject of any current disciplinary action.
- (c) The investigator may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The investigator will remain subject to this and all other agency policies (including qualifying and training).

Investigators are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an investigator from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

306.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved investigators, the public, and fleeing suspects.

306.1.1 DEFINITIONS

Blocking - A low-speed tactic where one or more authorized bureau agency emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

Boxing-in - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

Tire deflation device - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an investigator's signal to stop.

306.2 INVESTIGATOR RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized bureau agency emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code §

Vehicle Pursuits

21055. Investigators are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

306.2.1 WHEN TO INITIATE A PURSUIT

Investigators are authorized to initiate a pursuit when the investigator reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered in deciding whether to initiate a pursuit include:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to investigators, innocent motorists, and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (d) The pursuing investigators' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the [dispatcher supervisor, and the driving capabilities of the pursuing investigators under the conditions of the pursuit.
- (e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked bureau agency vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- (i) Suspect and investigator vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- (k) Availability of other resources such as air support or vehicle locator or deactivation technology.

306.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the investigator or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

Vehicle Pursuits

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Investigators and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the investigators, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence, risk of serious harm, or weapons (independent of the pursuit) are generally discouraged.

306.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the investigator and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, investigators and supervisors should also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the investigator.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

306.3 PURSUIT UNITS

When involved in a pursuit, unmarked bureau agency emergency vehicles should be replaced by marked emergency vehicles whenever practicable

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

Vehicle Pursuits

An investigator or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of investigators involved may be insufficient to safely arrest the suspects. All other investigators should stay out of the pursuit, but should remain alert to its progress and location. Any investigator who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

306.3.1 MOTORCYCLE OFFICERS

When involved in a pursuit, bureau agency motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

306.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Investigators operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit.

306.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the investigator is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the investigator initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify the [dispatcher commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the investigator in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing investigator should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing investigator to concentrate foremost on safe pursuit tactics.

Vehicle Pursuits

306.3.4 SECONDARY UNIT RESPONSIBILITIES

The second investigator in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (d) Identifying the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing investigator once the suspect has been stopped.

306.3.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the investigator considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- (a) Investigators, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- (c) As a general rule, investigators should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from available air support.
 - 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Request other units to observe exits available to the suspects.
- (d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Investigators involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

Vehicle Pursuits

306.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

306.3.7 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide investigators and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

306.3.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Investigators are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Investigators should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

306.4 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving investigators from this agency.

The field supervisor of the investigator initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- (a) Immediately notifying involved unit and the [dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.

Vehicle Pursuits

- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Watch Commander is notified of the pursuit as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (j) Controlling and managing Imperial County District Attorney units when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit.
 - 1. Supervisors should initiate follow up or additional review when appropriate.

306.4.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

306.5 DISPATCH

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or [dispatcher]. If the pursuit leaves the jurisdiction of this agency or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

306.5.1 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the [dispatcher] is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

Vehicle Pursuits

306.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

306.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary investigator or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary investigator or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

306.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Investigators will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Imperial County District Attorney is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved investigators may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

306.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this agency should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this agency to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this agency to assist or take over a pursuit that has entered the jurisdiction of Imperial County District Attorney, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing investigators.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Vehicle Pursuits

Assistance to a pursuing allied agency by investigators of this agency will terminate at the County limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this agency may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, investigators should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

306.7 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, an investigator shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, investigators/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the investigators, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

306.7.1 USE OF FIREARMS

An investigator should only discharge a firearm at a moving vehicle or its occupants when the investigator reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the investigator or others.

Investigators should not shoot at any part of a vehicle in an attempt to disable the vehicle (see the Use of Force Policy).

306.7.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the investigators, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Investigators should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking should only be used after giving consideration to the following:
 - 1. The technique should only be used by investigators who have received training in the technique.
 - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, investigators, or other members of the public.
 - 3. It reasonably appears the technique will contain or prevent the pursuit.
- (b) The PIT should only be used after giving consideration to the following:
 - 1. The technique should only be used by investigators who have received training in the technique, including speed restrictions.
 - 2. Supervisory approval should be obtained before using the technique.

3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, investigators, or other members of the public.
4. It reasonably appears the technique will terminate or prevent the pursuit.
- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
 1. Supervisory approval should be obtained before using the technique.
 2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, investigators, or other members of the public.
 3. It reasonably appears the technique will terminate or prevent the pursuit.
 4. Ramming may be used only under circumstances when deadly force would be authorized.
 5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
 1. The technique should only be used by investigators who have received training in the technique.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, investigators, or other members of the public.
 4. It reasonably appears the technique will terminate or prevent the pursuit.
- (e) Tire deflation devices should only be used after considering the following:
 1. Tire deflation devices should only be used by investigators who have received training in their use.
 2. Supervisory approval should be obtained before using tire deflation devices.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, investigators, or other members of the public.
 4. It reasonably appears the use will terminate or prevent the pursuit.
 5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
 6. Due to the increased risk to investigators deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- (f) Roadblocks should only be used after considering the following:

Vehicle Pursuits

1. Roadblocks should only be used by investigators who have received training in their use.
2. Supervisory approval should be obtained before using the technique.
3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, investigators, or other members of the public.
4. It reasonably appears the technique will terminate or prevent the pursuit. Roadblocks may be used only under circumstances when deadly force would be authorized.
5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

306.7.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Investigators shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing investigator should coordinate efforts to apprehend the suspects following the pursuit. Investigators should consider safety of the public and the involved investigators when formulating plans for setting up perimeters or for containing and capturing the suspects.

306.8 REPORTING REQUIREMENTS

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

- (a) The primary investigator should complete appropriate crime/arrest reports.
- (b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary investigator should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.
- (c) After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Investigations or the authorized designee. This log or memorandum should include, at a minimum:
 1. Date and time of pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved units and investigators.

Vehicle Pursuits

5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.
 7. Any use of force that occurred during the vehicle pursuit.
 - (a) Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).
 8. Any injuries and/or medical treatment.
 9. Any property or equipment damage.
 10. Name of supervisor at scene or who handled the incident.
- (d) After receiving copies of reports, logs, and other pertinent information, the Chief of Investigations or the authorized designee should conduct or assign the completion of a post-pursuit review.

Annually, the Chief of Investigations should direct a documented review and analysis of agency vehicle pursuit reports to minimally include policy suitability, policy compliance, and training or equipment needs.

306.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Training Manager shall make available to all investigators initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, and no less than annual training addressing:

- (a) This policy.
- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to investigators and others (Vehicle Code § 17004.7(d)).

306.8.2 POLICY REVIEW

Investigators of this agency shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

306.9 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

306.10 POLICY

It is the policy of this agency to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

Investigator Response to Calls

307.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

307.2 RESPONSE TO CALLS

Investigators dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Investigators responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the investigator of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Investigators should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Investigators not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

307.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of investigators, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting investigator shall immediately notify Dispatch.

If circumstances permit, the requesting investigator should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

307.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

307.4 INITIATING CODE 3 RESPONSE

If an investigator believes a Code-3 response to any call is appropriate, the investigator shall immediately notify Dispatch. Generally, only one unit should respond Code-3 to any situation. Should another investigator believe a Code-3 response is appropriate, Dispatch shall be notified

Investigator Response to Calls

and the Watch Commander or field supervisor will make a determination as to whether one or more investigators driving Code-3 is appropriate.

307.5 RESPONSIBILITIES OF RESPONDING INVESTIGATORS

Investigators shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Investigators shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the investigator. If, in the investigator's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the investigator may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the investigator should immediately notify Dispatch. An investigator shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an investigator shall immediately give the location from which he/she is responding.

307.6 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

Investigator Response to Calls

307.7 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the investigator must terminate the Code-3 response and respond accordingly. In all cases, the investigator shall notify the Watch Commander, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Canines

308.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

308.2 POLICY

It is the policy of the Imperial County District Attorney that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

308.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Operations Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Watch Commander.

308.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Operations Division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

Canines

308.5 REQUESTS FOR CANINE TEAMS

Operations Division members are encouraged to request the use of a canine. Requests for a canine team from agency units outside of the Operations Division shall be reviewed by the Watch Commander.

308.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

308.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

308.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any investigator, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of investigators or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Canines

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing investigator, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to investigators, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

308.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to investigators or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other investigators at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Canines

308.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

308.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current agency evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

308.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to investigators, the canine, or the public, such applications should be conducted on-leash or under

Canines

conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

308.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

308.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

308.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and investigators when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

Canines

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

308.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An investigator who is currently off probation.
- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) A garage that can be secured and can accommodate a canine vehicle.
- (d) Living within 30 minutes travel time from the Imperial County limits.
- (e) Agreeing to be assigned to the position for a minimum of three years.

308.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all agency equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Imperial County District Attorney facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.

Canines

- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

308.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

308.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

308.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

308.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all agency members in order to familiarize them with how to conduct themselves in the presence of agency canines. Because canines may be exposed to dangerous substances such as opioids, as

Canines

resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

308.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Imperial County District Attorney canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Agency.

308.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine handler failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to other duties.

308.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

308.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Investigators possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Imperial County District Attorney may work with outside trainers with the applicable licenses or permits.

308.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Investigators acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Investigations or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Imperial County District Attorney to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this agency for training purposes, provided the controlled substances are no longer needed as criminal evidence.

Canines

As an alternative, the Chief of Investigations or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

308.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this agency.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

308.12.7 EXPLOSIVE TRAINING AIDS

Investigators may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

Canines

- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Domestic Violence

309.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this agency to take enforcement action when appropriate, to provide assistance to victims and to guide investigators in the investigation of domestic violence.

309.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

309.2 POLICY

The Imperial County District Attorney's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this agency to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

309.3 OFFICER SAFETY

The investigation of domestic violence cases often places investigators in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all investigators to exercise due caution and reasonable care in providing for the safety of any investigators and parties involved.

309.4 INVESTIGATIONS

The following guidelines should be followed by investigators when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, investigators should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Investigators should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigative Bureau in the event that the injuries later become visible.
- (f) Investigators should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, investigators should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, investigators should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting investigator should attach a copy of the order to the incident or arrest report.
- (j) Investigators should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

Domestic Violence

309.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, investigators should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

309.4.2 IF NO ARREST IS MADE

If no arrest is made, the investigator should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

309.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Investigators should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the agency's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the investigator determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An investigator shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

309.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Investigators should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

309.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by investigators as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

309.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, investigators should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 - 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the investigator shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 - 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Investigators should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Investigators should contact a supervisor for clarification when needed.

Domestic Violence

309.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

309.9.1 STANDARDS FOR ARRESTS

Investigators investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Investigators are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the investigator makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An investigator responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Investigators shall not dissuade victims from making a lawful private person's arrest. Investigators should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Investigators shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, investigators should generally be reluctant to make dual arrests. Investigators shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an investigator shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
 - 2. The threats creating fear of physical injury.
 - 3. The history of domestic violence between the persons involved.
 - 4. Whether either person acted in self-defense.

Domestic Violence

- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the investigator's presence. After arrest, the investigator shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

309.9.2 COURT ORDERS

- (a) An investigator who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person's parent/guardian with a copy of the order. The investigator shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) At the request of the petitioner, an investigator at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any investigator serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the investigator shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The investigator shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

309.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

309.9.4 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting investigators should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

Domestic Violence

- (c) Investigators who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

309.9.5 RECORD-KEEPING AND DATA COLLECTION

This agency shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Agency, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Legal Office Supervisor to maintain and report this information as required.

309.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE

Any investigator who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the investigator shall prepare a declaration in support of increased bail (Penal Code § 1269c).

Search and Seizure

310.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Imperial County District Attorney personnel to consider when dealing with search and seizure issues.

310.2 POLICY

It is the policy of the Imperial County District Attorney to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to investigators as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

310.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, investigators are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

310.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Investigators should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching investigator, a reasonable effort should be made to summon an investigator of the same sex as the subject to conduct the search. When it is not practicable to summon an investigator of the same sex as the subject, the following guidelines should be followed:
 1. Another investigator or a supervisor should witness the search.
 2. The investigator should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

310.5 DOCUMENTATION

Investigators are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an investigator of the same sex as the person being searched and the identification of any witness investigator

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

311.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Imperial County District Attorney (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

311.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an investigator or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this agency performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

Temporary Custody of Juveniles

- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

311.2 POLICY

The Imperial County District Attorney is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Imperial County District Attorney. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

311.2.1 CONSTITUTIONAL RIGHTS ADVISEMENT

In any case where a juvenile is taken into temporary custody, the juvenile should be promptly advised of his/her constitutional rights to ensure the admissibility of any spontaneous statements, whether or not questioning is intended (Welfare & Institutions Code § 625) .

311.2.2 CHILDREN UNDER THE AGE OF 14

Whenever a child under the age of 14 is arrested, the arresting investigator should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

311.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Imperial County District Attorney:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol,

Temporary Custody of Juveniles

or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).

(e) Extremely violent or continuously violent

Investigators taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Imperial County District Attorney unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the investigator taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

311.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Agency members should administer first aid as applicable (15 CCR 1142).

311.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Agency members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

311.4 CUSTODY OF JUVENILES

Investigators should take custody of a juvenile and temporarily hold the juvenile at the Imperial County District Attorney when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Imperial County District Attorney without authorization of the arresting investigator's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Imperial County District Attorney (34 USC § 11133; Welfare and Institutions Code § 207.1).

311.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Imperial County District Attorney. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Temporary Custody of Juveniles

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

311.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, investigators may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

311.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Imperial County District Attorney unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Agency.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating investigator or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Temporary Custody of Juveniles

Whenever a juvenile offender under the age of 14 is taken into custody, the investigator should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

311.4.4 JUVENILE DETENTION ROOMS

The Imperial County District Attorney has provided juvenile detention rooms outside of the adult jail facility. These rooms are designed for the temporary detention of juveniles meeting the criteria of secure custody. Investigators or detectives placing juveniles in secure detention rooms shall comply with the following:

- (a) It is the investigator's responsibility to notify the Chief Investigator, desk personnel, and/or detective personnel that a detention has begun. The juvenile must be told the reason for incarceration, the length of time secure detention will last and that it may not exceed a total of six hours.
- (b) Any juvenile placed in a locked detention room shall be separated according to sex and the severity of the crime (felony or misdemeanor) unless emergency circumstances will not allow for this type of segregation. When such separation is not possible, the Chief Investigator shall be consulted for directions on how to proceed with the detention of the multiple juveniles involved.
- (c) A written record will be maintained on a detention log located in the Chief Investigator's office. This log will include the charges for which the juvenile is being detained, the circumstances that warrant a secured detention, the time the detention began, and the time it ended. There will also be a place for the Chief Investigator to initial the log approving the detention to occur and to initial the log when the juvenile is released.
- (d) It is the responsibility of a detective (when available) to monitor the custody of the juvenile and to prepare the necessary paperwork to process the juvenile for release to a parent, guardian, or the appropriate juvenile custody facility. When a detective is not available, the Chief Investigator, or his/her designee, shall be responsible for monitoring the detention of the juvenile, and ensuring that appropriate paperwork is prepared to process the juvenile out of the custody of this department. The Chief Investigator shall be notified in all cases when a juvenile is detained at this department, and when applicable, shall be provided the name of the detective taking responsibility for the detention and processing of the juvenile.
- (e) A thorough inspection of the detention room shall be conducted before placing a juvenile into the room. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room shall be photographed and documented in the crime report.

311.4.5 JUVENILE'S PERSONAL PROPERTY

The investigator placing a juvenile into a detention room must make a thorough search of the juvenile's property. This will ensure all items likely to cause injury to the juvenile or the facility.

Temporary Custody of Juveniles

are confiscated and placed in a property bag. The property shall be inventoried in the juvenile's presence and sealed into the bag. The property will be maintained by the responsible detective or the desk personnel or locked in a juvenile property locker until the juvenile is released from the custody of the Imperial County District Attorney.

311.4.5 MONITORING OF JUVENILES

The juvenile shall constantly be monitored by the audio/video system during the entire detention. An in-person visual inspection shall be done to ensure the welfare of the juvenile and shall be conducted at least once each half-hour, on an unscheduled basis, until the juvenile is released. This inspection shall not be replaced by video monitoring. This inspection shall be conducted by a designee of the Chief Investigator, and the visual inspection shall be logged on the Inspection Log in the Chief Investigator's office.

More frequent visual inspections should be made as circumstances dictate as in the case of an injured or ill juvenile being detained, or if specific circumstances exist such as a disciplinary problem or suicide risk. In such instances the Chief Investigator shall be fully informed about the special circumstances in order to evaluate continued detention of such a juvenile. Juvenile Security Report Logs and Confinements of Juvenile Logs shall be turned into the Legal Office Supervisor or his/her designee at the end of each month.

311.4.7 MANDATED JUVENILE PROVISIONS

While a juvenile is being detained in the detention room, he/she shall be provided with the following provisions:

- (a) Reasonable access to toilets and washing facilities
- (b) Food, if the juvenile has not eaten within the past four hours, or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (c) Reasonable access to drinking water
- (d) Privacy during family, guardian, and/or lawyer visits
- (e) Blankets and clothing necessary to ensure the comfort of the juvenile (clothing shall be provided by the jail if the juvenile's clothing is taken as evidence or is otherwise unsuitable or inadequate for the continued wear while in custody)

311.4.8 FORMAL BOOKING

No juvenile shall be formally booked (Welfare and Institutions Code § 602 only) without the authorization of the arresting investigator's supervisor, or in his or her absence, the Chief Investigator.

Any juvenile, 14-years of age or older, who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Chief Investigator or Supervisor, giving due consideration to the following:

Temporary Custody of Juveniles

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

311.4.9 DISPOSITIONS

- (a) Any juvenile not transferred to a juvenile facility shall be released to one of the following:
 - 1. Parent or legal guardian
 - 2. An adult member of his/her immediate family
 - 3. An adult person specified by the parent/guardian
 - 4. An adult person willing to accept responsibility, when the juvenile's parents are unavailable as approved by the Chief Investigator
- (b) If the six hour time limit has expired, the juvenile should be transported to the juvenile hall to accept custody
- (c) After an investigator has taken a juvenile into temporary custody for a violation of law, the following dispositions are authorized:
 - 1. The arresting investigator may counsel or admonish the juvenile and recommend no further action be taken.
 - 2. If the arresting investigator or the Chief Investigator believes that further action is needed, the juvenile will be released to a responsible person as listed above, and such juvenile will be advised that follow-up action will be taken by a detective. The detective assigned to the case will then determine the best course of action, such as diversion or referral to court. The detective will contact the parents and advise them of the course of action.
 - 3. The arresting investigator may complete an Application for Petition form on behalf of the juvenile and forward it to the Investigations division for processing.
 - 4. The juvenile may be transferred to Juvenile Hall with authorization of the appropriate supervisor or the Chief Investigator when the violation falls within the provisions of Welfare and Institutions Code § 602.
- (d) If a juvenile is to be transported to Juvenile Hall, the following forms shall accompany the juvenile:
 - 1. Application for Petition.
 - 2. Three copies of the applicable reports for each juvenile transported. In certain cases Juvenile Hall may accept custody of the juvenile based on the petition and the agreement that facsimile copies will be forwarded as soon as completed.

Temporary Custody of Juveniles

3. Any personal property taken from the juvenile at the time of detention

311.5 ADVISEMENTS

Investigators shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

311.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Agency, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Imperial County District Attorney (15 CCR 1150).
- (c) Watch Commander notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
- (e) Any changes in status (e.g., emergency situations, unusual incidents).
- (f) Time of all safety checks.
- (g) Any medical and other screening requested and completed (15 CCR 1142).
- (h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1; 15 CCR 1145).
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

Temporary Custody of Juveniles

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

311.6.1 RELEASE OF INFORMATION BY SUPERIOR COURT ORDER

A copy of the current policy of the Juvenile Court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

311.6.2 RELEASE OF INFORMATION TO OTHER AGENCIES

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Legal Office Supervisor and the appropriate Detective Supervisors to ensure that personnel of those bureaus act within legal guidelines.

311.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Agency (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Imperial County District Attorney (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

311.7.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile who is either in secure or non-secure custody, the paramedics will be called. The Chief Investigator shall be notified of the need for medical attention for the juvenile.

In cases where injury or illness is life threatening and where lost minutes may be the deciding factor, the arresting investigator or the discovering investigator should administer first aid prior to the arrival of the paramedics. The juvenile will then be transported to a medical facility.

In the event of a serious illness, suicide attempt, injury or death of a juvenile, the following persons shall be notified as soon as possible:

- (a) The Juvenile Court
- (b) The parent, guardian, or person standing in loco parentis, of the juvenile

311.7.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

The arresting investigator should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill himself/herself, or any unusual behavior which may

Temporary Custody of Juveniles

indicate the juvenile may harm himself/herself while in custody in either secure or non-secure detention.

The detaining or transporting investigator is responsible to notify the Chief Investigator if he/she believes the juvenile may be a suicide risk. The Chief Investigator will then arrange to contact a mental health team for evaluation, or to contact Juvenile Hall and arrange for the transfer of the juvenile, providing the juvenile meets the intake criteria. The juvenile shall be under constant personal supervision until the transfer is completed.

311.7.3 USE OF RESTRAINT DEVICES

Policy Manual § 306 refers to the only authorized restraint device. It is the policy of this department that restraints will not be used for inmates retained in custody. This policy also applies to juveniles held in temporary custody. The use of a restraint is an extreme measure and only for a temporary measure pending transportation to another facility or until other custodial arrangements can be made. The use of restraints shall only be used when the juvenile:

- (a) Displays bizarre behavior that results in the destruction of property or shows intent to cause physical harm to self or others
- (b) Is a serious and immediate danger to himself/herself or others
- (c) Otherwise falls under the provisions of Welfare and Institutions Code § 5150

Restraint devices include devices which immobilize a juvenile's extremities and/or prevent the juvenile from being ambulatory. Restraints shall only be used after less restrictive measures have failed and with the approval of the Chief Investigator.

Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Direct visual observation shall be conducted at least twice every 30 minutes to ensure that the restraints are properly employed, and to ensure the safety and well-being of the juvenile.

The Chief Investigator shall arrange to have the juvenile evaluated by a mental health team as soon as possible if there is evidence of mental impairment. When mental impairment is suspected, constant personal visual supervision shall be maintained in order to ensure that restraints are properly employed and to ensure the safety and well being of the juvenile. Such supervision shall be documented in the police report.

Juveniles who have been placed in restraint devices shall be isolated to protect them from abuse. Restraints shall not be used as a punishment, or as a substitute for treatment.

311.7.4 DISCIPLINE OF JUVENILES

Police personnel are prohibited from administering discipline to any juvenile.

Temporary Custody of Juveniles

311.7.5 DEATH OF A JUVENILE WHILE DETAINED

The District Attorney's Office and the Sheriff-Coroner's Office will conduct the investigation of the circumstances surrounding the death of any juvenile being detained at this department. The Chief Investigator or his/her designee will conduct an administrative review of the incident.

In any case in which a juvenile dies while detained at the Imperial County District Attorney, the following shall apply:

- (a) The Chief Investigator or his or her designee shall provide to the California Department of Corrections and Rehabilitation a copy of the report submitted to the Attorney General under Government Code § 12525. A copy of the report shall be submitted to the Department of Corrections and Rehabilitation within ten calendar days after the death.
- (b) Upon receipt of a report of death of a juvenile from the Chief of Investigations or his or her designee, the Department of Corrections and Rehabilitation may within 30 calendar days inspect and evaluate the juvenile facility, jail, lockup or court holding facility pursuant to the provisions of Article 4, Title 15 California Code of Regulations § 1341. Any inquiry made by the Department of Corrections and Rehabilitation shall be limited to the standards and requirements set forth in these regulations.
- (c) A medical and operational review of every in-custody death of a juvenile shall be conducted. The review team shall include the following:
 - 1. Chief Investigator or his or her designee
 - 2. The health administrator
 - 3. The responsible physician and other health care and supervision staff who are relevant to the incident

311.7.6 CURFEW VIOLATIONS

Juveniles detained for curfew violations may be released in the field or brought to the station but should only be released to their parent, legal guardian, or responsible adult.

311.7.7 PROTECTIVE CUSTODY

Pursuant to Welfare and Institutions Code § 300 et seq., a child may be taken into protective custody if he/she is the victim of suspected child abuse. Before taking any minor into protective custody, the investigator should make reasonable attempts to contact the appropriate child welfare authorities to ascertain any applicable history or current information concerning the minor.

Under certain circumstances, investigators can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs. Investigators shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

Temporary Custody of Juveniles

311.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Imperial County District Attorney shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Imperial County District Attorney more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Imperial County District Attorney more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal safety checks and significant incidents/activities shall be noted on the log.
- (d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 - 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 - 2. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).
- (f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

- (k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
 - 1. The supervisor should ensure that there is an adequate supply of clean blankets.

- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

Temporary Custody of Juveniles

311.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Imperial County District Attorney when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

311.10 PERSONAL PROPERTY

The investigator taking custody of a juvenile offender or status offender at the Imperial County District Attorney shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Imperial County District Attorney.

311.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this agency shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

Imperial County District Attorney

Policies

Temporary Custody of Juveniles

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

311.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to agency members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).
- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

311.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Imperial County District Attorney (15 CCR 1142; 15 CCR 1047). The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Investigations, and Investigation Division Supervisor.

Temporary Custody of Juveniles

- (c) Notification of the appropriate prosecutor.
- (d) Notification of the County attorney.
- (e) Notification to the coroner.
- (f) Notification of the juvenile court.
- (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

311.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an investigator shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

311.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a agency facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

Temporary Custody of Juveniles

- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an investigator, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

311.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting investigator's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Investigative Bureau supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

311.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this agency shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Imperial County District Attorney Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Legal Office Supervisor and the appropriate

Temporary Custody of Juveniles

Investigative Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

311.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Operations Division Commander shall coordinate the procedures related to the custody of juveniles held at the Imperial County District Attorney and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

311.17 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

Senior and Disability Victimization

312.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Imperial County District Attorney members as required by law (Penal Code § 368.6).

The Imperial County District Attorney is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. It is the agency policy to make arrests or to seek arrest warrants for elder and dependent adult abuse in accordance with Penal Code § 836 and, in the case of domestic violence, as allowed by Penal Code § 13701 (Penal Code § 368.6) (see Law Enforcement Authority and Domestic Violence policies for additional guidance).

312.2.2 ADHERENCE TO POLICY

All investigators are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

Any supervisor who determines and approves an investigator's deviation from this policy shall provide a written report to the Chief of Investigations that states the unusual compelling circumstances regarding the deviation. A copy of this report will be made available to the alleged victim and reporting party pursuant to agency protocols (Penal Code § 368.6(c)(27)).

The Chief of Investigations shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

312.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of elder and dependent adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated (Penal Code § 368.6).

Investigations and reports related to suspected cases of elder and dependent adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating investigator in all circumstances where a suspected elder and dependent adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.

 - 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14).
 - 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17).

 - 4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an

Senior and Disability Victimization

autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c)(18)).

312.3.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

- (a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- (c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).
- (d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

312.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of elder and dependent adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
 - (b) Be familiar with forensic interview techniques specific to elder and dependent adult abuse investigations.
 - (c) Present all cases of alleged elder and dependent adult abuse to the prosecutor for review.
 - (d) Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
 - (e) Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).
1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).

Senior and Disability Victimization

2. Referrals to the crime victim liaison as appropriate for victims requiring further assistance or information regarding benefits from crime victim resources.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).
- (g) Make reasonable efforts to determine whether any person committed unlawful interference in a mandated report.

312.5 MANDATORY NOTIFICATION

Members of the Imperial County District Attorney shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- (a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center), notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
 4. When a report of abuse is received by the Agency, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).
- (b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).
- (c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.
- (d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

Senior and Disability Victimization

- (e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.
- (f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
- (g) The District Attorney's office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.
- (h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).
 - 1. When a report of abuse is received by the Agency, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).
- (i) If during an investigation it is determined that the elder or dependent adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).
- (j) When the Agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Investigative Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Failure to report, or impeding or inhibiting a report of abuse of an elder or dependent adult, is a misdemeanor (Welfare and Institutions Code §15630(h)).

312.5.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

- (a) The name of the person making the report.
- (b) The name and age of the elder or dependent adult.
- (c) The present location of the elder or dependent adult.

Senior and Disability Victimization

- (d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
- (e) The nature and extent of the condition of the elder or dependent adult.
- (f) The date of incident.
- (g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

312.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the investigator should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this agency should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the investigator should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the investigator shall ensure that the adult is delivered to APS.

Whenever practicable, the investigator should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, investigators should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

312.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an investigator reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the investigator may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

312.6.2 VERIFICATION OF PROTECTIVE ORDER

Whenever an investigator verifies that a relevant protective order has been issued, the investigator shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the investigator shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

Senior and Disability Victimization

- (a) Inquire whether the restrained person possesses firearms. The investigator should make this effort by asking the restrained person and the protected person.
- (b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.
- (c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with agency procedures.

312.7 INTERVIEWS

312.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, investigators should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Investigators should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating investigators should defer interviews until a person who is specially trained in such interviews is available.

312.7.2 DETAINING VICTIMS FOR INTERVIEWS

An investigator should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

312.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

An investigator who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

312.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating investigator should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The investigator should also arrange for the adult's transportation to the appropriate medical facility.

Senior and Disability Victimization

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, investigators should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for investigators to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

312.9 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

312.9.1 RECORDS CENTER RESPONSIBILITIES

The Records Center is responsible for:

312.10.1 INVESTIGATOR RESPONSIBILITIES

Investigators responding to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where there is evidence that an elder or dependent adult abuse victim lives should:

- (a) Document the environmental, medical, social, and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigative Bureau supervisor so an interagency response can begin.

312.10.2 SUPERVISOR RESPONSIBILITIES

The Investigative Bureau supervisor should:

- (b) Activate any available interagency response when an investigator notifies the Investigative Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where evidence indicates that an elder or dependent adult abuse victim lives.

Senior and Disability Victimization

- (c) Develop a report format or checklist for use when investigators respond to drug labs or other narcotics crime scenes. The checklist will help investigators document the environmental, medical, social, and other conditions that may affect the adult.

Senior and Disability Victimization

- (b) Retaining the original elder or dependent adult abuse report with the initial case file.

312.13 JURISDICTION

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal law, in such cases. However, this agency will retain responsibility for the criminal investigations (Penal Code § 368.5).

Additional jurisdiction responsibilities for investigations of abuse involving various facilities and agencies may be found in Welfare and Institutions Code § 15650.

Discriminatory Harassment

313.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent agency members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

313.2 POLICY

The Imperial County District Attorney is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Agency will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Agency will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Agency may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

313.3 DEFINITIONS

Definitions related to this policy include:

313.3.1 DISCRIMINATION

The Agency prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or agency equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to agency policy and to a work environment that is free of discrimination.

Discriminatory Harassment

313.3.2 SEXUAL HARASSMENT

The Agency prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

313.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with County or agency rules or regulations, or any other appropriate work-related communication between supervisor and member.

313.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

313.4 RESPONSIBILITIES

This policy applies to all agency personnel. All members shall follow the intent of these guidelines in a manner that reflects agency policy, professional standards, and the best interest of the Agency and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Investigations, the Director of Human Resources, or the District Attorney.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

313.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Investigations or the Director of Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

313.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Agency and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

313.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Investigations, the Director of Human Resources, the District Attorney, or the California Department of Fair Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).

Discriminatory Harassment

313.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Agency that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

313.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

313.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Investigations, the Director of Human Resources, or the District Attorney.

313.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Agency. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

313.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Investigations. The outcome of all reports shall be:

Discriminatory Harassment

- (a) Approve by the Chief of Investigations, the District Attorney, or the Director of Human Resources, depending on the ranks of the involved parties.
- (b) Maintained in accordance with the agency's established records retention schedule.

313.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

313.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Agency.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

313.7.1 STATE-REQUIRED TRAINING

The Training Manager should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

- (a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.
- (b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.
- (c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Training Manager should ensure that employees are provided the following website address to the training course: www.dfeh.ca.gov/shpt/ (Government Code § 12950; 2 CCR 11023).

313.7.2 TRAINING RECORDS

The Training Manager shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).

313.8 WORKING CONDITIONS

The Administration Division Commander or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other County employees who are similarly tasked (2 CCR 11034).

Discriminatory Harassment

313.9 REQUIRED POSTERS

The Agency shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).

Child Abuse

314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Imperial County District Attorney members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

314.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

314.2 POLICY

The Imperial County District Attorney will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

314.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1);

Child Abuse

neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

314.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

314.3.2 POLICE REPORTS

Employees responding to incidents of suspected child abuse where it cannot initially be shown that a crime occurred shall document the incident in a general report. No suspected child abuse report is required if the incident is documented in a general or miscellaneous report.

314.3.3 CONTACTING SUSPECTED CHILD ABUSE VICTIMS

An investigator should not involuntarily detain a juvenile suspected of being a victim of abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless any of the following apply:

- (a) Exigent circumstances exist. For example:
 - 1. A reasonable belief that medical issues need to be addressed immediately.
 - 2. It is reasonably believed that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
- (b) A court order or warrant has been issued.

In all circumstances in which a suspected child abuse victim is contacted, it will be incumbent upon the investigating investigator to articulate in the related reports the overall basis for the contact and what, if any, exigent circumstances exist.

Any juvenile student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

314.3.4 RELEASE OF REPORTS

Reports of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to Penal Code § 11167.5 and Policy Manual § 810.

Child Abuse

314.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

314.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Investigators shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating investigator in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if investigators interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.

Child Abuse

- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

314.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

314.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the investigator should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the investigator should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the investigator shall ensure that the child is delivered to CPS.

Whenever practicable, the investigator should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, investigators should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The investigator reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
 - 1. The child has an immediate need for medical care.
 - 2. The child is in immediate danger of physical or sexual abuse.
 - 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the investigator shall first attempt to locate and determine if a

Child Abuse

responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

- (b) The investigator reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 - 1. It reasonably appears to the investigator that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 - 2. There is no lawful custodian available to take custody of the child.
 - 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 - 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

314.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

314.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, investigators can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Investigators shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

314.7 INTERVIEWS

314.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, investigators should record the preliminary interview with suspected child abuse victims. Investigators should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating investigators should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

Child Abuse

314.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An investigator should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

314.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

314.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating investigator should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The investigator should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, investigators should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for investigators to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

314.9 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

314.9.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

Child Abuse

314.9.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

314.9.3 CACI HEARING OFFICER

The Investigative Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

314.9.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

Child Abuse

314.9.5 CHILD DEATH REVIEW TEAM

This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

314.10 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

Missing Persons

315.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

315.1.1 DEFINITIONS

At risk - Includes, but is not limited to (Penal Code § 14215):

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

Missing person - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

315.2 POLICY

The Imperial County District Attorney does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Imperial County District Attorney gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

315.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Agency report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)

Missing Persons

- Missing person school notification form
- Medical records release form from the California Department of Justice
- California DOJ missing person forms as appropriate
- Biological sample collection kits

315.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

315.5 INITIAL INVESTIGATION

Investigators or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
 1. Immediately, when the missing person is at risk.
 2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
- (f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
- (g) Collect and/or review:
 1. A photograph and a fingerprint card of the missing person, if available.
 2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).

Missing Persons

3. Any documents that may assist in the investigation, such as court orders regarding custody.
 4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).
- (h) When circumstances permit and if appropriate, attempt to determine the missing person's location through his/her telecommunications carrier.
- (i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

315.6 REPORT PROCEDURES AND ROUTING

Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

315.6.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of the supervisor shall include, but are not limited to:

- (a) Reviewing and approving missing person reports upon receipt.
 1. The reports should be promptly sent to the Records Center.
- (b) Ensuring resources are deployed as appropriate.
- (c) Initiating a command post as needed.
- (d) Ensuring applicable notifications and public alerts are made and documented.
- (e) Ensuring that records have been entered into the appropriate missing persons networks.
- (f) Taking reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies.

If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

315.6.2 RECORDS CENTER RESPONSIBILITIES

The receiving member shall:

- (a) As soon as reasonable under the circumstances, notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person's residence in cases where the missing person is a resident of another jurisdiction (Penal Code § 14211).

Missing Persons

- (b) Notify and forward a copy of the report to the law enforcement agency in whose jurisdiction the missing person was last seen (Penal Code § 14211).
- (c) Notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person's intended or possible destination, if known.
- (d) Forward a copy of the report to the Investigative Bureau.
- (e) Coordinate with the NCIC Terminal Contractor for California to have the missing person record in the NCIC computer networks updated with additional information obtained from missing person investigations (34 USC § 41308).

315.7 INVESTIGATIVE BUREAU FOLLOW-UP

In addition to completing or continuing any actions listed above, the investigator assigned to a missing person investigation:

- (a) Shall ensure that the missing person's school is notified within 10 days if the missing person is a juvenile.
 - 1. The notice shall be in writing and should also include a photograph (Education Code § 49068.6).
 - 2. Hate Crimes

318.1 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Imperial County District Attorney may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6).

318.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, investigators should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, investigators should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of

Hate Crimes

the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's assigned sex at birth.

Gender identity- Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
 - 1. "Association with a person or group with these actual or perceived characteristics" includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places

Hate Crimes

- Displaying hate material on your own property

Hate speech - The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected:

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - “In whole or in part because of” means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality includes citizenship, country of origin, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility
- Entity
- Family
- Group
- Individual
- Office
- Meeting hall
- Person
- Place of worship
- Private institution

Hate Crimes

- Public agency

- Other victim or intended victim of the offense

318.2 POLICY

It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All investigators are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Chief of Investigations or other command-level officer to whom the Chief of Investigations formally delegates this responsibility.

In order to facilitate the guidelines contained within this policy, agency members will continuously work to build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

318.3.1 HATE CRIMES COORDINATOR

318.3.2 RELEASE OF INFORMATION

Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure often assists greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

Hate Crimes

- (a) Dissemination of correct information.
- (b) Assurance to affected communities or groups that the matter is being properly and promptly investigated.
- (c) The ability to request information regarding the commission of the crimes from the victimized community.

Responding investigators should evaluate the need for additional assistance and, working with supervision and/or investigations, access needed assistance if applicable.

At the scene of a suspected hate or bias crime, investigators should take preliminary actions reasonably deemed necessary, including but not limited to the following:

Standards of Conduct

319.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Imperial County District Attorney and are expected of all agency members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this agency or a member's supervisors.

319.2 POLICY

The continued employment or appointment of every member of the Imperial County District Attorney shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

319.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any agency supervisor or person in a position of authority, absent a reasonable and bona fide justification.

319.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or agency policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, agency policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

319.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

319.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

319.5 CAUSES FOR DISCIPLINE

320.2 POLICY

It is the policy of the Imperial County District Attorney that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Agency in a professional manner and in accordance with this policy.

320.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any agency computer system.

The Agency reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the Agency, including the agency email system, computer network, and/or any information placed into storage on any agency system or device. This includes records of all keystrokes or Web-browsing history made at any agency computer or over any agency network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through agency computers, electronic devices, or networks.

Information Technology Use

The Agency shall not require a member to disclose a personal username or password for accessing personal social media or to open a personal social website; however, the Agency may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Agency while on agency premises, computer systems or electronic devices. Such unauthorized use of software exposes the Agency and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of agency- or County-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

Data stored on or available through agency computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or agency-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure agency computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

320.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

- (b) Attempted suicide
- (c) The injury is major/serious, whereas death could result
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

321.2.6 MANDATORY REPORTING OF JUVENILE GUNSHOT INJURIES

A report shall be taken when any incident in which a child 18 years or younger suffered an unintentional or self-inflicted gunshot wound. The Records Center shall notify the California Department of Public Health (CDPH) of the incident as required by CDPH (Penal Code § 23685).

321.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all investigators and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

321.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for agency consistency.

Report Preparation

321.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

321.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating investigator to ensure that any report returned for correction is processed in a timely manner.

321.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Center for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Center may be corrected or modified by the authoring investigator only with the knowledge and authorization of the reviewing supervisor.

321.6 ELECTRONIC SIGNATURES

The Imperial County District Attorney has established an electronic signature procedure for use by all employees of the Imperial County District Attorney. The Operations Assistant Chief shall be responsible for maintaining the electronic signature system and ensuring that each employee creates a unique, confidential password for his/her electronic signature.

- Employees may only use their electronic signature for official reports or other official communications.
- Each employee shall be responsible for the security and use of his/her electronic signature and shall promptly notify a supervisor if the electronic signature has or may have been compromised or misused.

Media Relations

322.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

322.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Investigations, however, in situations not warranting immediate notice to the Chief of Investigations and in situations where the Chief of Investigations has given prior approval, Division Commanders, Watch Commanders and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

322.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Investigations.

322.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should

Media Relations

be coordinated through the department Public Information Officer or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
- (c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).
- (d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Investigations and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

322.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of investigators and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief Investigator .

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief Investigator will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

322.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the

Media Relations

safety of any individual or jeopardize the successful completion of any ongoing investigation

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

322.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.

Subpoenas and Court Appearances

323.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the Imperial County District Attorney to cover any related work absences and keep the Department informed about relevant legal matters.

323.2 POLICY

Imperial County District Attorney members will respond appropriately to all subpoenas and any other court-ordered appearances.

323.3 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the investigator or by delivery of two copies of the subpoena to the investigator's supervisor or other authorized departmental agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an investigator to testify as a witness must tender the statutory fee of \$275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

- (a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named investigator within sufficient time for the named investigator to comply with the subpoena.
- (b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named investigator within sufficient time for the named investigator to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

323.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the County Counsel or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- (a) Any civil case where the County or one of its members, as a result of his/her official capacity, is a party.

Subpoenas and Court Appearances

- (b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.
- (c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
- (d) Any civil action stemming from the member's on-duty activity or because of his/her association with the Imperial County District Attorney.
- (e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Imperial County District Attorney.

The supervisor will then notify the Chief of Investigations and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Investigations should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

323.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

323.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

323.4 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

323.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

323.6 COURTROOM PROTOCOL

When appearing in court, members shall:

Subpoenas and Court Appearances

- (a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.
- (b) Dress in the department uniform or business attire.
- (c) Observe all rules of the court in which they are appearing and remain alert to changes in the assigned courtroom where their matter is to be heard.

323.6.1 TESTIMONY

Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

323.7 OVERTIME APPEARANCES

When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding or collective bargaining agreement.

Outside Agency Assistance

324.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

324.2 POLICY

It is the policy of the Imperial County District Attorney to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

324.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Investigators may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

324.3.1 INITIATED ACTIVITY

Any on-duty investigator who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Imperial County District Attorney shall notify his/her supervisor or the Watch Commander and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

324.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

324.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

324.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Dispatch and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Manager should maintain documentation that the appropriate members have received the required training.

Handcuff Policy

326.1 PURPOSE AND SCOPE

This procedure provides guidelines for handling situations involving handcuffing during detentions and arrests. This policy is also applicable to Flexcuffs, which will be considered synonymous with handcuffs for purposes of this policy.

326.2 HANDCUFFING POLICY

Although recommended for most arrest situations, handcuffing is a discretionary procedure and not an absolute rule of the Department. When deciding whether to handcuff an arrestee, investigators should carefully balance officer safety concerns with factors including, but not limited to the following:

- The circumstances leading to the arrest.
- The attitude and behavior of the arrested person.
- The age, sex and health of the person.
- Whether the person has a hearing or speaking disability. In such cases consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

It is not the intent of the Department to dissuade investigators from handcuffing all persons they believe warrant that degree of restraint, nor is it the intent of this policy to create the atmosphere that in order to avoid risk, an investigator should handcuff all persons regardless of the circumstances. In most situations handcuffs should be applied with the hands behind the person. Handcuffs should be removed as soon as the arrested person is safely confined within the jail.

326.2.1 IMPROPER USE OF HANDCUFFS

Handcuffing is never done to punish, to display authority, or as a show of force. Persons are handcuffed only to restrain their hands to ensure officer safety. When practical, handcuffs shall be double locked to prevent tightening which may cause undue discomfort or injury to the hands or wrists.

326.2.2 JUVENILES

Juveniles 14-years of age or older may be handcuffed when the act committed is of a felonious nature or when their acts have amounted to crimes where the investigator has a reasonable suspicion the suspect may have a desire to escape, injure themselves, injure the investigator, or destroy property.

Juveniles under 14-years of age generally will not be handcuffed unless their acts have amounted to a dangerous felony or when they are of a state of mind which suggests a reasonable probability of their desire to escape, injure themselves, the investigator, or to destroy property.

Handcuff Policy

326.2.3 HANDCUFFING OF DETAINEES

Situations may arise where it may be reasonable to handcuff an individual who may, after subsequent investigation, be released prior to arrest. Such a situation is considered a detention, rather than an actual arrest. Unless arrested, the use of handcuffs on detainees should continue for only as long as is reasonably necessary to assure the safety of investigators and others. Investigators should continuously weigh the safety interests at hand against the intrusion upon the detainee when deciding to remove handcuffs from a detainee.

When an individual is handcuffed and released without an arrest, a written report of the incident shall be made to document the details of the detention and need for use of handcuffs.

326.2.4 HANDCUFFING OF PREGNANT ARRESTEES

No arrestee who is in labor shall be handcuffed or restrained by the wrists, ankles or both unless it is reasonably necessary for the safety of the arrestee, investigators or others (Penal Code § 6030).

Registered Offender Information

327.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Imperial County District Attorney will address issues associated with certain offenders who are residing in the jurisdiction and how the Agency will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

327.2 POLICY

It is the policy of the Imperial County District Attorney to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

327.3 REGISTRATION

The Investigative Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

327.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

327.4 MONITORING OF REGISTERED OFFENDERS

The Investigative Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Registered Offender Information

Any discrepancies should be reported to the California DOJ.

The Investigative Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Imperial County District Attorney personnel, including timely updates regarding new or relocated registrants.

327.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Investigations if warranted. A determination will be made by the Chief of Investigations, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Imperial County District Attorney's website. Information on sex registrants placed on the Imperial County District Attorney's website shall comply with the requirements of Penal Code § 290.46.

The Legal Office Supervisor may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

327.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race
- (e) The offender's physical description
- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

Registered Offender Information

327.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Major Incident Notification

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

328.2 POLICY

The Imperial County District Attorney recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

328.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Assistant District Attorney and the Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all inclusive:

- Homicides
- Traffic accidents with fatalities
- Officer-involved shooting - on or off duty (see Officer-Involved Shootings and Deaths Policy for special notifications)
- Significant injury or death to employee - on or off duty
- Death of a prominent County of Imperial official
- Arrest of a department employee or prominent County of Imperial official
- Aircraft crash with major damage and/or injury or death
- In-custody deaths

328.4 WATCH COMMANDER RESPONSIBILITY

The Watch Commander is responsible for making the appropriate notifications. The Watch Commander shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Watch Commander shall attempt to make the notifications as soon as practicable. Notification should be made by calling the home telephone number first and then by any other available contact numbers.

328.4.1 STAFF NOTIFICATION

In the event an incident occurs described in the Major Incident Notification Policy, the Chief Investigator shall be notified along with the Assistant Chief Investigator, along with any supervisor whose unit is affected.

Major Incident Notification

328.4.2 DETECTIVE NOTIFICATION

If the incident requires that a detective respond from home, the immediate supervisor of the appropriate detail shall be contacted who will then contact the appropriate detective.

328.4.3 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Death Investigation

329.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

329.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).
- (b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.
- (c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.
- (d) Known or suspected homicide.
- (e) Known or suspected suicide.
- (f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.
- (g) Related to or following known or suspected self-induced or criminal abortion.
- (h) Associated with a known or alleged rape or crime against nature.
- (i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.
- (j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.
- (k) Accidental poisoning (food, chemical, drug, therapeutic agents).

Death Investigation

- (l) Occupational diseases or occupational hazards.
- (m) Known or suspected contagious disease and constituting a public hazard.
- (n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
- (o) In prison or while under sentence. Includes all in-custody and bureau involved deaths.

- (q) All deaths of state hospital patients.
- (r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
- (s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

329.2.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an investigator is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an investigator that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating investigator shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the investigator pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

329.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the investigator assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Death Investigation

329.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

329.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

329.2.6 SUSPECTED HOMICIDE

If the initially assigned investigator suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

329.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, investigators presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, investigators should observe the following:
 - 1. For any victim not residing within this jurisdiction, the investigator may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, investigators of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Investigators should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Investigators should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting investigator should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

331.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all investigators shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, investigators should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, investigators should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

331.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

331.4 INVESTIGATOR RESPONSIBILITIES

Any investigator presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any investigator determine that there is no reasonable cause to believe that a private person's arrest is lawful, the investigator should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Private Persons Arrests

1. Any investigator who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The investigator must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the investigator, the investigator should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an investigator determines that there is reasonable cause to believe that a private person's arrest is lawful, the investigator may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849

331.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), investigators shall complete a narrative report regarding the circumstances and disposition of the incident.

Anti-Reproductive Rights Crimes Reporting

332.1 PURPOSE AND SCOPE

This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

332.2 DEFINITIONS

Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

- (a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant
- (b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant
- (c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

332.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

- (a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.
- (b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Chief Investigator.
- (c) By the tenth day of each month, it shall be the responsibility of the Investigation Chief Investigator to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.
 - 1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.

Anti-Reproductive Rights Crimes Reporting

2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).

Limited English Proficiency Services

333.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 USC 2000d).

333.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - Any employee who is bilingual and has successfully completed department-prescribed interpreter training and is authorized to act as an interpreter or translator.

Bilingual - The ability to communicate in two languages fluently, including the ability to communicate technical and law enforcement terminology. Bilingual includes a variety of skill levels. For example, some bilingual individuals may be fluent enough to engage in direct communications in a non-English language but insufficiently fluent to interpret or translate from one language into another. For example, a bilingual individual, depending on his/her skill level, could be utilized to communicate fluently in a non-English language but not to interpret between two languages if he/she does not possess the specialized skills necessary to interpret between two languages effectively. In order to be utilized to interpret or translate from one language into another, an individual must possess the skill, training and demonstrated competence to do so. For purposes of this policy, employees, in order to be identified as bilingual, must initially and periodically demonstrate, through a procedure to be established by the Department, their level of skill and competence such that the Department is able to determine the purposes for which an employee's language skills may be used.

Interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Limited English Proficient (LEP) - Designates individuals whose primary language is not English and who have a limited ability to read, write, speak or understand English. LEP individuals may be competent in certain types of communication (e.g., speaking or understanding), but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific: An individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

333.2 FOUR FACTOR ANALYSIS

Since there are potentially hundreds of languages department personnel could encounter, the Department will utilize the four-factor analysis outlined in the Department of Justice LEP *Guidance*

Limited English Proficiency Services

to *Federal Financial Assistance Recipients* available at the DOJ [website](#) in determining which measures will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis therefore, must remain flexible and requires an ongoing balance of the following four factors:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department personnel or who may benefit from programs or services within the Department's jurisdiction or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department personnel, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the Department its personnel.

While this department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

333.3 TYPES OF LEP ASSISTANCE AVAILABLE

Depending on the balance of the above four factors, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the Department at no cost or choose to provide their own interpreter services at their own expense. Department personnel should document in any related report whether the LEP individual elected to use interpreter services provided by the Department or some other source. Department-provided interpreter services may include, but are not limited to, the assistance methods described in this section.

333.3.1 BILINGUAL PERSONNEL

Personnel utilized for LEP services need not be certified as interpreters, but must have demonstrated, through established department procedures, a level of competence to ascertain whether his/her language skills are best suited to monolingual communications, interpretation, translation, or all or none of these functions.

All personnel used for communication with LEP individuals must demonstrate knowledge of the functions of an interpreter and the ethical issues involved when acting as a language conduit. In addition, employees who serve as interpreters and/or translators must have demonstrated competence in both English and the non-English language. When bilingual personnel from this

Limited English Proficiency Services

department are not available, personnel from other city departments who have the requisite training may be requested.

333.3.2 WRITTEN FORMS AND GUIDELINES

This department will determine the most frequently used and critical forms and guidelines and translate these documents into the languages most likely to be requested. The Department will arrange to make these translated forms available to department personnel and other appropriate individuals.

333.3.3 AUDIO RECORDINGS

The Department may develop audio recordings of information that is either important to or frequently requested by LEP individuals for broadcast in a language most likely to be understood by involved LEP individuals.

333.3.4 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF INTERPRETATION

Where competent bilingual departmental personnel or other County-certified staff are unavailable to assist, responsible members of the community who have demonstrated competence in either monolingual (direct) communication and/or in interpretation and translation (as noted in above) may be called upon to assist in communication efforts. Sources for these individuals may include neighboring police departments, university languages and linguistics departments, local businesses, banks, churches, neighborhood leaders and school officials. Department personnel should ensure that community members are able to provide unbiased assistance. The nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect).

Except for exigent or very informal and non-confrontational circumstances, the use of an LEP individual's bilingual friends or family members, particularly children, are generally not recommended and department personnel shall make case-by-case determinations on the appropriateness of using such individuals (for further guidance see: Section V(3) of the DOJ Final Guidance available at the DOJ [website](#)).

333.4 LEP CONTACT SITUATIONS AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize language services so that they may be targeted where they are most needed.

Whenever any member of this department is required to complete a report or when other documentation and interpretation or translation services are provided to any involved LEP individual, such services should be noted in the related report.

333.4.1 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve LEP individuals. The scope and nature of these activities and contacts will inevitably

Limited English Proficiency Services

vary. Department personnel must assess each situation to determine the need and availability for translation services to all involved LEP individuals and utilize the methods outlined in § 368.3 to provide appropriate language assistance.

Although not every situation can be addressed in this policy, it is important that department personnel are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. It would, for example, be meaningless to request consent to search if the person requesting is unable to effectively communicate with an LEP individual.

333.4.2 INVESTIGATIVE INTERVIEWS

In any situation where the translation of an interview may contain information that might be used in a criminal trial, it is important to take certain steps to improve the chances of admissibility. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

Any person selected as an interpreter and/or translator must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the case. The person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation to the court.

333.4.3 CUSTODIAL INTERROGATIONS AND BOOKINGS

In an effort to ensure the rights of LEP individuals are protected during arrest and custodial interrogation, this department places a high priority on providing competent interpretation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing interpretation services or translated forms in these situations will have demonstrated competence in interpretation/translation and make every reasonable effort to accurately interpret/translate all communications with LEP individuals.

In order to ensure that translations during criminal investigations are documented accurately and admissible as evidence, audio recordings of interrogations, victim interviews and witness interviews should be used whenever reasonably possible.

Employees providing interpretation or translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for members of this department to make every reasonable effort to provide effective language services in these situations.

Limited English Proficiency Services

333.4.4 COMPLAINTS

The Department shall ensure access to LEP persons who wish to file a complaint regarding the discharge of department duties. The Department may do so by providing interpretation assistance or translated forms to such individuals. If the Department responds to complaints filed by LEP individuals, the Department shall attempt to communicate its response in an accessible manner.

333.4.5 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to LEP individuals and groups.

333.5 TRAINING

In an effort to ensure that all personnel in public contact positions (or having contact with those in custody) are properly trained, the Department will provide periodic training to personnel about LEP policies and procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring all new personnel receive LEP training and that all personnel receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, with a copy in each member's training file, in accordance with established records retention schedules.

333.6 INTERPRETERS AND TRANSLATORS

333.7 SUPPLEMENTAL MATERIALS PROVIDED TO DEPARTMENT EMPLOYEES

The following materials will be made available to employees to assist in providing access and service to LEP individuals:

- (a) A list of departmental bilingual employees, languages spoken and contact and shift information
- (b) A list of department-certified interpretation services, bilingual interpreters, languages spoken and contact and availability information
- (c) The telephone number and access code of telephonic interpretation services
- (d) Language identification cards
- (e) Translated *Miranda* warning cards and other frequently used documents
- (f) Audio recordings/warnings that are developed in non-English languages

333.8 MONITORING AND UPDATING LANGUAGE ASSISTANCE EFFORTS

Limited English Proficiency Services

333.8.1 LEP COORDINATOR

The Chief Investigator will appoint an LEP Coordinator who is responsible for coordinating and implementing all aspects of the Imperial County District Attorney LEP services to LEP individuals.

The LEP Coordinator shall assess demographic data, review contracted language access services utilization data, and consult with community-based organizations annually in order to determine if there are additional languages into which vital documents should be translated.

The LEP Coordinator will also be responsible for annually reviewing all new documents issued by the Imperial County District Attorney to assess whether they should be considered vital documents and be translated.

333.9 SECTION TITLE

Communications with Persons with Disabilities

334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

334.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

334.2 POLICY

It is the policy of the Imperial County District Attorney to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

334.2.1 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, department employees should remain alert to the possibility of communication problems and exercise special care in the use of all gestures, and verbal and written communication in an effort to minimize initial confusion and misunderstanding when dealing with any individual(s) with known or suspected disabilities or communication impairments.

334.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Investigations shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Division Commander or the authorized designee.

Communications with Persons with Disabilities

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the County ADA coordinator regarding the Imperial County District Attorney's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

334.3.1 FIELD RESOURCES

Individual investigators and employees are encouraged to utilize resources immediately available to them in any contact with a known or suspected disabled or impaired person. Examples of this would include such simple methods as:

- (a) Hand gestures or written communications exchanged between the employee and a deaf or hearing impaired individual
- (b) Facing an individual utilizing lip reading and speaking slowly and clearly
- (c) Slowly and clearly speaking or reading simple terms to any visually or mentally impaired individual

334.3.2 AUDIO RECORDINGS AND ENLARGED PRINT

From time to time, the Department may develop audio recordings of important information needed by blind or visually impaired individuals. In the absence of such audio recordings, employees may elect to read aloud a Department form or document such as a citizen complaint form to a visually impaired individual or utilize a photocopier to enlarge printed forms for a visually impaired individual.

Communications with Persons with Disabilities

334.3.3 TELEPHONE INTERPRETER SERVICES

The Legal Office Supervisor will maintain a list of qualified interpreter services to be contacted at department expense to assist deaf or hearing impaired individuals upon approval of a supervisor. When utilized, notification to such interpreters shall be made at the earliest reasonable opportunity and the interpreter should be available to respond within a reasonable time (generally not to exceed three hours).

334.3.4 TTY AND RELAY SERVICES

Individuals who are deaf or hearing impaired must be given the opportunity to use available text telephones (TTY or TDD). All calls placed by such individuals through such services shall be accepted by this department.

334.3.5 COMMUNITY VOLUNTEERS

Depending on the circumstances, location and availability, responsible members of the community may be available to provide qualified interpreter services, such as those who are proficient in American Sign Language (ASL). Sources for these individuals may include local businesses, banks, churches, neighborhood leaders and school officials. In addition to such sources developed by individual investigators, the Department will attempt to maintain and update a list of qualified community volunteers who may be available to respond within a reasonable time.

334.3.6 FAMILY AND FRIENDS OF DISABLED OR IMPAIRED INDIVIDUAL

While family and friends of a disabled or impaired individual may frequently offer to assist with interpretation, employees should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the disabled individual and the individual offering services must be carefully considered (e.g., victim/suspect).

334.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

Communications with Persons with Disabilities

- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

334.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

In order to provide disabled and impaired individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 911 lines as its top priority for assistance with such services. Department personnel will make every reasonable effort to promptly accommodate such disabled and impaired individuals utilizing 911 lines through any or all of the above resources.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate disabled and impaired individuals seeking more routine access to services and information from this department.

334.4.2 CUSTODIAL INTERROGATIONS AND BOOKINGS

In an effort to ensure the rights of all disabled and impaired individuals are protected during arrest and custodial interrogation, this department places a high priority on providing reasonable communication assistance during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing communication assistance in these situations will make every reasonable effort to accurately and effectively communicate with disabled or impaired individuals.

Employees providing such assistance shall also be aware of the inherent communication impediments to gathering information from disabled or impaired individuals throughout the booking process or any other situation in which a disabled or impaired individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this department to make every reasonable effort to provide effective communication assistance in these situations.

- (a) Individuals who require communication aids (e.g., hearing aids) should be permitted to retain such devices while in custody.
- (b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices such as a wheel chair or crutches during a custodial situation, the removal of such items will require that other reasonable accommodations be made to assist such individuals with access to all necessary services.
- (c) Whenever a deaf or hearing impaired individual is detained or arrested and placed in handcuffs, investigators should consider, safety permitting, placing the handcuffs in front of the body in order to allow the individual to sign or write notes.

Communications with Persons with Disabilities

334.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve disabled or impaired individuals. The scope and nature of these activities and contacts will inevitably vary, therefore the Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every investigator in the field. Each investigator and/or supervisor must, however, assess each such situation to determine the need and availability for communication assistance to any and all involved disabled or impaired individuals.

Although not every situation can be addressed within this policy, it is important that employees are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with a disabled or impaired individual. For example, it would be meaningless to verbally request consent to search if the investigator is unable to effectively communicate with a deaf individual.

334.4.4 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to disabled individuals and groups.

334.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under

Communications with Persons with Disabilities

the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Imperial County District Attorney, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

334.6 TYPES OF ASSISTANCE AVAILABLE

Imperial County District Attorney members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

334.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

334.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.

Communications with Persons with Disabilities

- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

334.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

334.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

334.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Communications with Persons with Disabilities

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

334.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

334.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the investigator is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, investigators should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

Communications with Persons with Disabilities

334.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

334.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting investigator shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the investigator reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual

Communications with Persons with Disabilities

rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

334.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

334.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

334.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Communications with Persons with Disabilities

334.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Mandatory Employer Notification

335.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the requirements and procedures to follow when a public or private school employee (teacher and non-teacher) has been arrested under certain circumstances.

335.2 MANDATORY SCHOOL EMPLOYEE ARREST REPORTING

In the event a school employee is arrested for any offense enumerated below, the Chief of Investigations or his/her designee is required to report the arrest as follows.

335.2.1 ARREST OF PUBLIC SCHOOL TEACHER

In the event a public school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a), or Education Code § 44010, the Chief of Investigations or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the teacher and to immediately give written notice of the arrest to the Commission on Teacher Credentialing and to the superintendent of schools in the county where the person is employed (Health and Safety Code § 11591; Penal Code § 291).

335.2.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE

In the event a public school non-teacher employee is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a), or Education Code § 44010, the Chief of Investigations or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the non-teacher and to immediately give written notice of the arrest to the governing board of the school district employing the person (Health and Safety Code § 11591; Penal Code § 291).

335.2.3 ARREST OF PRIVATE SCHOOL TEACHER

In the event a private school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290 or Education Code § 44010, the Chief of Investigations or his/her designee is mandated to immediately notify by telephone the private school authority employing the teacher and to immediately give written notice of the arrest to the private school authority employing the teacher (Health and Safety Code § 11591; Penal Code § 291.1).

Mandatory Employer Notification

335.2.4 ARREST OF COMMUNITY COLLEGE INSTRUCTOR

In the event a teacher or instructor employed in a community college district school is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591.5 or Health and Safety § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(9), or for any of the offenses enumerated in Penal Code § 290 or in Penal Code § 261(a)(1), the Chief of Investigations or the authorized designee is mandated to immediately notify by telephone the superintendent of the community college district employing the person, and shall immediately give written notice of the arrest to the California Community Colleges Chancellor's Office (Health and Safety Code § 11591.5; Penal Code § 291.5).

335.3 POLICY

The Imperial County District Attorney will meet the reporting requirements of California law to minimize the risks to children and others.

335.4 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITIES

In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential therapeutic program or a foster family agency is arrested for child abuse (as defined in Penal Code § 11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (Health and Safety Code § 1522.2).

Biological Samples

336.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

336.2 POLICY

The Imperial County District Attorney will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

336.3 PERSONS SUBJECT TO DNA COLLECTION

Those who must submit a biological sample include (Penal Code § 296):

- (a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
- (b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
- (c) An adult arrested or charged with any felony.

336.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

336.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the individual's criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

Biological Samples

336.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, investigators should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

336.5.1 VIDEO RECORDING

A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule (15 CCR 1059).

336.5.2 CELL EXTRACTIONS

If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

336.6 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

336.6.1 DOCUMENTATION RELATED TO FORCE

The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.

Biological Samples

336.6.2 BLOOD SAMPLES

A blood sample should only be obtained under this policy when:

- (a) The California DOJ requests a blood sample and the subject consents, or
- (b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

336.6.3 LITIGATION

The Chief of Investigations or authorized designee should notify the California DOJ's DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state's DNA Data Bank Program.

Child and Dependent Adult Safety

337.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this agency (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

337.1.1 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience children may have when their parent or caregiver is arrested. The Imperial County District Attorney will endeavor to create a strong cooperative relationship with local, state and community-based child social services to ensure an effective, collaborative response that addresses the needs of affected children.

337.2 POLICY

It is the policy of this agency to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Imperial County District Attorney will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

337.2.1 AFTER AN ARREST

Whenever an arrest is made, the investigator should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, dependent minor children.

Investigators should allow the arrestee reasonable time to arrange for care of minor children. Temporary placement of the child with family or friends may be appropriate. However, any decision should give priority to a child-care solution that is in the best interest of the child. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of minor children with a responsible party, as appropriate.
 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), investigators should respect the parent's judgment regarding arrangements for child care. It is generally best if the child remains with relatives or family friends the child knows and trusts. Consideration regarding the child's familiarity with the surroundings, comfort, emotional state and safety should be paramount.

Child and Dependent Adult Safety

2. Except when a court order exists limiting contact, the investigator should attempt to locate and place dependent children with the non-arrested parent or guardian.
- (b) Provide for the immediate supervision of minor children until an appropriate caregiver arrives.
- (c) Notify Child Protective Services if appropriate.
- (d) Notify the field supervisor or Chief Investigator of the disposition of minor children.

If children are at school or at a known location outside the household at the time of arrest, the arresting investigator should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the parent's arrest and of the arrangements being made for the care of the arrestee's children, and then record the result of such actions in the associated report.

337.2.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional free local phone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any minor dependent child. These phone calls shall be given immediately upon request or as soon as practicable and are in addition to any other phone calls allowed by law (Penal Code § 851.5(c)).

337.2.3 REPORTING

For all arrests where children are present or living in the household, the reporting employee will include information about the children, including names, gender, age and how they were placed.

337.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, investigators should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, investigators should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Investigators should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, investigators should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Child and Dependent Adult Safety

Whenever it is safe to do so, investigators should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the investigator at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

337.3.1 AFTER AN ARREST

Whenever an arrest is made, the investigator should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Investigators should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Investigators should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), investigators should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the investigator should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting investigator should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

Child and Dependent Adult Safety

337.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

337.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

337.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling investigators, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

337.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling investigator should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Child and Dependent Adult Safety

Only when other reasonable options are exhausted should a child or dependent adult be transported to the bureau facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

337.5 TRAINING

The Training Manager is responsible to ensure that all personnel of this agency who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Service Animals

338.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

338.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

338.2 POLICY

It is the policy of the Imperial County District Attorney to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

338.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

338.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Imperial County District Attorney affords to all members of the public (28 CFR 35.136).

338.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

338.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

338.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an investigator may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

Service Animals

338.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, investigators should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Volunteer Program

339.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn investigators and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

339.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve investigators, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

339.2 VOLUNTEER MANAGEMENT

339.2.1 VOLUNTEER COORDINATOR

The Volunteer Coordinator shall be appointed by the Chief Investigator. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.

Volunteer Program

- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

339.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

339.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
- (b) Employment
- (c) References
- (d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

339.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

Volunteer Program

339.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn investigators or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

339.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

339.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn investigators. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

Volunteer Program

339.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

339.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

339.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

Volunteer Program

339.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid California Driver License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

339.5.2 RADIO AND MDT/MDC USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or [MDT/MDC] and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

339.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Investigations or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Investigations or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

339.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

339.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Off-Duty Law Enforcement Actions

340.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an investigator as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for investigators of the Imperial County District Attorney with respect to taking law enforcement action while off-duty.

340.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Investigators should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Investigators are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, investigators should first consider reporting and monitoring the activity and only take direct action as a last resort.

340.3 FIREARMS

Investigators of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty investigators shall also carry their department-issued badge and identification.

Investigators should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any investigator who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the investigator's senses or judgment.

340.4 DECISION TO INTERVENE

There is no legal requirement for off-duty investigators to take law enforcement action. However, should investigators decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty investigator were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty investigator to be misidentified by other peace officers or members of the public.

Investigators should consider waiting for on-duty uniformed investigators to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

340.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the investigator should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty investigator is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the investigator should loudly and repeatedly identify him/herself as an Imperial County District Attorney investigator until acknowledged. Official identification should also be displayed.

340.4.2 INCIDENTS OF PERSONAL INTEREST

Investigators should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances investigators should call the responsible agency to handle the matter.

340.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

340.4.4 OTHER CONSIDERATIONS

When encountering an undercover (non-uniformed) investigator in public, investigators should wait for acknowledgement by the non-uniformed investigator in case he/she needs to maintain an undercover capability.

340.5 REPORTING

Any off-duty investigator who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Investigators should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

342.5 PROHIBITED CONTENT

- (g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this agency's social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.

342.5.1 PUBLIC POSTING PROHIBITED

Agency social media sites shall be designed and maintained to prevent posting of content by the public.

Department/Office Use of Social Media

The Agency may provide a method for members of the public to contact department members directly.

342.6 MONITORING CONTENT

The Chief of Investigations will appoint a supervisor to review, at least annually, the use of agency social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

342.7 RETENTION OF RECORDS

The Administration Supervisor should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

 - 1. Identify and solve public safety problems within the community.
 - 2. Organize programs and activities that help build positive relationships between agency members and the community and provide community members with an improved understanding of agency operations.
- (e) Working with the Operations Division Commander to develop patrol deployment plans that allow investigators the time to participate in community engagement and problem-solving activities.
- (f) Recognizing agency and community members for exceptional work or performance in community relations efforts.
- (g) Attending County council and other community meetings to obtain information on community relations needs.
- (h) Assisting with the agency's response to events that may affect community relations, such as an incident where the conduct of a agency member is called into public question.
- (i) Informing the Chief of Investigations and others of developments and needs related to the furtherance of the agency's community relations goals, as appropriate.

345.5 SURVEYS

The community relations coordinator should arrange for a survey of community members and agency members to be conducted at least annually to assess the condition of the relationship between the Agency and the community. Survey questions should be designed to evaluate perceptions of the following:

- (a) Overall performance of the Agency
- (b) Overall competence of agency members
- (c) Attitude and behavior of agency members
- (d) Level of community trust in the Agency
- (e) Safety, security or other concerns

A written summary of the compiled results of the survey should be provided to the Chief of Investigations.

Community Relations

345.6 COMMUNITY AND YOUTH ACTIVITIES AND PROGRAMS

The community relations coordinator should organize or assist with programs and activities that create opportunities for agency members and community members, especially youth, to interact in a positive setting. Examples of such programs and events include:

- (a) Agency-sponsored athletic programs (e.g., baseball, basketball, soccer, bowling).
- (b) Police-community get-togethers (e.g., cookouts, meals, charity events).
- (c) Youth leadership and life skills mentoring.
- (d) School resource investigator/Drug Abuse Resistance Education (D.A.R.E.®) programs.
- (e) Neighborhood Watch and crime prevention programs.

345.7 INFORMATION SHARING

The community relations coordinator should work with the Public Information Officer to develop methods and procedures for the convenient sharing of information (e.g., major incident notifications, significant changes in agency operations, comments, feedback, positive events) between the Agency and community members. Examples of information-sharing methods include:

- (a) Community meetings.
- (b) Social media (see the Agency Use of Social Media Policy).
- (c) Agency website postings.

Information should be regularly refreshed, to inform and engage community members continuously.

345.8 LAW ENFORCEMENT OPERATIONS EDUCATION

The community relations coordinator should develop methods to educate community members on general law enforcement operations so they may understand the work that investigators do to keep the community safe. Examples of educational methods include:

- (a) Development and distribution of informational cards/flyers.
- (b) Agency website postings.
- (c) Presentations to driver education classes.
- (d) Instruction in schools.
- (e) Agency ride-alongs (see the Ride-Along Policy).
- (f) Scenario/Simulation exercises with community member participation.
- (g) Youth internships at the Agency.
- (h) Citizen academies.

Instructional information should include direction on how community members should interact with the police during enforcement or investigative contacts and how community members can make a

Community Relations

complaint to the agency regarding alleged misconduct or inappropriate job performance by agency members.

345.9 SAFETY AND OTHER CONSIDERATIONS

Agency members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Agency members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

345.10 COMMUNITY ADVISORY COMMITTEE

The Chief of Investigations should establish a committee of volunteers consisting of community members, community leaders and other community stakeholders (e.g., representatives from schools, churches, businesses, social service organizations). The makeup of the committee should reflect the demographics of the community as much as practicable.

The committee should convene regularly to:

- (a) Provide a public forum for gathering information about public safety concerns in the community.
- (b) Work with the Agency to develop strategies to solve public safety problems.
- (c) Generate plans for improving the relationship between the Agency and the community.
- (d) Participate in community outreach to solicit input from community members, including youth from the community.

The Training Manager should arrange for initial and ongoing training for committee members on topics relevant to their responsibilities.

The Chief of Investigations may include the committee in the evaluation and development of agency policies and procedures and may ask them to review certain personnel complaints for the purpose of providing recommendations regarding supervisory, training or other issues as appropriate.

345.10.1 LEGAL CONSIDERATIONS

The Chief of Investigations and the community relations coordinator should work with the County Counsel as appropriate to ensure the committee complies with any legal requirements such as public notices, records maintenance and any other associated obligations or procedures.

Community Relations

345.11 TRANSPARENCY

The Agency should periodically publish statistical data and analysis regarding the agency's operations. The reports should not contain the names of investigators, suspects or case numbers. The community relations coordinator should work with the community advisory committee to identify information that may increase transparency regarding agency operations.

345.12 TRAINING

Subject to available resources, members should receive training related to this policy, including training on topics such as:

- (a) Effective social interaction and communication skills.
- (b) Cultural, racial and ethnic diversity and relations.
- (c) Building community partnerships.
- (d) Community policing and problem-solving principles.
- (e) Enforcement actions and their effects on community relations.

Where practicable and appropriate, community members, especially those with relevant expertise, should be involved in the training to provide input from a community perspective.

Handcuffing and Restraints

346.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

346.2 POLICY

The Imperial County District Attorney authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and agency training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

346.3 USE OF RESTRAINTS

Only members who have successfully completed Imperial County District Attorney-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, investigators should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

346.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of investigators and others. When deciding whether to remove restraints from a detainee, investigators should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

346.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the investigator has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, investigators, or others (Penal Code § 3407; Penal Code § 6030).

346.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the investigator has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the investigator, or damage property.

346.3.4 NOTIFICATIONS

Whenever an investigator transports a person with the use of restraints other than handcuffs, the investigator shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the investigator reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

346.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Agency. Investigators should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, investigators should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, investigators should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

346.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the investigator reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Investigators utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Investigators

Handcuffing and Restraints

should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Investigators should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

346.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only agency-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

346.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Agency shall be used.

In determining whether to use the leg restraint, investigators should consider:

- (a) Whether the investigator or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting investigator while handcuffed, kicking at objects or investigators).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

346.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, investigators should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the investigator arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an investigator while in the leg restraint. The investigator should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The investigator should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an investigator when requested by medical personnel. The transporting investigator should describe to medical personnel any unusual behaviors or other circumstances the investigator reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

346.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the investigator shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Investigators should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

346.9 TRAINING

Subject to available resources, the Training Manager should ensure that investigators receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Agency.
- (b) Response to complaints of pain by restrained persons.

Handcuffing and Restraints

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Chapter 4 - Patrol Operations

Bias-Based Policing

400.1 PURPOSE AND SCOPE

This policy provides guidance to agency members that affirms the Imperial County District Attorney's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the agency's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

400.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

400.2 POLICY

The Imperial County District Attorney is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this agency to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

400.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an investigator from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

400.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

- (a) In compiling personal information about a person's religious belief, practice, affiliation, national origin or ethnicity.
- (b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

Bias-Based Policing

400.4 MEMBER RESPONSIBILITIES

Every member of this agency shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

400.4.1 REASON FOR CONTACT

Investigators contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved investigator should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any investigator to document a contact that would not otherwise require reporting.

400.4.2 REPORTING OF STOPS

Unless an exception applies under 11 CCR 999.227, an investigator conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple investigators conduct a stop, the investigator with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the Imperial County District Attorney is the primary agency, the Imperial County District Attorney investigator shall collect the data elements and prepare the stop data report (11 CCR 999.227).

The stop data report should be completed by the end of the investigator's shift or as soon as practicable (11 CCR 999.227).

400.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved investigator and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Data Terminal (MDT) data and any other available resource used to document contact between investigators and the public to ensure compliance with the policy.
 - 1. Supervisors should document these periodic reviews.

Bias-Based Policing

2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this agency who discloses information concerning bias-based policing.

400.6 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Internal Affairs Bureau Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against investigators is collected and provided to the Legal Office Supervisor for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020). See the Records Center Policy.

Supervisors should ensure that data stop reports are provided to the Legal Office Supervisor for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).

400.7 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Bureau.

- (a) All sworn members of this agency will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.
- (b) Pending participation in such POST-approved training and at all times, all members of this agency are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.
- (c) Each sworn member of this agency who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

Crime and Disaster Scene Integrity

401.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

401.2 POLICY

It is the policy of the Imperial County District Attorney to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

401.3 SCENE RESPONSIBILITY

The first investigator at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Investigators shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an investigator has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the investigator shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

401.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

401.5 SEARCHES

Investigators arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once investigators are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Investigators should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

401.5.1 CONSENT

When possible, investigators should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

401.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

Ride-Along Policy

402.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for citizens to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride-Along Program.

402.1.1 ELIGIBILITY

The Imperial County District Attorney Ride-Along Program is offered to residents, students and those employed within the County. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

- Pending lawsuit against the Department
- Denial by any supervisor

402.1.2 AVAILABILITY

The Ride-Along Program is available on most days of the week, with certain exceptions. The ride-along times are from 10:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Division Commander.

402.2 PROCEDURE TO REQUEST A RIDE-ALONG

If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Commander will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the Watch Commander as soon as possible for his/her scheduling considerations.

Ride-along requirements for bureau cadets are covered in the Bureau Cadets Policy.

402.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

402.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Imperial County District Attorney) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

402.3 INVESTIGATOR'S RESPONSIBILITY

The investigator shall advise the Assistant Chief Investigator that a ride-along is present in the vehicle before going into service. Investigators shall consider the safety of the ride-along at all times. Investigators should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another bureau unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Assistant Chief Investigator is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the yellow form shall be returned to the Chief Investigator with any comments which may be offered by the investigator.

- (a) The ride-along will follow the directions of the investigator

Ride-Along Policy

- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any bureau equipment
- (c) The ride-along may terminate the ride at any time and the investigator may return the observer to their home or to the station if the ride-along interferes with the performance of the investigator's duties
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety
- (e) Investigators will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen
- (f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an investigator without the expressed consent of the resident or other authorized person

Hazardous Material Response

403.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

403.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

403.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an investigator comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

403.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

403.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

Hostage and Barricade Incidents

404.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where investigators have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the investigators by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that investigators encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

404.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- (b) Unlawfully held against his/her will under threat or actual use of force.

404.2 POLICY

It is the policy of the Imperial County District Attorney to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

404.3 COMMUNICATION

When circumstances permit, initial responding investigators should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Investigators should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, agency-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

404.3.1 EMERGENCY COMMUNICATIONS

Only an investigator who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,

Hostage and Barricade Incidents

or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

- (a) The investigator reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),
- (b) The investigator reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and
- (c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).
- (d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.
- (e) The contents of any oral communications overheard are recorded on tape or other comparable device.

404.4 FIRST RESPONDER CONSIDERATIONS

First responding investigators should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding investigator should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding investigator shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The investigator shall continually evaluate the situation, including the level of risk to investigators, to the persons involved and to bystanders, and the resources currently available.

The handling investigator should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

404.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, investigators handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

Hostage and Barricade Incidents

- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Agency, such as command officers and the Public Information Officer (PIO).
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

404.4.2 HOSTAGE SITUATION

Investigators presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that investigators react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

Hostage and Barricade Incidents

- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Agency, such as command officers and the PIO.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

404.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Intervention Response Team (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
 - (b) Ensure the completion of necessary first responder responsibilities or assignments.
 - (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
 - (d) Establish a command post location as resources and circumstances permit.
 - (e) Designate assistants who can help with intelligence information and documentation of the incident.
 - (f) If it is practicable to do so, arrange for video documentation of the operation.
 - (g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).
1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Agency obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

Hostage and Barricade Incidents

- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the agency Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

404.6 CRU RESPONSIBILITIES

The Incident Commander will decide, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

404.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling investigator at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

405.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Imperial County District Attorney in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

405.2 POLICY

It is the policy of the Imperial County District Attorney to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

405.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

405.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

405.4.1 IMPERIAL COUNTY DISTRICT ATTORNEY FACILITY

If the bomb threat is against the Imperial County District Attorney facility, the Watch Commander will direct and assign investigators as required for coordinating a general building search or evacuation of the bureau department, as he/she deems appropriate.

405.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Imperial County District Attorney that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

Response to Bomb Calls

405.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

405.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the County of Imperial, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting bureau assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

405.5.1 ASSISTANCE

The Watch Commander should be notified when bureau assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including bureau control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request bureau assistance to clear the interior of a building, based upon the circumstances and known threat, investigators may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

405.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
 - 1. The time of discovery.

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

405.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding investigators. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

405.7.1 CONSIDERATIONS

Investigators responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

405.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

Response to Bomb Calls

405.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

405.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign investigators to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Mental Illness Commitments

406.1 PURPOSE AND SCOPE

This policy provides guidelines for when investigators may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

406.2 POLICY

It is the policy of the Imperial County District Attorney to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

406.3 AUTHORITY

An investigator having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the investigator believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, investigators are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

406.3.1 VOLUNTARY EVALUATION

If an investigator encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the investigators should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, investigators should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Mental Illness Commitments

406.3.2 RESTRAINTS

If the patient is violent or potentially violent, the investigator will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the investigator will wait while they are being applied to help provide physical control of the patient, if needed.

406.3.3 MENTAL HEALTH DOCUMENTATION

The investigator will complete an Application For 72-Hour Detention for Evaluation and Treatment form (MH-302) and provide it to the staff member assigned to that patient. The investigator will retain a copy of the 72-hour evaluation for inclusion in the case report. The investigator shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

406.3.4 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and investigators determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the bureau unit.

406.4 CONSIDERATIONS AND RESPONSIBILITIES

Any investigator handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade investigators from taking reasonable action to ensure the safety of the investigators and others.

Investigators should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

406.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the investigator shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The investigator taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code §

Mental Illness Commitments

5211, unless a responsible person took possession of the property, in which case the investigator shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

406.5 TRANSPORTATION

When transporting any individual for a 5150 commitment, the transporting investigator should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Investigators may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an investigator during the transport, Watch Commander approval is required before transport commences.

406.5.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

- (a) Whenever the handling investigator has cause to believe that the future return of any confiscated weapon(s) might endanger the person or others, the investigator shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigation Bureau which shall be responsible for initiating a petition to the superior court for a hearing in accordance with Welfare and Institutions Code § 8102(b), to determine whether or not the weapon(s) will be returned.
- (b) The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon(s) have been confiscated unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him or her of the right to a hearing on the issue and that he or she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon(s).
- (c) If no petition is initiated within the above period, the Department shall make the weapon(s) available for return in accordance with subsection (d) below. If the person does not confirm a desire for a hearing within the prescribed 30 days, the Department may file a petition for an order of default.
- (d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice which conforms to the provisions of Penal Code § 33865.
- (e) In no case in which a firearm or other deadly weapon is not retained as evidence shall the Department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or

Mental Illness Commitments

other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

406.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the investigator will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the investigator should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting investigator should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the investigator may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, investigators will not apply facility-ordered restraints.

406.7 DOCUMENTATION

The investigator shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for investigator involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The investigator should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

406.7.1 ADVISEMENT

The investigator taking a person into custody for evaluation shall advise the person of:

- (a) The investigator's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the investigator must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The investigator should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

Mental Illness Commitments

406.8 CRIMINAL OFFENSES

Investigators investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the investigator should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this agency to regain custody of the individual, agency resources (e.g., posting a guard) and other relevant factors in making this decision.

406.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling investigators should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Investigators should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Investigators are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling investigators shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Investigators shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

406.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling investigator has cause to believe that the future return of any confiscated weapon might endanger the person or others, the investigator shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigative Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

Mental Illness Commitments

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Agency makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Agency shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

406.10 TRAINING

This agency will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Cite and Release Policy

407.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

407.2 POLICY

It is the policy of the Imperial County District Attorney to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Agency's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

407.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing investigator shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

407.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting investigator should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

407.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

407.4 NON-RELEASE

Cite and Release Policy

407.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Rape of a spouse (Penal Code § 262)
- (f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (g) Stalking (Penal Code § 646.9)
- (h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

407.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Agency and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
 - 1. The Imperial County District Attorney shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).

Cite and Release Policy

- (e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).
- (f) The person could not provide satisfactory evidence of personal identification.
 - 1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:
 - (a) Previous failure to appear is on record
 - (b) The person lacks ties to the area, such as a residence, job, or family
 - (c) Unusual circumstances lead the investigator responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Center.

407.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence.
- (b) The misdemeanor cited in the warrant involves a firearm.
- (c) The misdemeanor cited in the warrant involves resisting arrest.
- (d) The misdemeanor cited in the warrant involves giving false information to a peace investigator.
- (e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.

Cite and Release Policy

- (f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.
- (g) The person has other ineligible charges pending against him/her.
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
- (i) The person refuses to sign the notice to appear.
- (j) The person cannot provide satisfactory evidence of personal identification.
- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

407.6 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Imperial County codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Investigative Bureau for further action including diversion.

Foreign Diplomatic and Consular Representatives

408.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Imperial County District Attorney extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

408.2 POLICY

The Imperial County District Attorney respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

408.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Foreign Diplomatic and Consular Representatives

408.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
 - 1. Diplomatic-level staff of missions to international organizations and recognized family members
 - 2. Diplomatic agents and recognized family members
 - 3. Members of administrative and technical staff of a diplomatic mission and recognized family members

 - 2. Support staff of missions to international organizations
 - 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 - 4. Honorary consular officers
 - 5. Whenever an investigator arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the investigator shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the investigator shall begin the notification process.

Rapid Response and Deployment

409.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding investigators in situations that call for rapid response and deployment.

409.2 POLICY

The Imperial County District Attorney will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

409.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding investigators should consider reasonable options to reduce, prevent or eliminate the threat. Investigators must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, investigators should take immediate action, if reasonably possible, while requesting additional assistance.

Investigators should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action investigators should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual investigator from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the investigators have the ability to effectively communicate with other personnel or resources.

Rapid Response and Deployment

- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, investigators should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

409.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

409.5 PLANNING

The Operations Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

Rapid Response and Deployment

409.6 TRAINING

The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
 - 1. This should include the POST terrorism incident training required for investigators assigned to field duties (Penal Code § 13519.12).
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

411.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Imperial County District Attorney relating to immigration and interacting with federal immigration officials.

411.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

411.2 POLICY

It is the policy of the Imperial County District Attorney that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this agency in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

411.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

411.4 IMMIGRATION INQUIRIES PROHIBITED

Investigators shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

411.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Immigration Violations

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

411.5 DETENTIONS AND ARRESTS

An investigator shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An investigator who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the investigator has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An investigator shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An investigator should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

411.5.1 SUPERVISOR RESPONSIBILITIES

When notified that an investigator has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Transfer the person to jail.

411.6 FEDERAL REQUESTS FOR ASSISTANCE

Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this agency should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

Immigration Violations

411.7 INFORMATION SHARING

No member of this agency will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in agency records
- (c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

411.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

- (a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

411.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Imperial County District Attorney intends to comply with the request (Government Code § 7283.1).

If the Imperial County District Attorney provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

Immigration Violations

411.7.3 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Imperial County District Attorney shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

411.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

- (a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
- (b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
- (c) The individual is a current registrant on the California Sex and Arson Registry.
- (d) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

411.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Investigative Bureau supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Legal Office Supervisor for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Center Policy).

411.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigative Bureau supervisor assigned to oversee the handling of any related case. The Investigative Bureau supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

Immigration Violations

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
 2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

Investigators and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Investigators and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim's family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

411.8.2 REPORTING TO LEGISLATURE

The Investigative Bureau supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

Obtaining Air Support

413.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

413.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or investigator in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

413.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Chief Investigator, or his/her designee, will call the closest agency having helicopter support available. The Chief Investigator on duty will apprise that agency of the specific details of the incident prompting the request.

413.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for investigators on the ground.

Contacts and Temporary Detentions

414.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an investigator contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the investigator is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the investigator's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by investigators in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the investigator, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an investigator has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an investigator intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an investigator actually restrains a person's freedom of movement.

414.2 POLICY

The Imperial County District Attorney respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the investigator, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the investigator based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Contacts and Temporary Detentions

414.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an investigator may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the investigator's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Imperial County District Attorney to strengthen community involvement, community awareness, and problem identification.

414.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the investigator should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the investigator

414.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the investigator's training and experience, an investigator may pat a suspect's outer clothing for weapons if the investigator has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the investigator to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single investigator.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone investigator. A cover investigator should be positioned to ensure safety and should not be involved in the search.

414.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the investigator shall carefully consider, among other things, the factors listed below.

414.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the investigator should have the individual read and sign the appropriate form accompanying the photograph.

414.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The investigator must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the investigator's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

414.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Center.

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

414.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

414.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, investigators should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, investigators should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Imperial County District Attorney members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

415.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Imperial County District Attorney appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

415.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

415.2 POLICY

The Imperial County District Attorney recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this agency to collect and share relevant information while respecting the privacy and legal rights of the public.

415.3 CRIMINAL INTELLIGENCE SYSTEMS

No agency member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Investigations has approved the system for agency use.

Any criminal intelligence system approved for agency use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for agency use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

415.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this agency, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Center. Any

Criminal Organizations

supporting documentation for an entry shall be retained by the Records Center in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Center are appropriately marked as intelligence information. The Legal Office Supervisor may not purge such documents without the approval of the designated supervisor.

415.3.2 GANG DATABASES

The Chief of Investigations may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the Agency, the basis for that designation, and the name of the agency that made the designation. The Agency shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the agency's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Center after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

Criminal Organizations

It is the responsibility of the Records Center supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

415.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the agency-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

415.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible agency supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Center or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

415.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

415.5 INFORMATION RECOGNITION

Agency members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

Criminal Organizations

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Agency supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

415.6 RELEASE OF INFORMATION

Agency members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to agency members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

415.7 CRIMINAL STREET GANGS

The Investigative Bureau supervisor should ensure that there are an appropriate number of agency members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
 - 1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
 - 2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
 - 3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
- (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

Criminal Organizations

415.8 TRAINING

The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

415.8.1 SHARED GANG DATABASE TRAINING

The Training Manager should ensure that members who are authorized users of a shared gang database receive the required training from the California Department of Justice (DOJ) or an instructor certified by the DOJ that includes comprehensive and standardized training on the use of shared gang databases, and any other associated training required by the Agency (Penal Code § 186.36; 11 CCR 751.6).

Chief Investigators

416.1 PURPOSE AND SCOPE

Each shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, the Assistant Chief Investigator, Supervisor or Officer In Charge (OIC) will head each watch.

416.2 DESIGNATION AS ACTING CHIEF INVESTIGATOR

When the Assistant Chief Investigator is unavailable for duty as Chief Investigator, in most instances the senior qualified investigator shall be designated as acting Chief Investigator. This policy does not preclude designating a less senior investigator as an acting Chief Investigator when operational needs require or training permits.

Portable Audio/Video Recorders

417.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this agency while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Imperial County District Attorney facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

417.2 POLICY

The Imperial County District Attorney may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Agency by accurately capturing contacts between members of the Agency and the public.

417.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any agency-issued device at any time, and any recording made while acting in an official capacity for this agency, regardless of ownership of the device it was made on, shall remain the property of the Agency. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

417.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/ she is equipped with a portable recorder issued by the Agency, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, ICDA identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Portable Audio/Video Recorders

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

417.4.1 SUPERVISOR RESPONSIBILITIES

Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

417.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

417.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Members of the Agency may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another agency member without a court order unless lawfully authorized by the Chief of Investigations or the authorized designee.

Portable Audio/Video Recorders

417.5.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

417.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

417.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using agency-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with agency-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate agency business purposes. All such recordings shall be retained at the Agency.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for agency-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

417.6.1 PROHIBITED USE OF BIOMETRIC SURVEILLANCE SYSTEM

The installation, activation, or use of biometric surveillance systems, including facial recognition, in connection with portable recorders is prohibited (Penal Code § 832.19).

417.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

Portable Audio/Video Recorders

- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

417.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Agency who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Investigations or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

417.9 COORDINATOR

The Chief of Investigations or the authorized designee shall appoint a member of the Agency to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

Portable Audio/Video Recorders

- (a) Establishing a system for downloading, storing and security of recordings.
- (b) Designating persons responsible for downloading recorded data.
- (c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
- (d) Establishing a system for tagging and categorizing data according to the type of incident captured.
- (e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
- (f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
- (g) Maintaining logs of access and deletions of recordings.

417.10 RETENTION OF RECORDINGS

Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

- (a) Incidents involving use of force by an investigator
- (b) Officer-involved shootings
- (c) Incidents that lead to the detention or arrest of an individual
- (d) Recordings relevant to a formal or informal complaint against an investigator or the Imperial County District Attorney

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

417.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Medical Marijuana

418.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this agency with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

Medical Marijuana

418.2 POLICY

It is the policy of the Imperial County District Attorney to prioritize resources to forgo making arrests related to marijuana that the arresting investigator reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Imperial County District Attorney will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

418.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

418.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the investigator should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so investigators should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

418.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.

Medical Marijuana

Investigators who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

418.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the investigator reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Investigators are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Investigators should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Investigators should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

418.3.4 ADDITIONAL CONSIDERATIONS

Investigators should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, investigators may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at a later time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Medical Marijuana

4. Other relevant factors, such as available agency resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, investigators should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
 1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, investigators should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

418.3.5 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Investigators should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

418.3.6 EXCEPTIONS

This policy does not apply to, and investigators should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

Medical Marijuana

- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (c) Smoking marijuana (Health and Safety Code § 11362.79):
 - 1. In any place where smoking is prohibited by law.
 - 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 - 3. On a school bus.
 - 4. While in a motor vehicle that is being operated.
 - 5. While operating a boat.
- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

418.4 FEDERAL LAW ENFORCEMENT

Investigators should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the investigator believes those authorities would have a particular interest in the information.

418.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigative Bureau supervisor.

Foot Pursuits

419.1 PURPOSE AND SCOPE

This policy provides guidelines to assist investigators in making the decision to initiate or continue the pursuit of suspects on foot.

419.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that investigators must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Investigators are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Investigators must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

419.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Investigators must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Investigators may be justified in initiating a foot pursuit of any individual the investigator reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an investigator must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no investigator or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an investigator should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.

Foot Pursuits

- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

419.3 GENERAL GUIDELINES

When reasonably practicable, investigators should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- (b) The investigator is acting alone.
- (c) Two or more investigators become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single investigator keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The investigator is unsure of his/her location and direction of travel.
- (e) The investigator is pursuing multiple suspects and it is not reasonable to believe that the investigator would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the investigator renders him/her incapable of controlling the suspect if apprehended.
- (g) The investigator loses radio contact with the [dispatcher or with assisting or backup investigators.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient investigators to provide backup and containment. The primary investigator should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The investigator becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to investigators or the public.
- (j) The investigator reasonably believes that the danger to the pursuing investigators or public outweighs the objective of immediate apprehension.

Foot Pursuits

- (k) The investigator loses possession of his/her firearm or other essential equipment.
- (l) The investigator or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The investigator's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

419.4 RESPONSIBILITIES IN FOOT PURSUITS

419.4.1 INITIATING INVESTIGATOR RESPONSIBILITIES

Unless relieved by another investigator or a supervisor, the initiating investigator shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating investigator should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient investigators are present to safely apprehend the suspect.

Early communication of available information from the involved investigators is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Investigators initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Investigators should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any investigator unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the investigator will notify the [dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct

Foot Pursuits

further actions as reasonably appear necessary, to include requesting medical aid as needed for investigators, suspects or members of the public.

419.4.2 ASSISTING INVESTIGATOR RESPONSIBILITIES

Whenever any investigator announces that he/she is engaged in a foot pursuit, all other investigators should minimize non-essential radio traffic to permit the involved investigators maximum access to the radio frequency.

419.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing investigators or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

419.4.4 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the [dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved investigators.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

419.5 REPORTING REQUIREMENTS

The initiating investigator shall complete appropriate crime/arrest reports documenting, at minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.

Foot Pursuits

- (e) Involved vehicles and investigators.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting investigators taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating investigator need not complete a formal report.

419.6 POLICY

It is the policy of this department that investigators, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Investigators are expected to act reasonably, based on the totality of the circumstances.

Homeless Persons

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide investigators during all contacts with the homeless, whether consensual or for enforcement purposes. The Imperial County District Attorney recognizes that members of the homeless community are often in need of special protection and services. The Imperial County District Attorney will address these needs in balance with the overall mission of this agency. Therefore, investigators will consider the following when serving the homeless community.

420.1.1 POLICY

It is the policy of the Imperial County District Attorney to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this agency will not use homelessness solely as a basis for detention or law enforcement action.

420.2 FIELD CONTACTS

Investigators are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an investigator from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, investigators are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Investigators should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

420.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Investigators should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

Homeless Persons

- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Senior and Disability Victimization Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

420.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Investigators should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, investigators should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the investigator, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Investigators should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the agency Homeless Liaison Investigator. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Investigator.

Investigators who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the agency Homeless Liaison Investigator if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Investigator to address the matter in a timely fashion.

420.4 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Investigators shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting investigator should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, investigators may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

Homeless Persons

420.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Investigators are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

421.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this agency. In addition, this policy provides guidelines for situations where the recordings may be evidence.

421.2 POLICY

The Imperial County District Attorney recognizes the right of persons to lawfully record members of this agency who are performing their official duties. Members of this agency will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Investigators should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

421.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the investigators.
 - 4. Being so close to the activity as to interfere with an investigator's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the investigators, him/herself or others.

421.4 INVESTIGATOR RESPONSE

Investigators should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, investigators should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Public Recording of Law Enforcement Activity

Whenever practicable, investigators or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an investigator could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, investigators shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

421.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the investigator and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Agency members, such as how and where to file a complaint.

421.6 SEIZING RECORDINGS AS EVIDENCE

Investigators should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

Public Recording of Law Enforcement Activity

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a agency-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Crisis Intervention Incidents

422.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an investigator to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

422.2 POLICY

The Imperial County District Attorney is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

422.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

422.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief Investigator should designate a Supervisor to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

422.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to investigators; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an investigator's authority to use reasonable force when interacting with a person in crisis.

Investigators are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An investigator responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup investigators and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
 - 1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the investigator.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.

Crisis Intervention Incidents

- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

422.6 DE-ESCALATION

Investigators should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding investigators generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

422.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the investigator should request that the [dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous bureau response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

Crisis Intervention Incidents

422.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

422.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

422.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

422.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person

Crisis Intervention Incidents

may be harmful to him/herself or others, an investigator should be promptly summoned to provide assistance.

422.11 EVALUATION

The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, investigators or incidents and will be submitted to the Chief of Investigations through the chain of command.

422.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

Briefing Training

423.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the investigator's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however investigators may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing investigators with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
- (b) Notifying investigators of changes in schedules and assignments
- (c) Notifying investigators of new General Orders or changes in General Orders
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

423.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate investigator in his or her absence or for training purposes.

Medical Aid and Response

424.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

424.2 POLICY

It is the policy of the Imperial County District Attorney that all investigators and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

424.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

424.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Investigators should search any person who is in custody before releasing that person to EMS for transport.

An investigator should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

424.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an investigator shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the investigator should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an investigator believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The investigator may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the investigator will require the person to be transported to the nearest medical facility. In such cases, the investigator should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

424.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the investigator has reason to believe the arrestee is feigning injury or illness, the investigator should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the investigator should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Medical Aid and Response

Arrestees who appear to have a serious medical issue should be transported by ambulance. Investigators shall not transport an arrestee to a hospital without a supervisor's approval.

424.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

424.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Operations Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Agency should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One agency member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.

Medical Aid and Response

- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

424.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

424.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in agency vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Manager who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

424.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

424.8.3 AED TRAINING AND MAINTENANCE

The Training Manager should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Manager is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

424.9 SECTION TITLE

424.10 SECTION TITLE

424.11 SECTION TITLE

424.12 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS

The Operations Division Commander may authorize the acquisition of epinephrine auto-injectors for use by Agency members as provided by Health and Safety Code § 1797.197a. The Training Manager shall create and maintain an operations plan for the storage, maintenance, use and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100019).

Medical Aid and Response

424.12.1 EPINEPHRINE USER RESPONSIBILITIES

Members should handle, store and administer epinephrine auto-injectors consistent with their training and the Agency operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Agency Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact Dispatch as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

424.12.2 EPINEPHRINE AUTO-INJECTOR REPORTING

Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Manager should ensure that the Legal Office Supervisor is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

424.12.3 EPINEPHRINE AUTO-INJECTOR TRAINING

The Training Manager should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100019.

424.13 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the investigator has reason to believe the arrestee is feigning injury or illness, the investigator should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the investigator should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Investigators shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an investigator from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the investigator's training.

Medical Aid and Response

424.14 FIRST AID TRAINING

The Training Manager should ensure investigators receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

Suspicious Activity Reporting

425.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

425.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

425.2 POLICY

The Imperial County District Attorney recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

425.3 RESPONSIBILITIES

The Investigation Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for agency participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Division Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Agency that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Agency.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Agency conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

425.4 REPORTING AND INVESTIGATION

Any agency member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an investigator in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an investigator becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

425.5 HANDLING INFORMATION

The Records Center will forward copies of SARs, in a timely manner, to the following:

- Investigative Bureau supervisor
- Crime Analysis Unit
- Other authorized designees

First Amendment Assemblies

426.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

426.2 POLICY

The Imperial County District Attorney respects the rights of people to peaceably assemble. It is the policy of this agency not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

426.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, investigators shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors investigators may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Investigators should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an investigator is placing a person under lawful arrest.

Supervisors should continually observe agency members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

426.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating agency performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

426.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding investigator should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

426.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

426.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.

First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

426.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.

First Amendment Assemblies

- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

426.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

426.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

426.7 USE OF FORCE

Use of force is governed by current agency policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and Electro-muscular-disruption-technology-device (EMDT)s should be considered only when the participants' conduct reasonably

First Amendment Assemblies

appears to present the potential to harm investigators, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this agency shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

426.8 ARRESTS

The Imperial County District Attorney should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of investigators and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

426.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

426.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should

First Amendment Assemblies

promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

426.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

426.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

426.12 TRAINING

Agency members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Agency should, when practicable, train with its external and mutual aid partners.

Mobile Audio/Video

427.1 PURPOSE AND SCOPE

The Imperial County District Attorney has equipped marked patrol cars with Mobile Audio/Video (MAV) recording systems to provide records of events and assist investigators in the performance of their duties. This policy provides guidance on the use of these systems.

427.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio/Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

427.2 POLICY

It is the policy of the Imperial County District Attorney to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

427.3 INVESTIGATOR RESPONSIBILITIES

Prior to going into service, each investigator will properly equip him/herself to record audio and video in the field. At the end of the shift, each investigator will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each investigator should have adequate recording media for the entire duty assignment. In the event an investigator works at a remote location and reports in only periodically, additional recording media may be issued. Only Imperial County District Attorney identified and labeled media with tracking numbers is to be used.

At the start of each shift, investigators should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the investigator recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the investigator shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

Mobile Audio/Video

427.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the investigator whenever appropriate. When audio is being recorded, the video will also record.

427.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An investigator may activate the system any time the investigator believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DWI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an investigator would normally notify Dispatch
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls

Mobile Audio/Video

3. Offenses involving violence or weapons

- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
- (e) Any other circumstance where the investigator believes that a recording of an incident would be appropriate

427.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an investigator is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

427.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other investigators or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Investigations or the authorized designee for the purpose of conducting a criminal or administrative investigation.

427.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The law enforcement operator or the vehicle to which it was issued.
 - 4. The date it was submitted.
 - 5. Law enforcement operators submitting the media.
 - 6. Holds for evidence indication and tagging as required.

Mobile Audio/Video

- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an investigator.

427.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of investigator conduct
- (c) By a supervisor to assess investigator performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an investigator who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Investigations or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Investigations or the authorized designee
- (j) To assess possible training value

Mobile Audio/Video

- (k) Recordings may be shown for training purposes. If an involved investigator objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the investigator's objection

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

427.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the investigator's report. If a citation is issued, the investigator shall make a notation on the back of the records copy of the citation, indicating that the incident was recorded.

427.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of one year after which time it will be erased, destroyed or recycled in accordance with the established records retention schedule (Government Code § 34090.6).

427.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Investigations or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

427.7.2 MAV RECORDINGS AS EVIDENCE

Investigators who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the investigator or against the Imperial County District Attorney should indicate this in an appropriate report. Investigators should ensure relevant recordings are preserved.

427.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

Mobile Audio/Video

- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating investigator's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Investigators using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Investigators shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

427.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

Mobile Audio/Video

427.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Automated License Plate Readers (ALPRs)

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

428.2 POLICY

The policy of the Imperial County District Attorney is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

428.3 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Imperial County District Attorney to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Division Commander. The Administration Division Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

428.3.1 ALPR ADMINISTRATOR

The Administration Division Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- (b) Training requirements for authorized users.
- (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- (d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.
- (e) The title and name of the current designee in overseeing the ALPR operation.
- (f) Working with the Custodian of Records on the retention and destruction of ALPR data.

Automated License Plate Readers (ALPRs)

- (g) Ensuring this policy and related procedures are conspicuously posted on the department's website.

428.4 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.
- (f) If practicable, the investigator should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

428.5 DATA COLLECTION AND RETENTION

The Administration Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

428.6 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Imperial County District Attorney will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

Automated License Plate Readers (ALPRs)

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

428.7 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
 - 1. The name of the agency.
 - 2. The name of the person requesting.
 - 3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the Administration Division Commander or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

428.8 TRAINING

The Training Manager should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

428.9 SECTION TITLE

Aircraft Accidents

429.1 PURPOSE AND SCOPE

The purpose of this policy is to provide agency members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

429.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

429.2 POLICY

It is the policy of the Imperial County District Attorney to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

429.3 ARRIVAL AT SCENE

Investigators or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

429.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

429.5 NOTIFICATIONS

When an aircraft accident is reported to this agency, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

429.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this agency will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene agency supervisor should ensure the accident is still appropriately investigated and documented.

429.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.

Aircraft Accidents

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

429.8 DOCUMENTATION

All aircraft accidents occurring within the County of Imperial shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of ICDA members deployed to assist; other County resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

429.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

429.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

429.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should

Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Patrol Function

430.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

430.2 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the Agency should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with agency policies and applicable laws. Members are encouraged to share information with other units and divisions.

430.3 CROWDS, EVENTS AND GATHERINGS

Investigators may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Investigators should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Investigators responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, investigators should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Investigators are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Investigators should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

430.3.1 CAMPUS LIAISON

A college or university in this jurisdiction should designate a liaison between our agency and students exercising rights guaranteed by the First Amendment to the United States Constitution, a similar provision of the California Constitution or both (Education Code § 66303). The designated agency staff member will work with this liaison regarding relevant issues, scheduled events, training and crowd control.

Patrol Function

430.4 POLICY

The Imperial County District Attorney provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and agency members.

430.5 FUNCTION

Patrol will generally be conducted by uniformed investigators in clearly marked law enforcement vehicles in assigned jurisdictional areas of Imperial. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

- (a) Responding to emergency calls for service.
- (b) Apprehending criminal offenders.
- (c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
- (d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
- (e) Responding to reports of criminal and non-criminal acts.
- (f) Responding to routine calls for service, such as public assistance or public safety.
- (g) Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.
- (h) Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
- (i) Directing and controlling traffic.

Chapter 5 - Traffic Operations

Vehicle Towing and Release

500.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Imperial County District Attorney. Nothing in this policy shall require the Agency to tow a vehicle.

500.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

500.2.1 VEHICLE STORAGE REPORT

Agency members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Center as soon as practicable after the vehicle is stored.

500.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the investigator shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Agency to assume responsibility for a vehicle involved in a collision, the investigator shall request the dispatcher to call the official towing garage for the County of Imperial. The investigator will then store the vehicle using a CHP Form 180.

500.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this agency to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.

Vehicle Towing and Release

- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Agency will not be responsible for theft or damages.

500.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the investigator shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The investigator shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the investigator shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

500.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Agency should not be driven by bureau personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

500.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The investigator shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

500.2.7 RECORDS CENTER RESPONSIBILITY

Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Vehicle Towing and Release

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Center to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Agency.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

500.3 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in bureau custody, to provide for the safety of investigators, and to protect the Agency against fraudulent claims of lost, stolen, or damaged property.

500.4 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, investigators should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

500.5 RELEASE OF VEHICLE

The Agency will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

Imperial County District Attorney

Policies

Vehicle Towing and Release

- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 - 1. The vehicle was stolen.
 - 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 - 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 - 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

Vehicle Impound Hearings

501.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

501.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Imperial County District Attorney, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

501.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Chief of Investigation will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving

502.1 PURPOSE AND SCOPE

This policy provides guidance to those agency members who play a role in the detection and investigation of driving under the influence (DUI).

502.2 POLICY

The Imperial County District Attorney is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

502.2.1 COLLECTING BLOOD EVIDENCE

Only a certified phlebotomy technician, licensed physician, nurse or other individual authorized by Vehicle Code § 23158(a) may withdraw a blood sample. Whether such evidence is collected at the Department or other location, the withdrawal of the blood sample shall be witnessed by the assigned investigator.

When a person cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant under the direction of a physician for a heart condition, he or she shall not be required to take a blood test (Vehicle Code § 23612(b) and (c)).

All blood samples shall be booked into evidence for later transfer to the crime laboratory for analysis.

502.2.2 COLLECTING BREATH AS EVIDENCE

If the arrested person chooses a breath test and it can be accomplished without undue delay, the arrested person shall first be transported to the jail for breath testing preparatory to booking. At the jail, an investigator trained in the use of the alcohol breath machine will record the blood alcohol level by obtaining samples of the person's breath.

When the arrested person chooses a breath test the handling investigator shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

502.2.3 COLLECTING URINE AS EVIDENCE

If the arrested person chooses a urine test, as permitted by law, he/she shall be promptly transported to the jail. Urine evidence collection kits are maintained in the jail. The investigator shall follow the directions listed on the instruction sheet accompanying the urine evidence collection kit. If the arrested person's urine is necessarily collected elsewhere, the procedure will remain the same.

Urine samples shall be collected and/or witnessed by an investigator or matron of the same gender as the person giving the sample. The person tested shall be given such privacy in the taking of the urine specimen as will ensure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved (Vehicle Code § 23158(i)).

Impaired Driving

The urine evidence collection kit shall be marked with the arrestee's name, offense, department, case number and the name of the witnessing investigator. The urine evidence collection kit shall then be placed in the evidence refrigerator to await transportation to the crime laboratory.

502.2.4 TESTING OF CONSCIOUS PERSON AT A HOSPITAL

Most blood, breath and urine tests will be administered at the jail. However, if a timely breath or urine test cannot be administered because the person is transported to a medical facility where such tests cannot be facilitated, the person shall be advised that a blood test will be the only choice available and a blood sample may be taken at the medical facility (Vehicle Code § 23612(a)(3)).

Based on probable cause, the investigator should place the conscious person under arrest in the presence of a witnessing investigator or medical personnel and advise the attending physician of the intention to collect a sample of the person's blood. Unless the attending physician objects for medical reasons a blood sample will be collected in the prescribed manner.

502.2.5 TESTING OF UNCONSCIOUS PERSON AT A HOSPITAL

When a person is suspected of driving under the influence of alcohol and/or drugs and the person is unconscious or in a condition rendering him or her incapable of refusal, that person is deemed not to have withdrawn his or her consent and a blood test may be ordered by the arresting investigator. The investigator shall advise the attending physician of the intention to collect a sample of the person's blood as evidence. If the physician does not object based on medical reasons, the blood will be collected in the prescribed manner.

A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered. In such cases the handling investigator should coordinate with the Coroner's Office to ensure that a viable test will be obtained (Vehicle Code § 23612(a)(5)).

502.2.6 EXIGENT CIRCUMSTANCES DOCTRINE

Under the exigent circumstances doctrine, the level of influence of an intoxicant can be important evidence. Since it is not of a permanent nature, it will be lost if not seized immediately. The above sections will generally come within the guidelines of the exigent circumstances doctrine.

502.3 INVESTIGATIONS

Investigators should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All investigators are expected to enforce these laws with due diligence.

The Chief of Investigation will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating investigators in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.

Impaired Driving

- (b) The investigator's observations that indicate impairment on the part of the individual, and the investigator's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

502.4 FIELD TESTS

The Chief of Investigation should identify standardized FSTs and any approved alternate tests for investigators to use when investigating violations of DUI laws.

502.5 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an investigator having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an investigator having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the investigator should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

502.5.1 STATUTORY NOTIFICATIONS

Investigators requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

502.5.2 PRELIMINARY ALCOHOL SCREENING

Investigators may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The investigator shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence

Impaired Driving

of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The investigator shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

502.5.3 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an investigator lawfully detains a person under 21 years of age who is driving a motor vehicle and the investigator has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the investigator shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the investigator may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the investigator shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

502.5.4 CHOICE OF TESTS

Investigators shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the investigator shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the investigator may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

502.5.5 BREATH SAMPLES

The Chief of Investigation should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Investigators obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Chief of Investigation.

When the arrested person chooses a breath test, the handling investigator shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide

Impaired Driving

a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The investigator should also require the person to submit to a blood test if the investigator has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the investigator's belief shall be included in the investigator's report (Vehicle Code § 23612(a)(2)(C)).

502.5.6 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned investigator. No investigator, even if properly certified, should perform this task.

Investigators should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

502.5.7 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The investigator shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an investigator or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

502.6 REFUSALS

When an arrestee refuses to provide a viable chemical sample, investigators should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

Impaired Driving

502.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, investigators shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

502.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The investigator can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

502.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the investigator should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another investigator) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

Impaired Driving

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, investigators are expected to use sound judgment and perform as a responding supervisor, as set forth above.

502.7 ARREST AND INVESTIGATION

502.7.1 WARRANTLESS ARREST

In addition to the arrest authority granted to investigators pursuant to Penal Code § 836, an investigator may make a warrantless arrest of a person that the investigator has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

502.7.2 INVESTIGATOR RESPONSIBILITIES

The investigator serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

502.8 RECORDS CENTER RESPONSIBILITIES

The Legal Office Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

502.9 ADMINISTRATIVE HEARINGS

The Legal Office Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Impaired Driving

Any investigator who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An investigator called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

502.10 TRAINING

The Training Manager should ensure that investigators participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney's office and update training topics as needed.

Disabled Vehicles

503.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having **responsibility for traffic enforcement** may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

503.2 INVESTIGATOR RESPONSIBILITY

When an on-duty investigator observes a disabled vehicle on the roadway, the investigator should make a reasonable effort to provide assistance. If that investigator is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available investigator to respond for assistance as soon as practical.

503.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

503.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

503.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

503.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

503.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

Administrative Per Se Law (APS)

504.1 PURPOSE AND SCOPE

This policy provides for the immediate suspension of California driver's licenses in certain Driving Under the Influence (DUI) cases and in Zero Tolerance incidents. Vehicle Code §§ 13382 (a) and (b), and 13388 (b) require that peace officers immediately suspend driving privileges in certain situations involving arrests for Vehicle Code §§ 23152 and 23153. This policy also describes the policy dealing with Zero Tolerance laws.

504.2 SUSPENSION OF CALIFORNIA DRIVER'S LICENSES

The driver's license of a person suspected of driving under the influence of alcohol, shall immediately be suspended under any of the following circumstances:

- (a) The arrestee refuses to submit to a chemical test
- (b) The arrestee fails to complete the selected test
- (c) The arrestee declines a breath test and demands a blood or urine test, and, the arresting investigator has reasonable cause to believe that the arrestee's Blood Alcohol Content (BAC) will exceed the .08-percent level
- (d) The arrestee completes the breath tests which show a BAC of .08-percent or higher

504.2.1 ZERO TOLERANCE LAW

Vehicle Code §§ 23136 & 23140 were enacted to reduce alcohol related incidents by persons under the age of 21-years. A person under 21-years years of age may have his or her license suspended under the following circumstances:

- (a) When suspected of consuming alcohol and refusing a PAS test
- (b) Who has a blood-alcohol level of .01-percent or greater

Zero Tolerance requires a Preliminary Alcohol Screening (PAS) device as the primary test. If the device is not available, one of the other chemical tests must be completed. Under Zero Tolerance, only the PAS device result is required. If, based on the PAS results, the driver's blood alcohol reading warrants arrest and further chemical testing, the Department of Motor Vehicles does not require completion of the chemical test section of the DS367m form. Once the PAS certification is complete, the Zero Tolerance requirement has been met.

504.3 PEACE OFFICER'S RESPONSIBILITY

In any of the above situations, the peace officer, acting on behalf of the Department of Motor Vehicles, shall do the following:

- (a) Confiscate any California driver's license(s) in the possession of the driver. If the subject has an Admin Per Se (APS) temporary license document, do not confiscate.

Administrative Per Se Law (APS)

- (b) Complete and serve the Administrative Per Se Order of Suspension (DMV form DS367, DS367m or DS367s - Officer's Statement and Order of Suspension), 4th page on the driver, regardless of license status.
- (c) The investigator will inform the driver that the "Administrative Per Se Order of Suspension", form DS367, DS367m or DS367s' along with his/her violator's notice to appear (except Zero Tolerance) or other release from custody document, will serve as the driver's temporary license. If the driver's privilege to drive is suspended or revoked, the order will not be a valid temporary license. If the subject presents an Admin Per Se suspension order/temporary license, do not confiscate the order but do issue another order pursuant to the current DUI arrest.

504.4 DEPARTMENT OF MOTOR VEHICLES NOTIFICATION

The following specified items must be forwarded to the Department of Motor Vehicles within five regular business days:

- (a) Officer's Statement form DS367 or DS367m (Minor) or DS367s (Spanish)
- (b) Order of suspension (form DS367, DS367m or DS367s, pages 2 and 3)
- (c) Copy of the printout of the breath test (if taken)
- (d) Traffic collision report if applicable
- (e) The offender's driver's license

504.5 PROCESSING OF FORMS

In order to ensure that the Department of Motor Vehicles and Bureau Department forms are routed properly, the following responsibilities are identified:

504.5.1 SUPERVISORY APPROVAL

The Chief Investigator, or the supervisor responsible for approving reports, shall collect the documents described in Policy Manual § 526.4, review for completeness (dates, times, signatures, etc.) and forward the originals of the documents to the Traffic Bureau.

504.5.2 TRAFFIC BUREAU RESPONSIBILITY

The Traffic Bureau is responsible for the following:

- (a) Copies of documents required by DMV are to be made for the department files and the originals are then to be forwarded to the Department of Motor Vehicles
- (b) Providing a copy of DMV form DS367, DS367m or DS367s to the Records Center
- (c) One copy of the Forensic Alcohol Examination Report shall be attached to the second copy of form DS367, which shall then be forwarded to the Records Center
- (d) The Traffic Bureau is also responsible for keeping and updating a case log on all persons arrested for impaired driving. Information on that log shall include:

Administrative Per Se Law (APS)

1. Case number
2. Arrested driver's name
3. The date the forms were received in the Traffic Bureau
4. The date the forms were returned to the investigator for corrections if applicable
5. The date form DS367 was mailed to the DMV
6. Which test the arrested driver chose

If the Department of Motor Vehicles should return form DS367, DS367m or DS367s for corrections, the Traffic Bureau must notify the investigator who made the arrest of the needed corrections. The investigator shall make the corrections by lining out the incorrect information with a single line and initialing above the corrected area, including the date the correction was made. White out and strikeouts are not acceptable forms of correction. The form(s) shall then be returned to the Traffic Bureau to be returned to the Department of Motor Vehicles.

504.5.3 EVIDENCE OFFICER RESPONSIBILITY

It is the responsibility of the Evidence Officer to promptly deliver physiological specimens to the designated crime lab as soon as possible after receipt to ensure that the above time requirements are met.

Traffic Function and Responsibility

505.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

505.2 TRAFFIC INVESTIGATOR DEPLOYMENT

Several factors are considered in the development of deployment schedules for investigators of the Imperial County District Attorney. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore investigator deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All investigators assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All investigators will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All investigators shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

505.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any investigator shall not be used as the sole criterion for evaluating investigator overall performance (Vehicle Code § 41603). The visibility and quality of an investigator's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

Traffic Function and Responsibility

505.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

505.3.2 CITATIONS

Citations may be issued when an investigator believes it is appropriate. It is essential that investigators fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Investigators should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

505.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the investigator, such as reckless driving with extenuating circumstances

505.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an investigator contacts a traffic violator for driving on a suspended or revoked license, the investigator may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the investigator. The investigator shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The investigator will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

505.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Traffic Function and Responsibility

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

505.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, investigators should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes investigator might benefit from being readily identified as a member of law enforcement.

505.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each bureau motorcycle and in the saddlebag or gear bag of each bureau bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Citations

506.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

506.2 RESPONSIBILITIES

The Chief of Investigation shall be responsible for the development and design of all Agency traffic citations in compliance with state law and the Judicial Council.

The Records Center shall be responsible for the supply and accounting of all traffic citations issued to employees of this agency.

506.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this agency do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Bureau Manager may request the Operations Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an investigator determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the investigator may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the investigator shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Division Commander for review.

506.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Bureau.

506.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the investigator issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Traffic Bureau. The Traffic Bureau shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

Traffic Citations

506.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this agency shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Center.

Upon separation from employment with this agency, all employees issued traffic citation books shall return any unused citations to the Records Center.

506.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

506.7.1 APPEAL STAGES

Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

- (a) Administrative reviews are conducted by the Traffic Bureau who will review written/ documentary data. Requests for administrative reviews are available at the front desk or Traffic Bureau of the Imperial County District Attorney. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.
- (b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.
- (c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

506.7.2 TIME REQUIREMENTS

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

- (a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).
- (b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).
- (c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

Traffic Citations

- (d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

506.7.3 COSTS

- (a) There is no cost for an administrative review.
- (b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).
- (c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

506.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POTENTIALLY EXCULPATORY EVIDENCE OR FACTS

Investigators must include in their reports adequate reference to all material evidence and facts which are reasonably believed to be exculpatory to any individual in the case. If an investigator learns of potentially exculpatory information anytime after submission of the case, the investigator must notify the prosecutor as soon as practicable.

Evidence or facts are considered material if there is a reasonable probability that they may impact the result of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an investigator is unsure whether evidence or facts are material, the investigator should address the issue with a supervisor.

Supervisors uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

600.3 PHOTOGRAPHIC IDENTIFICATION OF SUSPECTS

When practicable, the employee composing and the employee presenting the photo lineup should not be directly involved in the investigation of the case. When this is not possible, the employee presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

The following precautions should be taken by any employee presenting a photographic lineup:

- (a) The person of interest or suspect in the photo lineup should not stand out from the other persons depicted in the photos.
- (b) At no time prior to, during or after the presentation of a photographic lineup should it be suggested to a witness that any person depicted in the lineup is a suspect or was in any way connected to the offense.
- (c) The employee presenting the photographs to a witness should not know which photograph depicts the suspect.
- (d) The employee presenting the photographs to a witness should do so sequentially (i.e., showing the witness one photograph at a time) and not simultaneously. The witness should view all photographs in the lineup.
- (e) The position of the suspect's photo and filler photos should be placed in a different random order for each witness.

Investigation and Prosecution

- (f) In order to avoid undue influence, witnesses viewing a photographic lineup should do so individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the photographic lineup with other witnesses.
- (g) An admonishment should be given to each witness that the suspect's photograph may or may not be among those in the lineup and that the witness is not required to make an identification.

The procedure employed and the results of any photographic lineup should be documented in the case report. A copy of the photographic lineup presented to the witness should be included in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the appropriate report.

600.3.1 PHOTO IDENTIFICATION FORM

The Investigations supervisor shall be responsible for the development and maintenance of a photographic lineup identification form consistent with this policy.

The form, at minimum, shall contain the following:

- The date, time and location of the lineup procedure
- The name and identifying information of the witness
- The name of the investigator administering the lineup procedure
- The names of all of the individuals present during the lineup
- An admonishment that the suspect's photograph may or may not be among those in the lineup and that the witness is not required to make an identification
- A signature line where the witness acknowledges that he/she understands the lineup procedures and instructions

The photo identification form should be reviewed at least annually and modified when necessary.

600.4 POLICY

It is the policy of the Imperial County District Attorney to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

Investigation and Prosecution

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigative Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an investigator, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.

Investigation and Prosecution

- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Agency shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.6 INITIAL INVESTIGATION

600.6.1 INVESTIGATOR RESPONSIBILITIES

An investigator responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the investigator shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.6.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an investigator shall be requested.

600.7 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

Investigation and Prosecution

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

600.8 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, investigators should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, investigators should take reasonable steps to prepare for such seizure and use the resources that are available.

600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this agency. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using agency equipment.

Investigation and Prosecution

Information obtained via the Internet should not be archived or stored in any manner other than agency-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.9.1 ACCESS RESTRICTIONS

Information that can be accessed from any agency computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Investigators should seek legal counsel before any such interception.

600.10 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Investigations. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.11 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

The Investigation Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

- (a) Security procedures are developed to protect information gathered through the use of the technology.
- (b) A usage and privacy policy is developed that includes:

Investigation and Prosecution

1. The purposes for which using cellular communications interception technology and collecting information is authorized.
2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
3. Training requirements necessary for those authorized employees.
4. A description of how the Agency will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
5. Process and time period system audits.
6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with agency security procedures, the agency's usage and privacy procedures and all applicable laws.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Imperial County District Attorney that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

Sexual Assault Investigations

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
 - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

601.6 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigative Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Sexual Assault Investigations

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.7.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned investigator shall accomplish the following:

- (a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the investigator shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 - 1. The investigator shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 - 2. A support person may be excluded from the examination by the investigator or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

601.7.2 VICTIM CONFIDENTIALITY

Investigators investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting investigator shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this agency shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

Sexual Assault Investigations

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned investigator shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned investigator determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the investigator shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned investigator shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned investigator shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.8.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant

Sexual Assault Investigations

delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned investigator should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. Absent a written request, no member of this agency is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):
 - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 - 2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned investigator informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned investigator should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. No investigator shall be required or expected to release any information which might impede or compromise any ongoing investigation.

601.8.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property and Evidence Section supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

Sexual Assault Investigations

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigative Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Investigative Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.10 CASE REVIEW

The Investigative Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Investigations.

Asset Forfeiture

602.1 CLAIM INVESTIGATIONS

An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).

602.2 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.2.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Investigations to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Imperial County District Attorney seizes property for forfeiture or when the Imperial County District Attorney is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Investigations who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

- (a) Property related to a narcotics offense, which includes (Health and Safety Code § 11470; Health and Safety Code § 11470.1):
 - 1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
 - 2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.

Asset Forfeiture

3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.
 5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
- (b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):
1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
 2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

602.3 POLICY

The Imperial County District Attorney recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Imperial County District Attorney that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.4 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

602.4.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

Asset Forfeiture

- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
 - 1. The property subject to forfeiture is legally seized incident to an arrest.
 - 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing investigator can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Investigators aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.4.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).
- (d) Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- (e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

602.4.3 SEIZED VEHICLES

Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The investigator seizing the vehicle shall notify the detective supervisor of the seizure of the vehicle and circumstances of the seizure as soon as possible.

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

Asset Forfeiture

Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

602.5 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the investigator making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the investigator must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The investigator will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Investigators who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.6 MAINTAINING SEIZED PROPERTY

The Property and Evidence Section Supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used unless the forfeiture action has been completed.

Asset Forfeiture

602.7 FORFEITURE REVIEWER

The Chief of Investigations will appoint an investigator as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

- (a) Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.
- (b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.
- (c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.

- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to investigators. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.
- (g) Ensuring that investigators who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins

Asset Forfeiture

(DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

- (h) Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
 - 3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Health and Safety Code § 11488.4).
 - 4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).
 - 5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
 - 6. Any cash received is deposited with the fiscal agent.
 - 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 - 8. Current minimum forfeiture thresholds are communicated appropriately to investigators.
 - 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- (i) Ensuring that a written plan that enables the Chief of Investigations to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
- (j) Ensuring that the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.
- (k) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).
- (l) Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code § 11471).
- (m) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds \$5,000.00 (Health and Safety Code § 11471.5).

Asset Forfeiture

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and County financial directives (Health and Safety Code § 11495).

602.8 DISPOSITION OF FORFEITED PROPERTY

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer's employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

602.8.1 RECEIVING EQUITABLE SHARES

When participating in a joint investigation with a federal agency, the Imperial County District Attorney shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of \$40,000 or more.

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Imperial County District Attorney for law enforcement purposes. This also includes a person agreeing to supply information to the Imperial County District Attorney for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Imperial County District Attorney recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this agency that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an investigator must receive approval from his/her supervisor. The investigator shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this agency should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable (Penal Code § 701.5)
- (d) The Chief of Investigations or the authorized designee

Informants

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated agency informant agreement. The investigator using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Investigations, Division Commander, Narcotic Task Force supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as bureau investigators, employees or agents of the Imperial County District Attorney, and that they shall not represent themselves as such.
- (d) The relationship between agency members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Narcotic Task Force supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Investigators shall not meet with informants in a private place unless accompanied by at least one additional investigator or with prior approval of the Narcotic Task Force supervisor.
 - 1. Investigators may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, investigators shall arrange for the presence of another investigator.
- (g) In all instances when agency funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, investigators shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

Informants

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Agency and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an investigator.
- (c) The informant reveals to suspects the identity of an investigator or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this agency to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of investigators or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of agency members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Narcotic Task Force. The Narcotic Task Force supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Investigations, Division Commander, Narcotic Task Force supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Narcotic Task Force supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

Informants

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the investigator initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Narcotic Task Force supervisor will discuss the above factors with the Operations Division Commander and recommend the type and level of payment subject to approval by the Chief of Investigations.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

Imperial County District Attorney

Policies

Informants

- (a) Payments of \$500 and under may be paid in cash from a Narcotic Task Force buy/expense fund.
 - 1. The Narcotic Task Force supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the investigator who will be delivering the payment.
 - 1. The check shall list the case numbers related to and supporting the payment.
 - 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 - 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 - 4. Authorization signatures from the Chief of Investigations and the District Attorney are required for disbursement of the funds.
- (c) To complete the payment process for any amount, the investigator delivering the payment shall complete a cash transfer form.
 - 1. The cash transfer form shall include the following:
 - (a) Date
 - (b) Payment amount
 - (c) Imperial County District Attorney case number
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
 - 2. The cash transfer form shall be signed by the informant.
 - 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of investigators or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

Informants

603.6.3 AUDIT OF PAYMENTS

The Narcotic Task Force supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Investigations or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Warrant Service

604.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol investigators.

604.2 POLICY

It is the policy of the Imperial County District Attorney to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

604.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

604.4 SEARCH WARRANTS

Investigators should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the investigator will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

604.5 ARREST WARRANTS

If an investigator reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the investigator should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

604.6 WARRANT PREPARATION

An investigator who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

604.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of investigators deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the

Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

604.8 DETENTIONS DURING WARRANT SERVICE

Investigators must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, investigators must be mindful that only reasonable force may be used and weapons should be displayed no longer than the investigator reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Investigators should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

604.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

604.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment

Warrant Service

- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Imperial County District Attorney are utilized appropriately. Any concerns regarding the requested use of Imperial County District Attorney members should be brought to the attention of the Chief of Investigations or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If investigators intend to serve a warrant outside Imperial County District Attorney jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Investigators will remain subject to the policies of the Imperial County District Attorney when assisting outside agencies or serving a warrant outside Imperial County District Attorney jurisdiction.

604.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Investigations. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

604.12 TRAINING

The Training Manager should ensure investigators receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

605.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

605.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by investigators on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

605.2 POLICY

It is the policy of the Imperial County District Attorney to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

605.3 OPERATIONS DIRECTOR

The Chief of Investigations will designate a member of this agency to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

605.4 RISK ASSESSMENT

605.4.1 RISK ASSESSMENT FORM PREPARATION

Investigators assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the investigator should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the investigator should also submit information to these resources.

The investigator should gather available information that includes, but is not limited to:

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to investigators and others (e.g., making an off-site arrest or detention of the subject of investigation).

605.4.2 RISK ASSESSMENT REVIEW

Investigators will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

605.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. (CRU)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation

Operations Planning and Deconfliction

7. Additional surveillance
 8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate agency members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

605.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The investigator who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The investigator should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

605.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives, and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present,

Operations Planning and Deconfliction

information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties, and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed investigators should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups, and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals, and other people who might be at the location in accordance with the Child Abuse, Senior and Disability Victimization, Child and Dependent Adult Safety, and Animal Control policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing, and approving reports.

605.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

605.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and

Operations Planning and Deconfliction

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for investigators who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to investigators arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

605.8 CRU PARTICIPATION

If the operations director determines that CRU participation is appropriate, the director and the CRU supervisor shall work together to develop a written plan. The CRU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the investigators present.

605.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Investigations. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

605.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CRU debriefing.

Operations Planning and Deconfliction

605.11 TRAINING

The Training Manager should ensure investigators and CRU team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Eyewitness Identification

606.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this agency employ eyewitness identification techniques (Penal Code § 859.7).

606.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

606.2 POLICY

The Imperial County District Attorney will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

606.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

606.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigative Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

606.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

606.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

606.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

606.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

606.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

606.7.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

606.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be

Eyewitness Identification

used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

607.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the Imperial County District Attorney that is both favorable and material to the current prosecution or defense of a criminal defendant.

607.2 POLICY

The Imperial County District Attorney will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Imperial County District Attorney will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Agency will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

607.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Investigators must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an investigator learns of potentially incriminating or exculpatory information any time after submission of a case, the investigator or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the investigator should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an investigator is unsure whether evidence or facts are material, the investigator should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Agency case file.

Brady Material Disclosure

607.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this agency who is a material witness in a criminal case, the following procedure shall apply:

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the investigator's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

607.5 INVESTIGATING BRADY ISSUES

If the Agency receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

607.6 TRAINING

Agency members should receive periodic training on the requirements of this policy.

Chapter 7 - Equipment

Department Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Chief Investigator, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Department Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Investigations who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to real or personal property belonging to the County, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Chief Investigator.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.1.1 PRIVACY POLICY

Any employee utilizing any computer, internet service, phone service or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored using such service.

701.2 POLICY

The Imperial County District Attorney allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.2.1 INDIVIDUALLY OWNED PCD

Employees may carry their own PCD while on duty subject to the following conditions:

- (a) Carrying an individually-owned personal communication device is optional.
- (b) The device shall be purchased, used and maintained at the employee's expense.

Personal Communication Devices

701.2.2 USE OF PERSONAL COMMUNICATION DEVICES

PCDs, whether provided by the Department or personally-owned, should only be used by on-duty employees for legitimate department business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impractical or not feasible. PCDs however, should not be used to replace regular radio communications.

- (a) PCDs shall not be carried in a manner that allows them to be generally visible while in uniform.
- (b) PCD's may not be used to conduct personal business while on duty except when brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours). While employee's may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practical to areas where the communication will not be seen or heard by members of the public.
- (c) Extended or frequent use of department-issued PCDs or personally owned PCDs while on duty for personal use is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Department for any charges incurred as a result of personal use.

701.2.3 USE WHILE DRIVING

The use of a PCD while driving can cause unnecessary distractions and presents a negative image to the public. Investigators operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practical, stop the vehicle at an appropriate location to complete their call.

Except in the case of an emergency employees who are operating non-emergency vehicles shall not use cellular phones or other personal communication devices while driving unless the telephone is specifically designed and configured to allow hands-free listening and talking (Vehicle Code 23123 (a)). Such use should be restricted to business related calls or calls of an urgent nature.

701.2.4 OFFICIAL USE

The use of personal communication devices may be appropriate the following situations:

- (a) Barricaded suspects.
- (b) Hostage situations
- (c) Mobile Command Post.
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political/community events.
- (f) Investigative stakeouts where regular phone usage is not practical.

Personal Communication Devices

- (g) Emergency contact with outside agency or outside agency field unit equipped with PCDs.
- (h) When immediate communication is needed and the use of the radio is not appropriate and other means are not readily available.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department/Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Investigations or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a

Personal Communication Devices

reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.

1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Investigations.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Investigations or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Imperial County District Attorney and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall

Personal Communication Devices

endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Investigations or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Investigations or the authorized designee.

701.8 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Investigators operating emergency vehicles should restrict

Personal Communication Devices

the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

702.2 DEFECTIVE VEHICLES

Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

702.2.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

702.2.2 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

Vehicle Maintenance

702.6 NON-SWORN EMPLOYEE USE

Non-sworn employees shall also prominently display the “out of service” placards or lightbar covers at all times. Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the County of Imperial to provide assigned take-home vehicles.

703.2 POLICY

The Imperial County District Attorney provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

Employees shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

703.2.2 UNSCHEDULED USE OF VEHICLES

Personnel utilizing a vehicle for any purpose other than their normally assigned duties shall first notify the Chief Investigator of the reasons for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. This section does not apply to personnel permanently assigned an individual vehicle (e.g., command staff, detectives), or to Evidence Room personnel assigned transportation duties to and from the maintenance yard, etc. Evidence Room personnel shall be responsible for maintaining records of the property transportation vehicles for a minimum of two years.

Unmarked units, if not assigned to an individual employee, shall not be used without first obtaining approval from the respective unit supervisor.

703.2.4 DETECTIVE BUREAU VEHICLES

Investigations Division vehicle use is restricted to detective personnel Monday through Friday from 7:00 AM to 5:00 PM unless approved by a detective supervisor. After hour use of Investigations vehicles by personnel not assigned to Investigations shall be recorded with the Assistant Chief Investigator.

703.2.5 AUTHORIZED PASSENGERS

Personnel operating department owned vehicles shall not permit persons other than County employees or persons required to be conveyed in the performance of duty or as otherwise authorized to ride as a passenger in their vehicle.

Vehicle Use

703.2.6 PARKING

County owned vehicles should be parked in their assigned stalls. Employees shall not park privately owned vehicles in any stall assigned to a County owned vehicle or in other areas of the parking lot not designated as a parking space unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

703.2.7 INSPECTIONS

The interior of any vehicle that has been used to transport any person other than an employee should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized items have not been left in the vehicle.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Watch Commander shall ensure a copy of the shift assignment roster indicating member assignments and vehicle numbers is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

703.3.2 UNSCHEDULED USE OF VEHICLES

Members utilizing a County-owned vehicle for any purpose other than their regularly assigned duties shall first notify the Watch Commander of the reason for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. 703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

Vehicle Use

703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Investigators who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MDT

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify Dispatch. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

703.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Investigations, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

703.3.8 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than County personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

Vehicle Use

703.3.9 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

703.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Investigations. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

703.4.1 KEYS

All uniformed field personnel approved to operate marked patrol vehicles shall be issued their own personal unit key as part of their initial equipment distribution upon hiring. Personnel assigned a permanent vehicle shall be issued keys for their respective vehicle. The loss of any assigned key shall be promptly reported in writing through the employee's chain of command.

703.4.2 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Investigations or the authorized designee.

Vehicle Use

703.4.3 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

- (a) The circumstances are unplanned and were created by the needs of the department.
- (b) Other reasonable transportation options are not available.
- (c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Imperial County limits.
- (d) Off-street parking will be available at the member's residence.
- (e) Vehicles will be locked when not attended.
- (f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

703.4.4 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence, the nature of the member's duties, job description and essential functions, and employment or appointment status. Residence in the County of Imperial is a prime consideration for assignment of a take-home vehicle. Members who reside outside the County of Imperial may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Investigations.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a County vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Investigations or a Division Commander gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:
 - 1. In circumstances when a member has been placed on call by the Division Commander and there is a high probability that the member will be called back to duty.

Imperial County District Attorney

 3. When the member has received permission from the or Division Commanders.
 4. When the vehicle is being used by the Division Commander or members who are in on-call administrative positions.
 5. When the vehicle is being used by on-call investigators.
- (d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (e) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.
1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
 2. All weapons shall be secured while the vehicle is unattended.
 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Investigations or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).
- (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (i) The member is responsible for the care and maintenance of the vehicle.

703.4.5 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Imperial County District Attorney or while off-duty, an investigator shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Investigators may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Vehicle Use

Investigators driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Investigators should also ensure that department radio communication capabilities are maintained to the extent feasible.

703.4.6 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

- (e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.
- (f) All weapons shall be removed from any vehicle left for maintenance.
- (g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

703.5 UNMARKED VEHICLES

Vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a division supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also record the use with the Watch Commander .

703.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

Vehicle Use

703.6.1 ACCESSORIES AND/OR MODIFICATIONS

No modifications, additions or deletions of any equipment or accessories shall be made to the vehicle without written permission from the assigned vehicle program manager.

703.7 TOLL ROAD USAGE

Law enforcement vehicles are not routinely exempted from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

- (a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the County for any toll fees incurred in the course of official business.
- (b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Commander within five working days explaining the circumstances.

703.8 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Cash Handling, Security and Management

704.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

704.2 POLICY

It is the policy of the Imperial County District Attorney to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

704.3 PETTY CASH FUNDS

The Chief of Investigations shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

704.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

704.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Investigations, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Investigations.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Investigations or the County.

Cash Handling, Security and Management

704.6 ROUTINE CASH HANDLING

Those who handle cash as part of their property or Narcotic Task Force supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

704.7 OTHER CASH HANDLING

Members of the Department who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

Personal Protective Equipment

705.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

705.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

705.2 POLICY

The Imperial County District Attorney endeavors to protect members by supplying certain PPE to members as provided in this policy.

705.3 INVESTIGATOR RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

705.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

705.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

Personal Protective Equipment

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

705.6 HEAD AND BODY PROTECTION

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

705.7 RESPIRATORY PROTECTION

The Administration Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (8 CCR 5144):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

705.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (8 CCR 5144):

Personal Protective Equipment

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

705.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (8 CCR 5144):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

705.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.

Personal Protective Equipment

705.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

705.7.5 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (8 CCR 5144).

After initial testing, fit testing for respiratory PPE shall be repeated (8 CCR 5144):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

705.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

No member shall be issued respiratory protection that forms a complete seal around the face until (8 CCR 5144):

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Statewide Integrated Traffic Reporting System (SWITRS)

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Property and Evidence

801.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and identifies those persons authorized to remove and/or destroy property.

801.2 DEFINITIONS

Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

- Property obtained by the Agency for safekeeping such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law (e.g., Welfare and Institutions Code § 5150 (mentally ill persons))

Found property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

801.3 PROPERTY HANDLING

Any employee who first comes into possession of any property shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the items.

801.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

- (a) Complete the property form describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.
- (b) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
- (c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.

Property and Evidence

- (d) Place the case number in the upper right hand corner of the bag.
- (e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.
- (f) When the property is too large to be placed in a locker, the item may be retained in the supply room. Submit the completed property record into a numbered locker indicating the location of the property.

801.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a separate property record. Paraphernalia as defined by Health and Safety Code § 11364 shall also be booked separately.

The investigator seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by two copies of the form for the Records Center and detectives. The remaining copy will be detached and submitted with the case report.

801.3.3 EXPLOSIVES

Investigators who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the bureau facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Evidence Technician is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

801.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking.
- (b) License plates found not to be stolen or connected with a known crime, should be released directly to the Evidence Technician, or placed in the designated container for return to the Department of Motor Vehicles. No formal property booking process is required.
- (c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the Evidence Technician, or placed in the bicycle storage area until a Evidence Technician can log the property.
- (d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking investigator and the supervisor. The Watch Commander shall be contacted for cash in excess of \$1,000 for special handling procedures.

Property and Evidence

County property, unless connected to a known criminal case, should be released directly to the appropriate County department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

801.3.5 RELINQUISHED FIREARMS

Individuals who relinquish firearms pursuant to the provisions of Penal Code § 29850 shall be issued a receipt that describes the firearm, the serial number or other identification of the firearm at the time of relinquishment (Penal Code § 29810).

Relinquished firearms shall be retained for 30 days, after which time they may be destroyed, retained, sold or otherwise transferred, unless (Penal Code § 29810):

- (a) A certificate is issued by a judge of a court of record or the District Attorney stating the firearms shall be retained; or
- (b) The convicted person provides written notice of an intent to appeal the conviction that necessitated the relinquishment; or
- (c) The Automated Firearms System indicates that the firearm was reported lost or stolen.
 - 1. In such event, the firearm shall be restored to the lawful owner as soon as it is no longer needed as evidence, the lawful owner has identified the weapon and provided proof of ownership, and the Agency has complied with the requirements of Penal Code § 33850 et seq.

The Evidence Technician shall ensure the Legal Office Supervisor is notified of the relinquished firearm for purposes of updating the Automated Firearms System and the disposition of the firearm for purposes of notifying the California Department of Justice (DOJ) (See the Records Center Policy).

801.4 PACKAGING OF PROPERTY

Certain items require special consideration and shall be booked separately as follows:

- (a) Narcotics and dangerous drugs
- (b) Firearms (ensure they are unloaded and booked separately from ammunition)
- (c) Property with more than one known owner
- (d) Paraphernalia as described in Health and Safety Code § 11364
- (e) Fireworks
- (f) Contraband

801.4.1 PACKAGING CONTAINER

Employees shall package all property, except narcotics and dangerous drugs in a suitable container available for its size. Knife boxes should be used to package knives, and syringe tubes should be used to package syringes and needles.

A property tag shall be securely attached to the outside of all items or group of items packaged together.

Property and Evidence

801.4.2 PACKAGING NARCOTICS

The investigator seizing narcotics and dangerous drugs shall retain such property in his/her possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker, accompanied by two copies of the property record. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the investigator's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking investigator shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

A completed property tag shall be attached to the outside of the container. The chain of evidence shall be recorded on the back of this tag.

801.5 RECORDING OF PROPERTY

The Evidence Technician receiving custody of evidence or property shall record his/her signature, the date and time the property was received and where the property will be stored on the property control card.

A property number shall be obtained for each item or group of items. This number shall be recorded on the property tag and the property control card.

Any changes in the location of property held by the Imperial County District Attorney shall be noted in the property logbook.

801.6 PROPERTY CONTROL

Each time the Evidence Technician receives property or releases property to another person, he/she shall enter this information on the property control card. Investigators desiring property for court shall contact the Evidence Technician at least one day prior to the court day.

801.6.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry on the evidence package shall be completed to maintain the chain of evidence. No property or evidence is to be released without first receiving written authorization from a supervisor or detective.

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the Evidence Technician. This request may be filled out any time after booking of the property or evidence.

801.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The transporting employee will check the evidence out of property, indicating the date and time on the property control card and the request for laboratory analysis.

The Evidence Technician releasing the evidence must complete the required information on the property control card and the evidence. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the investigator will record the delivery

Property and Evidence

time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Center for filing with the case.

801.6.3 STATUS OF PROPERTY

Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to investigators for investigative purposes, or for court, shall be noted on the property control card, stating the date, time and to whom released.

The Evidence Technician shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded on the property control card, indicating date, time, and the person who returned the property.

801.6.4 AUTHORITY TO RELEASE PROPERTY

The Investigative Bureau shall authorize the disposition or release of all evidence and property coming into the care and custody of the Agency.

801.6.5 RELEASE OF PROPERTY

All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation.

Release of property shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the authorizing supervisor or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.

A Evidence Technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Center for filing with the case. If some items of property have not been released, the property card will remain with the Property and Evidence Section. Upon release, the proper entry shall be documented in the Property Log.

Property and Evidence

Under no circumstances shall any firearm, magazine, or ammunition be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice that conforms to the provisions of Penal Code § 33865.

The Property and Evidence Section Supervisor should also make reasonable efforts to determine whether the person is the subject of any court order preventing the person from possessing a firearm and, if so, the firearm should not be released to the person while the order is in effect.

The Agency is not required to retain any firearm, magazine, or ammunition longer than 180 days after notice has been provided to the owner that such items are available for return. At the expiration of such period, the firearm, magazine, or ammunition may be processed for disposal in accordance with applicable law (Penal Code § 33875).

801.6.6 DISPUTED CLAIMS TO PROPERTY

Occasionally more than one party may claim an interest in property being held by the Agency, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Agency may wish to file an interpleader to resolve the disputed claim (Code of Civil Procedure § 386(b)).

801.6.7 CONTROL OF NARCOTICS AND DANGEROUS DRUGS

The Investigative Bureau will be responsible for the storage, control and destruction of all narcotics and dangerous drugs coming into the custody of this agency, including paraphernalia as described in Health and Safety Code § 11364.

801.6.8 RELEASE OF FIREARM IN DOMESTIC VIOLENCE MATTERS

Within five days of the expiration of a restraining order issued in a domestic violence matter that required the relinquishment of a firearm, the Evidence Technician shall return the weapon to the owner if the requirements of Penal Code § 33850 and Penal Code § 33855 are met unless the firearm is determined to be stolen, evidence in a criminal investigation or the individual is otherwise prohibited from possessing a firearm (Family Code § 6389(g); Penal Code § 33855).

801.6.9 RELEASE OF FIREARMS AND WEAPONS IN MENTAL ILLNESS MATTERS

Firearms and other deadly weapons confiscated from an individual detained for an evaluation by a mental health professional or subject to the provisions of Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 shall be released or disposed of as follows:

- (a) If a petition for a hearing regarding the return of a firearm or a weapon has been initiated pursuant to Welfare and Institutions Code § 8102(c), the firearm or weapon shall be released or disposed of as provided by an order of the court. If the court orders a firearm returned, the firearm shall not be returned unless and until the person presents valid identification and written notification from the California Department of Justice (DOJ) that conforms to the provisions of Penal Code § 33865.

Imperial County District Attorney

Policies

Property and Evidence

- (b) If no petition has been initiated pursuant to Welfare and Institutions Code § 8102(c) and the firearm or weapon is not retained as evidence, the Agency shall make the firearm or weapon available for return. No firearm will be returned unless and until the person presents valid identification and written notification from the California DOJ that conforms to the provisions of Penal Code § 33865.
- (c) Unless the person contacts the Agency to facilitate the sale or transfer of the firearm to a licensed dealer pursuant to Penal Code § 33870, firearms not returned should be sold, transferred, destroyed, or retained as provided in Welfare and Institutions Code § 8102.

801.6.10 RELEASE OF FIREARMS IN GUN VIOLENCE RESTRAINING ORDER MATTERS

Firearms and ammunition that were taken into temporary custody or surrendered pursuant to a gun violence restraining order shall be returned to the restrained person upon the expiration of the order and in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

If the restrained person who owns the firearms or ammunition does not wish to have the firearm or ammunition returned, he/she is entitled to sell or transfer title to a licensed dealer, provided that the firearms or ammunition are legal to own or possess and the restrained person has right to title of the firearms or ammunition (Penal Code § 18120).

If a person other than the restrained person claims title to the firearms or ammunition surrendered pursuant to Penal Code § 18120 and the Imperial County District Attorney determines him/her to be the lawful owner, the firearms or ammunition shall be returned in accordance with the requirements of Penal Code § 33850 et seq. (Penal Code § 18120).

Firearms and ammunition that are not claimed are subject to the requirements of Penal Code § 34000.

801.6.11 RELEASE OF FIREARMS, MAGAZINES, AND AMMUNITION

The Agency shall not return any firearm, magazine, or ammunition taken into custody to any individual unless all requirements of Penal Code § 33855 are met.

801.7 DISPOSITION OF PROPERTY

All property not held for evidence in a pending criminal investigation or proceeding, and held for six months or longer where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The Evidence Technician shall request a disposition or status on all property which has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective.

If found or seized money is no longer required as evidence and remains unclaimed after three years, the Agency shall cause a notice to be published each week for a period of two consecutive weeks in a local newspaper of general circulation (Government Code § 50050). Such notice shall state the amount of money, the fund in which it is held and that the money will become the property of the agency on a designated date not less than 45 days and not more than 60 days after the first publication (Government Code § 50051).

Any individual item with a value of less than \$15.00, or any amount if the depositor/owner's name is unknown, which remains unclaimed for a year or by order of the court, may be transferred to the general fund without the necessity of public notice (Government Code § 50055).

If the money remains unclaimed as of the date designated in the published notice, the money will become the property of this agency to fund official law enforcement operations. Money representing restitution collected on behalf of victims shall either be deposited into the Restitution Fund or used for purposes of victim services.

801.7.3 RETENTION OF BIOLOGICAL EVIDENCE

The Property and Evidence Section Supervisor shall ensure that no biological evidence held by the Agency is destroyed without adequate notification to the following persons, when applicable:

Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Agency within 180 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the Investigation Division supervisor.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Chief of Investigations and the head of the applicable prosecutor's office.

Biological evidence or other crime scene evidence from an unsolved sexual assault should not be disposed of prior to expiration of the statute of limitations and shall be retained as required in Penal Code § 680. Even after expiration of an applicable statute of limitations, the Investigation Division supervisor should be consulted and the sexual assault victim shall be notified at least 60 days prior to the disposal (Penal Code § 680). Reasons for not analyzing biological evidence shall be documented in writing (Penal Code § 680.3).

802.4 DETERMINATION OF FACTUAL INNOCENCE

In any case where a person has been arrested by investigators of the Imperial County District Attorney and no accusatory pleading has been filed, the person arrested may petition the Agency to destroy the related arrest records. Petitions should be forwarded to the Administration Supervisor. The Administration Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Investigative Bureau Supervisor and the County Counsel for review. After such review and consultation with the County Counsel, the Investigative Bureau Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Administration Supervisor should respond to a petition with the Agency's decision within 45 days of receipt. Responses should include only the decision of the Agency, not an explanation of the analysis leading to the decision.

802.5 ARREST WITHOUT FILING OF ACCUSATORY PLEADING

The Operations Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

- (a) The individual is issued a certificate describing the action as a detention.
- (b) All references to an arrest are deleted from the arrest records of the Agency and the record reflects only a detention.
- (c) The California DOJ is notified.

802.6 FILE ACCESS AND SECURITY

The security of files in the Records Center must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a bureau agency case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the Records Center, accessible only by authorized members of the Records Center. Access to case reports or files when Records Center staff is not available may be obtained through the Watch Commander.

Records Center

The Records Center will also maintain a secure file for case reports deemed by the Chief of Investigations as sensitive or otherwise requiring extraordinary access restrictions.

802.7 ORIGINAL CASE REPORTS

Generally, original case reports shall not be removed from the Records Center. Should an original case report be needed for any reason, the requesting agency member shall first obtain authorization from the Legal Office Supervisor. All original case reports removed from the Records Center shall be recorded on a designated report check-out log, which shall be the only authorized manner by which an original case report may be removed from the Records Center.

All original case reports to be removed from the Records Center shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Center. The photocopied report shall be shredded upon return of the original report to the file.

802.8 CONFIDENTIALITY

Records Center staff has access to information that may be confidential or sensitive in nature. Records Center staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Center procedure manual.

Restoration of Firearm Serial Numbers

803.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

803.2 PROCEDURE

Any firearm coming into the possession of the Imperial County District Attorney as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

803.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

803.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

Restoration of Firearm Serial Numbers

803.2.3 INVESTIGATOR RESPONSIBILITY

The Evidence Officer receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

803.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

803.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence Officer will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

803.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

Records Maintenance and Release

804.1 PURPOSE AND SCOPE

This policy provides guidance on the maintenance and release of agency records. Protected information is separately covered in the Protected Information Policy.

804.2 POLICY

The Imperial County District Attorney is committed to providing public access to records in a manner that is consistent with the California Public Records Act (Government Code § 6250 et seq.).

804.3 CUSTODIAN OF RECORDS RESPONSIBILITIES

- (a) Managing the records management system for the Agency, including the retention, archiving, release, and destruction of agency public records.
- (b) Maintaining and updating the agency records retention schedule including:
 - 1. Identifying the minimum length of time the Agency must keep records.
 - 2. Identifying the agency division responsible for the original record.
- (c) Establishing rules regarding the inspection and copying of agency public records as reasonably necessary for the protection of such records (Government Code § 6253).
- (d) Identifying records or portions of records that are confidential under state or federal law and not open for inspection or copying.
- (e) Establishing rules regarding the processing of subpoenas for the production of records.
- (f) Ensuring a current schedule of fees for public records as allowed by law is available (Government Code § 6253).
- (g) Determining how the agency's website may be used to post public records in accordance with Government Code § 6253.
- (h) Ensuring that all agency current standards, policies, practices, operating procedures, and education and training materials are posted on the agency website in accordance with Penal Code § 13650.
- (i) Ensuring that public records posted on the Agency website meet the requirements of Government Code § 6253.10 including but not limited to posting in an open format where a record may be retrieved, downloaded, indexed, and searched by a commonly used internet search application.
- (j) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the Agency's website.

Records Maintenance and Release

804.4 PROCESSING REQUESTS FOR PUBLIC RECORDS

Any agency member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

804.4.1 REQUESTS FOR RECORDS

Any member of the public, including the media and elected officials, may access unrestricted records of this agency, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

- (a) The Agency is not required to create records that do not exist.
- (b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain agency records or information. If identification is required, a current driver's license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).
- (c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Agency shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
 - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).
 - 2. If the record requested is available on the agency website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.
- (d) Upon request, a record shall be provided in an electronic format utilized by the Agency. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).
- (e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.
 - 1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the

Records Maintenance and Release

redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the agency-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

- (f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

804.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

- (a) Personal identifying information, including an individual's photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any agency record including traffic collision reports, are restricted except as authorized by the Agency, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

Victims of certain offenses (e.g., domestic violence, sexual assault, stalking, human trafficking, elder and dependent adult abuse) or their representatives shall be provided, upon request and without charge, one copy of all incident report face sheets, one copy of all incident reports, or both, pursuant to the requirements and time frames of Family Code § 6228.

 1. Absent a statutory exemption to the contrary or other lawful reason to deem information from reports confidential, information from unrestricted agency reports shall be made public as outlined in Government Code § 6254(f).

- (j) Information contained in applications for licenses to carry firearms or other files that indicates when or where the applicant is vulnerable or which contains medical or psychological information (Government Code § 6254).

Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 827.95; Welfare and Institutions Code § 831).

804.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Counsel or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Agency so that a timely response can be prepared.

804.7 RELEASED RECORDS TO BE MARKED

Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the agency name and to whom the record was released.

Each audio/video recording released should include the agency name and to whom the record was released.

804.8 SEALED RECORD ORDERS

Sealed record orders received by the Agency shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Legal Office Supervisor shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

804.8.1 SEALED JUVENILE ARREST RECORDS

Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Legal Office Supervisor should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

804.9 SECURITY BREACHES

The Legal Office Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Agency information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Agency determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual's first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual

 5. Whether the notification was delayed as a result of a law enforcement investigation.
 6. A general description of the security breach.
 7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.
- (b) The notice may also include information about what the Imperial County District Attorney has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).
- (c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):
1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Agency in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
 2. When the breach involves an email address that was furnished by the Imperial County District Attorney, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

804.9.2 MANNER OF NOTICE

- (a) Notice may be provided by one of the following methods (Civil Code § 1798.29):
1. Written notice.
 2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.
 3. Substitute notice if the cost of providing notice would exceed \$250,000, the number of individuals exceeds 500,000 or the Agency does not have sufficient contact information. Substitute notice shall consist of all of the following:
 - (a) Email notice when the Agency has an email address for the subject person.
 - (b) Conspicuous posting of the notice on the agency's webpage for a minimum of 30 days.
 4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

Records Maintenance and Release

- (b) If a single breach requires the Agency to notify more than 500 California residents, the Agency shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

804.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an investigator, or depicts an incident in which the use of force by an investigator against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Investigations or the Internal Affairs Bureau supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

804.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Agency knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Agency demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

804.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the

Records Maintenance and Release

disclosure. The Custodian of Records should work with the Chief of Investigations in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

804.10.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Investigations or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Agency should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

804.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Agency may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

- (a) The person in the recording whose privacy is to be protected, or his/her authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Agency determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Agency may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).

Protected Information

805.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Imperial County District Attorney. This policy addresses the protected information that is used in the day-to-day operation of the Agency and not the public records information covered in the Records Maintenance and Release Policy.

805.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Imperial County District Attorney and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

805.2 POLICY

Members of the Imperial County District Attorney will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

805.3 RESPONSIBILITIES

The Chief of Investigations shall select a member of the Agency to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).
- (b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.
- (c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.
- (d) Developing procedures to ensure training and certification requirements are met.
- (e) Resolving specific questions that arise regarding authorized recipients of protected information.
- (f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

Protected Information

805.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Imperial County District Attorney policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

805.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

805.4.2 RELEASE OF CORI

Only the persons listed below are authorized to release CORI. Each authorized person releasing CORI is responsible to ensure that each request granted appears legitimate and that the requester is an authorized recipient with a right and need to know.

- (a) Criminal Records Security Officer
- (b) Legal Office Supervisor
- (c) Full-time employees of the Records Center
- (d) Personnel specifically designated in writing by Chief Investigators with the concurrence of the Criminal Records Security Officer

805.4.3 RELEASE OF CORI TO FIELD PERSONNEL

Personnel shall not have access to CORI until a background investigation has been completed and approved.

CORI shall not generally be transmitted by radio, cellular phone, or through computer terminals to field personnel or vehicles except in cases where circumstances reasonably indicate that the immediate safety of the investigator or the public are at significant risk. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

Protected Information

805.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Legal Office Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Agency may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Center to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

805.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Agency after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

805.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of investigators, other agency members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDT or agency-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

805.6 SECURITY OF PROTECTED INFORMATION

The Chief of Investigations will select a member of the Agency to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

Protected Information

- (a) Developing and maintaining security practices, procedures and training.
- (b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
- (c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.
- (d) Tracking, documenting and reporting all breach of security incidents to the Chief of Investigations and appropriate authorities.

805.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

805.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

805.7.1 COMPUTER TERMINAL SECURITY

Computers and Digital Evidence

806.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

806.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Investigators should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 - 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 - 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, investigators should document the following in related reports:
 - 1. Where the computer was located and whether or not it was in operation.
 - 2. Who was using it at the time.
 - 3. Who claimed ownership.

Computers and Digital Evidence

4. If it can be determined, how it was being used.
 - (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

806.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Investigators should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

806.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

806.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Evidence Room to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

Computers and Digital Evidence

- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

806.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Investigators should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

806.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Investigators handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

806.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

806.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Evidence Room as soon as possible for submission into evidence.
- (b) Investigators are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic

Computers and Digital Evidence

carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.

- (d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.
- (e) Investigators requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

806.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

806.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

807.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

807.2 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.

- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 - 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

807.3 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a veterinarian and notice shall be given to the owner pursuant to the requirements of Penal Code § 597.1.

The injured animal should be taken to a veterinarian as follows:

- (a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.

Animal Control

- (b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.
- (c) An exception to the above exists when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

If Animal Control is not available, the information will be forwarded for follow-up.

807.3.2 INJURED WILDLIFE

Injured wildlife should be referred to the Department of Fish and Wildlife or the Marine Mammal Center as applicable.

807.3.3 RESCUE OF ANIMALS IN VEHICLES

If an animal left unattended in a vehicle appears to be in distress, members may enter the vehicle for the purpose of rescuing the animal. Members should (Penal Code § 597.7(d)):

- (a) Make a reasonable effort to locate the owner before entering the vehicle.
- (b) Take steps to minimize damage to the vehicle.
- (c) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
- (d) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
- (e) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.
- (f) Take the animal to an animal care facility, a place of safekeeping or, if necessary, a veterinary hospital for treatment.

807.4 POLICY

It is the policy of the Imperial County District Attorney to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

Laws relating to the cruelty to animals should be enforced, including but not limited to Penal Code § 597 et seq. (cruelty to animals, failure to care for animals).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

Animal Control

807.6 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

807.7 STRAY DOGS

If a stray dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate animal care facility.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

807.8 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

807.9 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

807.10 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

The amount of money in the envelope should always be totaled and written on the outside of the envelope.

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.
- (h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.
- (i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual's authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual's authorized representative.

900.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

- (e) All such searches shall be documented, including:

Temporary Custody of Adults

901.1 PURPOSE AND SCOPE

This policy provides guidelines to address the health and safety of adults taken into temporary custody by members of the Imperial County District Attorney for processing prior to being released or transferred to a housing or other type of facility.

Temporary custody of juveniles is addressed in the Temporary Custody of Juveniles Policy. Juveniles will not be permitted where adults in custody are being held.

Custodial searches are addressed in the Custodial Searches Policy.

901.1.1 DEFINITIONS

Definitions related to this policy include:

Holding cell/cell - Any locked enclosure for the custody of an adult or any other enclosure that prevents the occupants from being directly visually monitored at all times by a member of the Agency.

No adult should be in temporary custody for longer than six hours.

901.3.1 INDIVIDUALS WHO SHOULD NOT BE IN TEMPORARY CUSTODY

Individuals who exhibit certain behaviors or conditions should not be in temporary custody at the Imperial County District Attorney, but should be transported to a jail facility, a medical facility, or another type of facility as appropriate. These include:

These individuals should not be in temporary custody at the Agency unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

901.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized agency member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability (15 CCR 1027).

At least one female agency member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process (15 CCR 1027).

Temporary Custody of Adults

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present (Penal Code § 4021).

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

901.3.3 STAFFING PLAN

The Chief of Investigations or the authorized designee shall ensure a staffing plan is prepared and maintained, indicating assigned personnel and their duties. The plan should ensure that at least one member who meets the training standards established by the Corrections Standards Authority (CSA) for general fire- and life-safety and is trained in fire- and life-safety procedures relating specifically to the facility is on-duty at all times (15 CCR 1028).

When practicable, more than one authorized member should be present for entry into a location where a person is held in custody for security purposes and to witness interactions.

901.4 INITIATING TEMPORARY CUSTODY

The investigator responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The investigator should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving investigator should ask the arresting investigator if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the County jail or the appropriate mental health facility.

The investigator should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

Temporary Custody of Adults

901.4.1 SCREENING AND PLACEMENT

The investigator responsible for an individual in custody shall (15 CCR 1050):

- (a) Advise the Watch Commander of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).
- (b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:
 - 1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.
 - 2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):
 - (a) Continuous, direct sight and sound supervision.

- (d) Ensure separation, as appropriate, based on other factors, such as age, criminal sophistication, assaultive/non-assaultive behavior, mental state, disabilities and sexual orientation.

901.4.2 CONSULAR NOTIFICATION

Consular notification may be mandatory when certain foreign nationals are arrested. The Operations Division Commander will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to agency members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

Agency members assigned to process a foreign national shall:

 - (a) Notify the country's nearest embassy or consulate of the arrest or detention by fax or telephone.
 - (b) Forward any communication from the individual to his/her consular officers without delay.

Members monitoring or processing anyone in temporary custody shall ensure:

- (a) Safety checks and significant incidents/activities are noted on the log.

- (j) Adequate furnishings are available, including suitable chairs or benches.

901.5.3 MEDICAL CARE

First-aid equipment and basic medical supplies should be available to agency members (15 CCR 1220). At least one member who has current certification in basic first aid and CPR should be on-duty at all times.

Should a person in custody be injured or become ill, appropriate medical assistance should be sought. A supervisor should meet with those providing medical aid at the facility to allow access to the person. Temporary Custody of Adults

to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

901.5.5 TELEPHONE CALLS

Immediately upon being booked and, except where physically impossible, no later than three hours after arrest, an individual in custody has the right to make at least three completed calls to an attorney, bail bondsman, and a relative or other person (Penal Code § 851.5). Additional calls may be made as reasonable and necessary (15 CCR 1067). In providing further access to a telephone beyond that required by Penal Code § 851.5, legitimate law enforcement interests such as officer safety, effect on ongoing criminal investigations and logistics should be balanced against the individual's desire for further telephone access.

- (a) Telephone calls may be limited to local calls, except that long-distance calls may be made by the individual at his/her own expense.
 - 1. The Agency should pay the cost of any long-distance calls related to arranging for the care of a child or dependent adult (see the Child and Dependent Adult Safety Policy).

Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated (15 CCR 1072). Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety.

Temporary Custody of Adults

The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Religious garments that substantially cover the individual's head and face may be temporarily removed during the taking of any photographs.

901.5.7 FIREARMS AND OTHER SECURITY MEASURES

Firearms and other weapons and control devices shall not be permitted in secure areas where individuals are in custody or are processed. They should be properly secured outside of the secure area. An exception may occur only during emergencies, upon approval of a supervisor.

All perimeter doors to secure areas shall be kept locked at all times, except during routine cleaning, when no individuals in custody are present or in the event of an emergency, such as an evacuation.

901.5.8 REPORTING PHYSICAL HARM OR SERIOUS THREAT OF PHYSICAL HARM

In addition to a custody log entry, any incident that results in physical harm or serious threat of physical harm to a member, person in custody or any other person shall be documented as stated in the Use of Force or On-Duty Injuries policies, or other applicable reporting process. Individuals in custody may be handcuffed in accordance with the Handcuffing and Restraints Policy. Unless an individual presents a heightened risk, handcuffs should generally be removed when the person is in a cell.

The use of restraints, other than handcuffs or leg irons, generally should not be used for individuals in temporary custody at the Imperial County District Attorney unless the person presents a heightened risk, and only in compliance with the Handcuffing and Restraints Policy.

Individuals in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

For example, an individual may request property (i.e., cash, car or house keys, medications) be released to another person. A request for the release of property to another person must be made in writing. Release of the property requires the recipient's signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property's return. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person's signature as notice of receipt. The Agency shall maintain a copy of the property receipt.

The Watch Commander shall be notified whenever an individual alleges that there is a shortage or discrepancy regarding his/her property. The Watch Commander shall attempt to prove or disprove the claim.

901.8 HOLDING CELLS

A thorough inspection of a cell shall be conducted before placing an individual into the cell to ensure there are no weapons or contraband and that the cell is clean and sanitary. The following guidelines apply when placing any inmate in a sobering cell (15 CCR 1056):

- (a) Placement of an inmate into the cell requires approval of the Watch Commander.
- (b) A cell log shall be initiated every time an inmate is placed in the cell. The log shall be maintained for the entire time the inmate is housed in the cell.
- (c) A safety check consisting of direct visual observation sufficient to assess the inmate's well-being and behavior shall occur at least once every 30 minutes. Each safety check shall be documented in the cell log. Supervisors shall check the logs for completeness every two hours and document this action on the cell log.

The Agency does not show partiality or grant any special status to any applicant, employee, or group of employees unless otherwise required by law.

The Agency will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

1000.3 RECRUITMENT

The Administration Division Commander should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

- (a) Identification of racially and culturally diverse target markets.
- (b) Use of marketing strategies to target diverse applicant pools.
- (c) Expanded use of technology and maintenance of a strong internet presence. This may include an interactive agency website and the use of agency-managed social networking sites, if resources permit.
- (d) Expanded outreach through partnerships with media, community groups, citizen academies, local colleges, universities, and the military.
- (e) Employee referral and recruitment incentive programs.
- (f) Consideration of shared or collaborative regional testing processes.

The Administration Division Commander shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Agency should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.

Recruitment and Selection

1000.4 SELECTION PROCESS

The Agency shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. Minimally, the Agency should employ a comprehensive screening, background investigation, and selection process that assesses cognitive and physical abilities and includes review and verification of the following:

- (b) Driving record
- (c) Reference checks
- (d) Employment eligibility, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents consistent with Labor Code § 1019.1. 1000.4.1 VETERAN'S PREFERENCE

Qualifying veterans of the United States Armed Forces who receive a passing score on an entrance examination shall be ranked in the top rank of any resulting eligibility list. The veteran's preference shall also apply to a widow or widower of a veteran or a spouse of a 100 percent disabled veteran (Government Code § 18973.1).

1000.5 BACKGROUND INVESTIGATION

Every candidate shall undergo a thorough background investigation to verify his/her personal integrity and high ethical standards, and to identify any past behavior that may be indicative of the candidate's unsuitability to perform duties relevant to the operation of the Imperial County District Attorney (11 CCR 1953).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

Recruitment and Selection

1000.5.1 NOTICES

Background investigators shall ensure that investigations are conducted and notices provided in accordance with the requirements of the FCRA and the California Investigative Consumer Reporting Agencies Act (15 USC § 1681d; Civil Code § 1786.16).

1000.5.2 STATE NOTICES

If information disclosed in a candidate's criminal offender record information (CORI) is the basis for an adverse employment decision, a copy of the CORI shall be provided to the applicant (Penal Code § 11105).

1000.5.3 REVIEW OF SOCIAL MEDIA SITES

Due to the potential for accessing unsubstantiated, private, or protected information, the Administration Division Commander shall not require candidates to provide passwords, account information, or access to password-protected social media accounts (Labor Code § 980).

The Administration Division Commander should consider utilizing the services of an appropriately trained and experienced third party to conduct open source, internet-based searches, and/or review information from social media sites to ensure that:

- (a) The legal rights of candidates are protected.
- (b) Material and information to be considered are verified, accurate, and validated.
- (c) The Agency fully complies with applicable privacy protections and local, state, and federal law.

Regardless of whether a third party is used, the Administration Division Commander should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1000.5.4 DOCUMENTING AND REPORTING

The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate's background investigation file (11 CCR 1953).

1000.5.5 RECORDS RETENTION

The background report and all supporting documentation shall be maintained for a minimum of two years and in accordance with the established records retention schedule (Government Code § 12946; 11 CCR 1953).

Recruitment and Selection

is reappointed within 180 days of voluntary separation from the Imperial County District Attorney, or who is an interim police chief meeting the requirements contained in 11 CCR 1953(f).

As a general rule, performance indicators and candidate information and records shall be evaluated by considering the candidate as a whole, and taking into consideration the following:

- Passage of time
- Patterns of past behavior
- Severity of behavior
- Probable consequences if past behavior is repeated or made public
- Likelihood of recurrence
- Relevance of past behavior to public safety employment

A candidate's qualifications will be assessed on a case-by-case basis, using a totality-of-the-circumstances framework.

1000.7 EMPLOYMENT STANDARDS

All candidates shall meet the minimum standards required by state law (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.). Candidates will be evaluated based on merit, ability, competence, and experience, in accordance with the high standards of integrity and ethics valued by the Agency and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related, and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge, and skills required to perform the position's essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Department of Human Resources should maintain validated standards for all positions.

1000.7.1 STANDARDS FOR INVESTIGATORS

Candidates shall meet the minimum standards established by POST (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.):

In addition to the above minimum POST required standards, candidates may be subjected to additional standards established by the Agency (Penal Code § 13510(d)).

The Administration Division Commander should coordinate with the Imperial Department of Human Resources to identify positions subject to probationary periods and procedures for:

- (a) Appraising performance during probation.
- (b) Assessing the level of performance required to complete probation.
- (c) Extending probation.
- (d) Documenting successful or unsuccessful completion of probation.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Agency's employee performance evaluation system is designed to record work performance for both the Agency and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Imperial County District Attorney utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Agency evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Evaluation of Employees

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1001.3.1 RESERVE INVESTIGATOR EVALUATIONS

Reserve investigator evaluations are covered under the Reserve Investigators Policy.

1001.4 FULL TIME PROBATIONARY PERSONNEL

Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed monthly for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary investigators are evaluated daily, weekly and monthly during the probationary period.

1001.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.5.1 RATINGS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Is actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds Standards - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

Meets Standards - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Evaluation of Employees

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1001.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

1001.6.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the County and Agency harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

- (a) That the employee understands the harassment and discrimination policies.
- (b) Whether any questions the employee has have been sufficiently addressed.
- (c) That the employee knows how and where to report harassment policy violations.
- (d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

Evaluation of Employees

1001.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

1001.7 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Investigations for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to County Department of Human Resources.

Grievance Procedure

1003.1 PURPOSE AND SCOPE

It is the policy of this agency that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Agency's philosophy is to promote a free verbal communication between employees and supervisors.

1003.1.1 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment or the dispute involving the interpretation or application of any of the following documents by the person(s) affected:

- The employee bargaining agreement (Memorandum of Understanding)
- This Policy Manual
- County rules and regulations covering personnel practices or working conditions

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any agency employee that, if true, would constitute a violation of agency policy, federal, state, or local law as set forth in the Personnel Complaint Policy.

1003.2 PROCEDURE

Except as otherwise required under a collective bargaining agreement, if an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Division Commander of the affected division or bureau.
- (c) If a successful resolution is not found with the Division Commander, the employee may request a meeting with the Chief of Investigations.
- (d) If the employee and the Chief of Investigations are unable to arrive at a mutual solution, then the employee shall proceed as follows:
 1. Submit in writing a written statement of the grievance and deliver one copy to the Chief of Investigations and another copy to the immediate supervisor and include the following information:

Grievance Procedure

- (a) The basis for the grievance (i.e., what are the facts of the case?).
- (b) Allegation of the specific wrongful act and the harm done.
- (c) The specific policies, rules or regulations that were violated.
- (d) What remedy or goal is being sought by this grievance.
- (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.
- (f) The Chief of Investigations will receive the grievance in writing. The Chief of Investigations and the District Attorney will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the District Attorney is considered final.

1003.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1003.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the District Attorney's office to monitor the grievance process.

1003.5 GRIEVANCE AUDITS

The Training Manager shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Training Manager shall record these findings in a confidential and generic memorandum to the Chief of Investigations without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Training Manager should promptly notify the Chief of Investigations.

Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Agency of any past and current criminal convictions.

1004.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1004.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this agency may be inherently in conflict with law enforcement duties and the public trust.

1004.4 REPORTING PROCEDURE

All members of this agency and all retired investigators with an identification card issued by the Agency shall promptly notify their immediate supervisor (or the Chief of Investigations in the case of retired investigators) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired investigators with an identification card issued by the Agency shall further promptly notify their immediate supervisor (or the Chief of Investigations in the case of

Reporting of Employee Convictions

retired investigators) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1004.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Agency may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1004.5.1 NOTIFICATION REQUIREMENTS

The Administration Supervisor shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this agency or any former peace officer if this agency was responsible for the investigation (11 CCR 1003).

The Administration Supervisor shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this agency (11 CCR 1003).

Department employees shall not illegally manufacture any alcohol or drugs while on-duty, on County property or at any other time.

1005.2.2 USE OF PRESCRIBED MEDICATIONS

Any employee who is required to take any medication with side effects which might impair his/her ability to fully and safely perform all requirements of the position shall report the need for such medication to the immediate supervisor prior to commencing any on-duty status. No employee shall be permitted to work or drive a department-owned or department-leased vehicle while taking such potentially impairing medication without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1005.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on agency time can endanger the health and safety of agency members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

Drug- and Alcohol-Free Workplace

No member shall be permitted to work or drive a vehicle owned or leased by the Agency while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1005.3.2 USE OF MARIJUANA

Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1005.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on agency premises or on agency time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.5.1 ADDITIONAL SCREENING TESTS FOR INVESTIGATORS

The Department may request an employee to submit to a screening test if the employee:

- (a) Is a law enforcement officer and, during the performance of his/her duties, discharges a firearm other than by accident.
- (b) During the performance of his/her duties, drives a motor vehicle in such a manner as to cause bodily injury to him/herself or another person or substantial damage to property.

1005.5.2 SCREENING TEST REFUSAL

An employee is subject to disciplinary action if he/she:

Drug- and Alcohol-Free Workplace

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested by his/her appointing authority, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

1005.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Agency.

1005.7 REQUESTING SCREENING TESTS

The supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1005.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1005.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.

Drug- and Alcohol-Free Workplace

- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Agency will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY

The Agency recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1006.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the County personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1006.2 POLICY

It is the policy of the Imperial County District Attorney to provide eligible employees with a sick leave benefit.

1006.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1006.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Agency with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Sick Leave

1006.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1006.5 REQUIRED NOTICES

The Director of Human Resources shall ensure:

- (a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.
- (b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1006.6 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected agency operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1007.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of agency members contracting and/or spreading communicable diseases.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Imperial County District Attorney. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1007.2 POLICY

The Imperial County District Attorney is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.3 EXPOSURE CONTROL OFFICER

The Chief of Investigations will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that agency members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
 2. Bloodborne pathogen mandates including (8 CCR 5193):

Communicable Diseases

- (a) Sharps injury log.
 - (b) Needleless systems and sharps injury protection.
- 3. Airborne transmissible disease mandates including (8 CCR 5199):
 - (a) Engineering and work practice controls related to airborne transmissible diseases.
 - (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.
- 4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).
- 5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.
- 6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).
- (f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other agency members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Agency website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/ OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1007.4 EXPOSURE PREVENTION AND MITIGATION

1007.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or agency vehicles, as applicable.
- (b) Wearing agency-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

Communicable Diseases

- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 - 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1007.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1007.5 POST EXPOSURE

1007.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1007.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure

Communicable Diseases

- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1007.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Agency members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1007.5.4 COUNSELING

The Agency shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1007.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status

Communicable Diseases

of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1007.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1007.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1008.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Imperial County District Attorney facilities or vehicles.

For the purposes of this policy, tobacco use and smoking includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1008.2 POLICY

The Imperial County District Attorney recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5).

1008.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Imperial County District Attorney.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside County facilities and vehicles.

1008.4 ADDITIONAL PROHIBITIONS

No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1008.4.1 NOTICE

The Chief of Investigations or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).

Personnel Complaints

1009.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Imperial County District Attorney. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1009.2 POLICY

The Imperial County District Attorney takes seriously all complaints regarding the service provided by the Agency and the conduct of its members.

The Agency will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this agency to ensure that the community can report misconduct without concern for reprisal or retaliation.

1009.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of agency policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate agency policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Agency.

1009.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs Bureau, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Bureau, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Personnel Complaints

1009.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any agency member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1009.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1009.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the bureau facility and be accessible through the agency website. Forms may also be available at other County facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1009.4.2 ACCEPTANCE

All complaints will be courteously accepted by any agency member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the Agency (Penal Code § 832.7).

1009.4.3 AVAILABILITY OF WRITTEN PROCEDURES

The Agency shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1009.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

Personnel Complaints

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Agency should audit the log and send an audit report to the Chief of Investigations or the authorized designee.

1009.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1009.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Investigations or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Investigations, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Agency receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and the Chief of Investigations are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

Imperial County District Attorney

Policies

Personnel Complaints

- (f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1009.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Internal Affairs Bureau, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.
- (b) Unless waived by the member, interviews of an accused member shall be at the Imperial County District Attorney or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused member.
- (d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the investigator in charge of the investigation, the interviewing officers and all other persons to be present during the interview.
- (e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.
- (f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related

Imperial County District Attorney

Policies

Personnel Complaints

investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
- (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) All members shall provide complete and truthful responses to questions posed during interviews.
- (k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any investigator solely because the investigator has been placed on a prosecutor's *Brady* list or the name of the investigator may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the investigator has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

1009.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Personnel Complaints

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1009.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve agency members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an investigator were found to violate law or agency policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1009.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1009.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1009.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Personnel Complaints

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1009.7.1 DISCLOSURE OF FINANCIAL INFORMATION

An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

- (a) Pursuant to a state law or proper legal process
- (b) Information exists that tends to indicate a conflict of interest with official duties
- (c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1009.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Agency, the Chief of Investigations or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any agency badge, identification, assigned weapons and any other agency equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1009.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Investigations shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Investigations may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Imperial County District Attorney may release information concerning the arrest or detention of any member, including an investigator, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

Personnel Complaints

1009.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Investigations through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Investigations may accept or modify any classification or recommendation for disciplinary action.

1009.10.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the District Attorney, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the District Attorney, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1009.10.2 CHIEF OF INVESTIGATIONS RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Investigations shall review the recommendation and all accompanying materials. The Chief of Investigations may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Investigations is satisfied that no further investigation or action is required by staff, the Chief of Investigations shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Investigations shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Investigations shall also provide the member with:

- (a) Access to all of the materials considered by the Chief of Investigations in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Investigations within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Investigations may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation may be recorded by the Agency. Upon request, the member shall be provided with a copy of the recording.

Personnel Complaints

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Investigations shall consider all information received in regard to the recommended discipline. The Chief of Investigations shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Investigations has issued a written decision, the discipline shall become effective.

1009.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Investigations or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1009.10.4 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1009.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Investigations after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Investigations to consider.
- (d) In the event that the Chief of Investigations elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Investigations on the limited issues of information raised in any subsequent materials.

1009.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

Personnel Complaints

1009.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an investigator has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1009.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary investigator subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Investigations or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Investigations shall be final.

1009.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

Seat Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1010.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1010.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Investigations.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1010.5 POLICY

It is the policy of the Imperial County District Attorney that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

Seat Belts

1010.6 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1010.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1011.2 POLICY

It is the policy of the Imperial County District Attorney to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.3 ISSUANCE OF BODY ARMOR

The Assistant Chief Investigator shall ensure that body armor is issued to all investigators when the investigator begins service at the Imperial County District Attorney and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Assistant Chief Investigator shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1011.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Investigators shall only wear agency-approved body armor.
- (b) Investigators shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Investigators may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an investigator is working in uniform or taking part in Department range training.
- (e) An investigator may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1011.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body

Body Armor

armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.

1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1011.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates investigators about the safety benefits of wearing body armor.

Personnel Records

1012.1 PURPOSE AND SCOPE

This policy governs maintenance and access to personnel records. Personnel records include any file maintained under an individual member's name.

1012.2 POLICY

It is the policy of this agency to maintain personnel records and preserve the confidentiality of personnel records pursuant to the Constitution and the laws of California (Penal Code § 832.7).

1012.3 AGENCY FILE

The agency file shall be maintained as a record of a person's employment/appointment with this agency. The agency file should contain, at a minimum:

- (a) Personal data, including photographs, marital status, names of family members, educational and employment history, or similar information. A photograph of the member should be permanently retained.

- (d) Original performance evaluations. These should be permanently maintained.
- (e) Discipline records, including copies of sustained personnel complaints.
 - 1. Disciplinary action resulting from sustained internally initiated complaints or observation of misconduct shall be maintained pursuant to the established records retention schedule and at least two years (Government Code § 26202; Government Code § 34090).
 - 2. Disciplinary action resulting from a sustained civilian's complaint shall be maintained pursuant to the established records retention schedule and at least five years (Penal Code § 832.5).
- (f) Adverse comments such as supervisor notes or memos may be retained in the agency file after the member has had the opportunity to read and initial the comment (Government Code § 3305).
 - 1. Once a member has had an opportunity to read and initial any adverse comment, the member shall be given the opportunity to respond in writing to the adverse comment within 30 days (Government Code § 3306).
 - 2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).
 - 3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. Such a refusal, however, shall

Personnel Records

not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

- (g) Commendations and awards.
- (h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1012.4 DIVISION FILE

Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

All materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.

1012.5 TRAINING FILE

An individual training file shall be maintained by the Training Manager for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

- (a) The involved member is responsible for providing the Training Manager or immediate supervisor with evidence of completed training/education in a timely manner.
- (b) The Training Manager or supervisor shall ensure that copies of such training records are placed in the member's training file.

1012.6 INTERNAL AFFAIRS FILE

Internal affairs files shall be maintained under the exclusive control of the Internal Affairs Bureau in conjunction with the office of the Chief of Investigations. Access to these files may only be approved by the Chief of Investigations or the Internal Affairs Bureau supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member's file but will be maintained in the internal affairs file:

- (a) Not sustained
- (b) Unfounded
- (c) Exonerated

Investigation files arising out of civilian's complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that

Personnel Records

resulted in other than a sustained finding may not be used by the Agency to adversely affect an employee's career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1012.7 MEDICAL FILE

A medical file shall be maintained separately from all other personnel records and shall contain all documents relating to the member's medical condition and history, including but not limited to:

- (a) Materials relating to a medical leave of absence, including leave under the Family and Medical Leave Act (FMLA).
- (b) Documents relating to workers' compensation claims or the receipt of short- or long-term disability benefits.
- (c) Fitness-for-duty examinations, psychological and physical examinations, follow-up inquiries and related documents.
- (d) Medical release forms, doctor's slips and attendance records that reveal a member's medical condition.
- (e) Any other documents or materials that reveal the member's medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1012.8 SECURITY

Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the District Attorney, County Counsel or other attorneys or representatives of the County in connection with official business.

1012.8.1 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

Personnel Records

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

1012.8.2 RELEASE OF PERSONNEL INFORMATION

Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this agency may be guilty of a misdemeanor (Penal Code § 146e).

The Agency may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1012.9 BRADY MATERIAL IN PERSONNEL FILES

The purpose of this section is to establish a procedure for releasing potentially exculpatory information (so-called Brady material) contained within confidential peace officer personnel files.

1012.9.1 DEFINITIONS

Brady Material - In the Brady v. Maryland decision (373 U.S. 83 (1963)) the United States Supreme Court held that the prosecution has an affirmative duty to disclose to the defendant evidence which is both favorable and material to the guilt and/or punishment of the defendant.

The Prosecution - Refers to the District Attorney and all investigative agencies involved in the criminal prosecution of a defendant, including this department.

Penal Code § 1054.1 - California law also establishes a criminal defendant's right to access potentially exculpatory evidence.

1012.9.2 RELEASE OF PERSONNEL FILES TO DISTRICT ATTORNEY

Pursuant to Penal Code § 832.7(a), the only time the District Attorney (Attorney General or Grand Jury) is entitled to access confidential peace officer personnel files without filing a so-called Pitchess motion (Evidence Code § 1043 et seq.) is when they are investigating the conduct of an investigator or this department. Such access shall not be considered a waiver of the confidentiality of the information contained in these files.

Absent a specific investigation of identified investigator(s) or a specific investigation of this department (or the consent of an involved investigator), no confidential information from any investigator's personnel file shall be released to the District Attorney or Grand Jury without full compliance with the Pitchess process. The prosecution of a criminal defendant is not considered an investigation of any involved investigator.

Imperial County District Attorney

Policies

Personnel Records

Should an investigator's credibility or other issues related to an investigator's personnel file arise in the context of an investigator acting as a witness for the prosecution, access to that investigator's personnel file by either the District Attorney or the criminal defendant shall be limited to that which is authorized by the process set forth in Evidence Code § 1043, et seq.

1012.9.3 PROCEDURE

If an investigator is a material witness in a criminal case, a person or persons designated by the Chief Investigator may examine the subject investigator's personnel file to determine whether there are Brady materials contained therein (e.g., evidence which is both favorable and material to the guilt and/or punishment of the defendant). If Brady material is located, the following procedure shall apply:

- (a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party, the District Attorney shall be notified of the potential presence of Brady material in the investigator's personnel file
- (b) The District Attorney should be instructed to file a Pitchess motion in order to initiate an in camera review by the court
- (c) As with any Pitchess motion, and prior to any review of the files by the court, subject investigator(s) shall be notified in writing that a Pitchess motion has been filed
- (d) The responsible Custodian of Records shall accompany all relevant personnel files during any in camera inspection and address any issues or questions raised by the court in determining whether or not any material contained in the file is both material and favorable to the criminal defendant
- (e) If the court determines that there is relevant Brady material contained in the file(s), only that material ordered released will be copied and released to the parties filing the Pitchess motion
 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the Court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

1012.10 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS

Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Chief of Investigations through the chain of command. The Agency shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Agency shall be retained with the contested item in the member's corresponding personnel record (Government Code § 3306.5).

Personnel Records

Members may be restricted from accessing files containing any of the following information:

- (a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.
- (b) Confidential portions of internal affairs files that have not been sustained against the member.
- (c) Criminal investigations involving the member.
- (d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.
- (e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.
- (f) Materials used by the Agency for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.
- (g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.
- (h) Records relevant to any other pending claim between the Agency and the member that may be discovered in a judicial proceeding.

1012.11 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Investigations.
- (c) If, in the opinion of the Chief of Investigations, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

Personnel Records

1012.12 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF INVESTIGATORS

Personnel records and records related to certain incidents, complaints, and investigations of investigators shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Investigations or the Internal Affairs Bureau supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an investigator in connection with an incident, or whether the investigator's action was consistent with law and agency policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

- (a) Records relating to the report, investigation, or findings of:
 - 1. The discharge of a firearm at another person by an investigator.
 - 2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an investigator.
- (b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the agency or oversight agency regarding:
 - 1. An investigator engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
 - 2. Dishonesty of an investigator relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another investigator, including but not limited to any sustained

Imperial County District Attorney

Policies

Personnel Records

finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple investigators, the Agency shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an investigator unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the investigator. However, factual information about the action of the investigator during an incident or the statements of an investigator shall be released if the statements are relevant to a sustained finding of the qualified allegation against another investigator that is subject to release (Penal Code § 832.7(b)(4)).

1012.12.1 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 - 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - (a) When the criminal proceeding is against someone other than an investigator and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Agency must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by investigators.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Agency may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).

Imperial County District Attorney

Policies

Personnel Records

1012.12.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Investigations, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations

1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an investigator or against someone other than an investigator who used the force.

(b) Filed criminal charges

1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations

1. Disclosure may be delayed until whichever occurs later:
 - (a) There is a determination from the investigation whether the use of force violated law or agency policy, but no longer than 180 days after the date of the agency's discovery of the use of force or allegation of use of force
 - (b) Thirty days after the close of any criminal investigation related to the investigator's use of force

1012.12.3 REDACTION

The Custodian of Records, in consultation with the Chief of Investigations or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of investigators
- (b) Information that would compromise the anonymity of complainants and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the investigator or another person

Personnel Records

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1015.5 WORK RELATED CONDITIONS

Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following may be completed:

- (a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate.
- (b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1015.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Investigations may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Department of Human Resources to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination.
- (b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. - 30 hours in any 2 day (48 hour) period or
- 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1015.8 APPEALS

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

Meal Periods and Breaks

1016.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all County employees that has been established by the District Attorney.

1016.1.1 MEAL PERIODS

All non-exempt sworn and non-sworn personnel assigned to the Bureau of Investigation shall receive a thirty (30) minute paid meal period. The meal period is work time and the Bureau of Investigation personnel shall be subject to call during the meal period.

The time spent for the meal period shall not exceed the authorized time allowed.

1016.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the bureau facility shall remain in the bureau facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field investigators will take their breaks in their assigned areas, subject to call and shall monitor their radios.

Lactation Break Policy

1017.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (Labor Code § 1034).

1017.2 POLICY

It is the policy of this agency to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

1017.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt agency operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1017.4 PRIVATE LOCATION

The Agency will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

Lactation Break Policy

1017.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the Agency shall clearly label it as such and shall remove it when the employee ends her shift.

1017.5.1 STATE REQUIREMENTS

Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Payroll Records

1018.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of agency members who are eligible for the payment of wages.

1018.2 POLICY

The Imperial County District Attorney maintains timely and accurate payroll records.

1018.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1018.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the County payroll procedures.

1018.5 RECORDS

The Administration Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1019.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1019.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

1019.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1019.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime cards for on-call pay when off duty shall submit cards to the Watch Commander the first day after returning for work.

1019.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the payroll clerk.

Overtime Compensation Requests

1019.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.

1019.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	.25
16 to 30 minutes	.50
31 to 45 minutes	.75
46 to 60 minutes	1 hour

1019.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other investigator, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1020.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief Investigator prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief Investigator in accordance with the provisions of this policy.

1020.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1020.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief Investigator. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief Investigator for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1020.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Investigations within ten days of the date of denial.

Outside Employment

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1020.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief Investigator may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

1020.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient

Outside Employment

1020.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief Investigator in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 - 1. The investigator(s) shall wear the departmental uniform/identification.
 - 2. The investigator(s) shall be subject to the rules and regulations of this department.
 - 3. No investigator may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 - 5. Outside security services shall not be subject to the collective bargaining process.
 - 6. No investigator may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief Investigator .

1020.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1020.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover investigators or investigators assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the investigator's law enforcement status.

Outside Employment

1020.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1020.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1020.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief Investigator through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief Investigator any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1020.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief Investigator whether such outside employment should continue.

In the event the Chief Investigator determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

Imperial County District Attorney

Policies

Outside Employment

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the County's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Imperial County District Attorney, a request (in writing) may be made to the Chief Investigator to restore the permit.

Occupational Disease and Work-Related Injury Reporting

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1021.2 POLICY

The Imperial County District Attorney will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1021.3 RESPONSIBILITIES

1021.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1021.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Countywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1021.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Investigations, the County's risk management entity, and the Administration Division Commander to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

Occupational Disease and Work-Related Injury Reporting

1021.3.4 CHIEF OF INVESTIGATIONS RESPONSIBILITIES

The Chief of Investigations shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Agency shall be filed in the member's confidential medical file.

1021.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1021.4.1 EMPLOYEE TO REPORT INITIAL CONTACTS

When an employee sustains work-related injuries caused by another person and is then approached by such person or an agent, insurance company, or attorney and offered a settlement of claims, that employee shall take no action other than to make a written report of this contact to his/her supervisor as soon as possible.

1021.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1021.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Investigations with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Investigations. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Personal Appearance Standards

1022.1 PURPOSE AND SCOPE

In order to project uniformity and neutrality toward the public and other members of the agency, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this agency and for their assignment.

1022.2 GROOMING STANDARDS

Unless otherwise stated and because deviations from these standards could present officer safety issues, the following appearance standards shall apply to all employees, except those whose current assignment would deem them not appropriate, and where the Chief of Investigations has granted exception.

1022.2.1 HAIR

Hairstyles of all members shall be neat in appearance. For male sworn members, hair must not extend below the top edge of the uniform collar while assuming a normal stance.

1026.2 POLICY

Subject to operational considerations, the Imperial County District Attorney may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Agency. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

To achieve its mission and efficiently provide service to the public, the Imperial County District Attorney will carefully balance the individual employee's rights against the Agency's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1027.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Imperial County District Attorney employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or

Employee Speech, Expression and Social Networking

associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an investigator who is working undercover.
- Disclosing the address of a fellow investigator.
- Otherwise disclosing where another investigator can be located off-duty.

1027.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the agency's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or investigator associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Imperial County District Attorney or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Imperial County District Attorney and tends to compromise or damage the mission, function, reputation or professionalism of the Imperial County District Attorney or its employees. Examples may include:
 - 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 - 2. Expression that demonstrates support for criminal activity.
 - 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Agency. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Imperial County District Attorney.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Agency

Imperial County District Attorney

Policies

Employee Speech, Expression and Social Networking

for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Investigations or the authorized designee.

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of agency logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Imperial County District Attorney on any personal or social networking or other website or web page, without the express authorization of the Chief of Investigations.
- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or agency-owned, for personal purposes while on-duty, except in the following circumstances:
 - 1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
 - 2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1027.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or investigator associations, employees may not represent the Imperial County District Attorney or identify themselves in any way that could be reasonably perceived as representing the Imperial County District Attorney in order to do any of the following, unless specifically authorized by the Chief of Investigations (Government Code § 3206; Government Code § 3302):

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or investigator associations), is affiliated with this agency, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Imperial County District Attorney.

Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or investigator associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1027.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any agency technology system (see the Information Technology Use Policy for additional guidance).

The Agency shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Agency may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1027.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Investigations or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Agency or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Agency.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Agency.

1027.7 TRAINING

Subject to available resources, the Agency should provide training regarding employee speech and the use of social networking to all members of the Agency.

Performance History Audits

1028.1 PURPOSE AND SCOPE

Performance History Audits are collections of data designed to assist supervisors evaluating the performance of their employees. Performance History Audits can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of data may be helpful to supervisors, it cannot account for, and must be carefully balanced with the many variables in law enforcement such as:

- An investigator's ability to detect crime.
- An investigator's work ethic.
- An investigator's work assignment and shift.
- An investigator's physical abilities, stature, etc.
- Randomness of events.

1028.2 RESPONSIBILITIES

Under the authority of the Division Commander, the Internal Affairs Bureau is responsible for collecting performance indicators and other relevant data to generate and provide a quarterly Performance History Audit Report for each investigator to the appropriate Division Commander. Though generated quarterly, each Performance History Audit will contain data from a one-year time period.

The Division Commander will also forward a copy of each Performance History Audit Report to the Office of the County Counsel for review and retention as attorney work product and confidential personnel information.

1028.3 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance History Audits will include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring

1028.4 PERFORMANCE INDICATORS

Performance indicators represent the categories of employee performance activity that the Chief of Investigations of Imperial County District Attorney has determined may be relevant data for the generation and analysis of Performance History Audits. Performance indicators may include but are not limited to:

- (a) The frequency and findings of use of force incidents.

Performance History Audits

- (b) Frequency of involvement and conduct during vehicle pursuits.
- (c) Frequency and findings of citizen complaints.
- (d) Number of commendations, compliments and awards (citizen and Department).
- (e) Claims and civil suits related to the employee's actions or alleged actions.
- (f) Canine bite incidents.
- (g) Internal Affairs investigations.
- (h) Frequency and reasons for District Attorney case rejections.
- (i) Intentional or accidental firearm discharges (regardless of injury).
- (j) Vehicle collisions.
- (k) Missed court appearances.
- (l) Documented counseling memos.

1028.5 COMPILATION OF DATA

The Internal Affairs Bureau will utilize secure systems and other confidential methods to compile and track information regarding performance indicators for each investigator during each quarter in order to prepare Performance History Audit Reports.

1028.6 EMPLOYEE NOTIFICATION AND RESPONSE

The Internal Affairs Bureau will notify each investigator prior to retaining any performance indicator for entry into a Performance History Audit Report. The affected investigator may submit a written comment within 10 days regarding each performance indicator. Any such written comment will be attached to the related performance indicator in such a way as to be readily noticed by supervisors reviewing a Performance History Audit Report.

1028.7 DATA ANALYSIS AND ACTION

Upon receipt, the Division Commander will review each Performance History Audit Report and determine whether it should be provided to an investigator's immediate supervisor for further consideration. The investigator's immediate supervisor will carefully review the Performance History Audit Report with the investigator to assess any potential trends or other issues which may warrant informal counseling, additional training or a recommendation for other action, including discipline. The investigator shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an investigator's performance warrants action beyond informal counseling, the supervisor shall advise the Division Commander of such recommendation. If the Division Commander concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

Performance History Audits

If discipline or other adverse action is initiated against an investigator as a result of a Performance History Audit, the investigator shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

1028.8 CONFIDENTIALITY OF DATA

Information, data and copies of material compiled to develop Performance History Audit Reports shall be considered confidential as part of the employee's personnel file and will not be subject to discovery or release except as provided by law. Access to the data in the system will be governed under the same process as access to an investigator's personnel file as outlined in the Department Peace Officer Personnel Files Policy.

1028.9 RETENTION AND PURGING

Except as incorporated in separate training or disciplinary records, all performance indicators and Performance History Audit Reports shall be purged from the Internal Affairs Bureau and all other locations within the Department one year from the date generated. The County Counsel however, shall retain a copy of Performance History Audit Reports for an additional one year period as attorney work product.

Anti-Retaliation

1029.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1029.2 POLICY

The Imperial County District Attorney has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1029.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1029.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Investigations or the County Director of Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1029.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Investigations via the chain of command and explaining to the member how the complaint will be handled.

- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1029.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Investigations should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1029.7 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Bureau for investigation pursuant to the Personnel Complaints Policy.

1029.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Agency shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

Anti-Retaliation

1029.8 RECORDS RETENTION AND RELEASE

The Legal Office Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1029.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Supervisor responsibilities include, but are not limited to:

- (a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

Illness and Injury Prevention

All significant actions taken and dates they are completed shall be documented on an Identified Hazards and Correction Record form. This form should be forwarded to the Administration Division Commander via the chain of command.

The Administration Division Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1030.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administration Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1030.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Members shall complete the Identified Hazards and Correction Record form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

Illness and Injury Prevention

1030.9 TRAINING

The Administration Division Commander should work with the Training Manager to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

Imperial County District Attorney

Policies

Illness and Injury Prevention

1030.11 SECTION TITLE

1030.12 SECTION TITLE

Line-of-Duty Deaths

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Imperial County District Attorney in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Investigations may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1031.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1031.2 POLICY

It is the policy of the Imperial County District Attorney to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1031.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Line-of-Duty Deaths

- (d) The Chief of Investigations or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1031.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Investigations or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Investigations, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Investigations or the authorized designee once survivor notifications have been made so that other Imperial County District Attorney members may be apprised that survivor notifications are complete.

1031.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Investigations.

1031.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Investigations are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

Line-of-Duty Deaths

1031.6 LIAISONS AND COORDINATORS

The Chief of Investigations or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1031.6.1 DEPARTMENT LIAISON

The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Investigations. The Department Liaison's responsibilities include, but are not limited to:

- (a) Directing the other liaisons and coordinators in fulfilling survivors' needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
- (b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.

Line-of-Duty Deaths

- (h) Coordinating security checks of the member's residence as necessary and reasonable.
- (i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1031.6.2 HOSPITAL LIAISON

The Hospital Liaison should work with hospital personnel to:

 - 2. Department members and friends of the deceased member.
 - 3. Media personnel.
- (b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member's survivors or Imperial County District Attorney members (except for members who may be guarding the suspect).
- (c) Ensure that survivors receive timely updates regarding the member before information is released to others.
- (d) Arrange for survivors to have private time with the member, if requested.

- (e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.
- (f) If applicable, explain to the survivors why an autopsy may be needed.
- (g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member's equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1031.6.3 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

Line-of-Duty Deaths

The Survivor Support Liaison should be selected by the deceased member's Division Commander. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
- (b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.

 - 1. Items should not be delivered to the survivors until they are ready to receive the items.
 - 2. Items not retained as evidence should be delivered in a clean, unmarked box.
 - 3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
 - 4. The return of some personal effects may be delayed due to ongoing investigations.
- (f) Assisting with the return of department-issued equipment that may be at the deceased member's residence.
 - 1. Unless there are safety concerns, the return of the equipment should take place after the funeral at a time and in a manner considerate of the survivors' wishes.
- (g) Working with the CISM coordinator to ensure that survivors have access to available counseling services.

- (k) Introducing survivors to prosecutors, victim's assistance personnel and other involved personnel as appropriate.
- (l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).
- (m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1031.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

The CISM coordinator should work with the Chief of Investigations or the authorized designee, liaisons, coordinators and other resources to make CISM and counseling services available to members and survivors who are impacted by a line-of-duty death. Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.
